Ford halts Reagan; Brown stuns Carter

From Herald news services

President Ford brought Ronald Reagan's comeback to a rude halt Tuesday with landslide primary victories in Michigan and Maryland that received talk of a Ford first ballot GOP nomination.

California Gov. Edmund Brown Jr. put himself into the Democratic picture, upsetting Jimmy Carter in Maryland. But the front-running Georgian got his 14th primary victory in Michigan, a narrow win over Morris Udall.

The two states' voting left Reagan ahead of the President in the delegate race for the GOP nomination, but Ford had clearly put his campaign back on the track after losing five of the last six primaries to the former California governor.

Carter went over the 700 delegate mark, but his second loss in as many weeks to a "new face" challenger stirred talk of a deadlocked Democratic convention.

In Michigan, with 85 per cent of the state's 6,331 precincts reporting it was:

REPUBLICANS

Cand.	Votes	Per Cent
Ford	581,888	65
Reagan	305,412	34

DEMOCRATS

Cand.	Votes	Per Cent
Carter	255,857	44
Udall	244,475	42

In Maryland with 99 per cent of the state's 1,546 precincts reporting:

REPUBLICANS

Cand.	Votes	Per Cent
Ford	94,498	58
Reagan	68,766	42

DEMOCRATS

Cand.	Votes	Per Cent
Brown	283,613	49
Carter	216,418	37

Ford's campaign manager, Rogers Morton, said a first ballot nomination at the GOP convention is a "possibility as the result of the double primary wins.

Illinois Ford supporters, who earlier in the day confessed nervousness about the outcome of the Michigan primary expressed delight with Ford's win.

William Heffernan of Arlington Heights, who was high vote-getter among Ford delegates elected from the 12th Congressional District, said: "I think the Maryland and Michigan primaries are much more reflective of the Republican mood throughout the primary than Texas was."

Harold Smith Jr., another Ford delegate and Barrington Township GOP committeeman said: "The campaign may have returned to what it ought to be about — the President's good job."

LOCAL REAGAN backers minimized the importance of Reagan's defeat. "I don't think it means anything but that the favorite son won his own state." said Bernard Pedersen, Palatine Township Republican Committeeman.

State Rep. Donald Totten, R-Schaumburg, state campaign director for Reagan during the March 16 Illinois primary, said Reagan's showing actually means he will pick up more delegates than his supporters had originally expected.

Carter was not upset by his loss in Maryland. He said that he will come out of Tuesday's primaries with 900 delegates "and that is a conservative projection."

Late Tuesday night, the delegate summary as a result of voting in presidential primaries in Michigan and Maryland was:

REPUBLICANS

Candidate	Mich. Del.	Md. Del.	Prev. Tot.	New Tot.
Reagan	29	0	495	524
Ford	55	43	357	455
No. Pref.	0	0	337	337

Total chosen to date: 1,316
Needed to nominate: 1,130

Ryan asks rail cargo law study

Arlington Heights Village Pres. James T. Ryan is enlisting the aid of Illinois Atty. Gen. William Scott in reviewing state regulations governing the shipment of potentially hazardous and toxic chemicals.

Ryan said the review is necessary to prevent a "tragedy with a capital T" as the result of a chemical spill in a highly populated area.

Ryan and Scott met briefly Tuesday to discuss problems surrounding the shipment of the chemicals in the state.

An aide to Scott said the attorney general was "encouraged" by the concern expressed by Ryan about the situation.

RYAN SAID HIS action was prompted by the derailment Sunday in Glen Ellyn of a Chicago and North Western Ry. freight train carrying anhydrous ammonia. The resulting leak forced the evacuation of 1,000 residents and there are reports that the fumes polluted nearby lakes and contaminated the town's sewer system.

The cause of the derailment, on welded tracks rated for speeds up to 60 m.p.h., is still under investigation.

Ryan said although shipment of the hazardous chemicals cannot be stopped, regulations must minimize the possibility of another accident creating a major disaster.

"If, God forbid, we would have a wreck at (the tracks and) Arlington Heights Road at 10:30 on a Saturday morning, Jim Ryan would be presiding over a disaster. And I'll be goddamned if I preside over a disaster if it can be prevented," Ryan said.

RYAN SAID HE would be meeting further with Scott and said he planned to contact mayors throughout the state to gather support for an examination of the controls on the potentially dangerous chemicals.

Scott's office, which is pushing for tighter state control of shipment of the substances, said no other towns had expressed concern about the materials being carried by rail and trucks daily. A spokesman said they "would be interested" in getting statewide involvement in the review of the controls.

"A lot of people really aren't aware of the volume of these materials being transported every day throughout the state," the spokesman said.

The Arlington Heights legal department was directed Monday by Ryan to contact U.S. Senators Adlai Stevenson and Charles Percy about the potential problems of transporting the chemicals and the controls over the shipments.

"This is a major population center, with a major railroad and highways going right through it . . . We are very concerned about what they (federal agencies) are doing and what we can do," said Ernest Blomquist, assistant village attorney, who drafted the letters to the senators.

Trustees to help select police chief replacement

The Arlington Heights Village Board will act as part of the final screening committee that will select a replacement for retiring Police Chief L.W. Calderwood.

Village Pres. James T. Ryan said the board, acting as a committee-of-the-whole, will take part in the final round of interviews of candidates for Calderwood's post. Ryan said the five-member committee, yet to be named by Village Mgr. L.A. Hanson, will do the initial "winnowing and sifting," but the board will take an active role in naming the new chief.

Ryan said after the special committee has narrowed the field to three to five finalists, the village board will join with the committee for the last round of "face-to-face" interviews.

Village ordinances call for the village manager to be responsible for hiring and firing of all department heads.

Because of the "sensitive" nature of the police department, Ryan said, "We have to take this special step despite the ordinances."

He said he hoped the endorsement of the new chief would be a unanimous one by the committee, the trustees and Hanson.

The 72-year-old Calderwood plans to retire July 30, the 48th anniversary of his start in police work. He has been in command at Arlington Heights for almost 20 years.

Outside negotiator asked in pay talks

Des Plaines will hire outside labor negotiators in an attempt to win a better settlement in contract talks with city police, fire and public works unions. Negotiators will provide additional expertise to the city's bargaining position in contract talks and may save the city money, said Ald. Charles Bolek, 3rd. Negotiations are currently handled by City Atty. Charles Hug, Mayor Herbert H. Behrel and various department heads. "We are doing this because we don't think city employes, when negotiating with other city employes, tend to have the fiscal responsibility that an outside negotiator would have," Bolek said. "They have no incentive to hold down spending because they would be getting the same raises as the employes they are negotiating with."

Police seek weapon in lake

A Cook County Grand Jury will hear testimony this week from several persons in the investigation of the murders of Frank Columbo and his family of Elk Grove Village. More subpoenas will be issued next week, the state's attorney's office said Tuesday. Assistant State's Atty. Terry Sullivan, directing the jury inquiry, said eight witnesses have been heard so far this week. Meanwhile, authorities said they would seek a court order to drain a man-made lake in the Lombard apartment complex where Patricia Columbo lived because it is believed the gun used in the murder was thrown from the woman's apartment into the lake when she was arrested. Miss Columbo, 2015 S. Finley Rd., Lombard, is charged with murder and the conspiracy to commit murder in the triple slayings of her parents, and brother, Michael, 13, whose bodies were found in their Elk Grove Village home May 7. Frank and Mary Columbo, along with their son, were found shot, stabbed and bludgeoned to death. Miss Columbo is being held without bond pending a June 4 court appearance in Niles.

Milwaukee Ave. to be resurfaced

Wheeling officials have signed an agreement with the Illinois Dept. of Transportation calling for the reconstruction of a one-mile stretch of Milwaukee Avenue through the village. Village officials said the state will finance the work, but Wheeling must agree to maintan the improvements once they are completed. Greg Peters, administrative assistant in the transportation department, said plans call for improvements to the road beginning 2,150 feet south of Lake-Cook Road to 1,775 feet south of the intersection of Dundee Road. Under the improvement program, the road will be resurfaced and strengthened, and a left-turn lane installed at Dundee Road.

Schaumburg may lose statue bid

Confusion over a bid deadline may have shattered Schaumburg's chances of obtaining a 64-foot statue of Abraham Lincoln. Owners of the statue in Downstate Charleston said the monument probably will be given to nationally known comedian Pat Paulsen free of charge. Reinhardt Luebbers, president of the Schaumburg Historical Society, said a letter he received from officials in Charleston set a bid deadline for July 1 for ths statue. William Browning, executive president of the Charleston Chamber of Commerce, contends the deadline was May 12. "There definitely has been a mistake made," said Luebbers. "This certainly puts a new light on things."

By suburban, Downstate lawmakers

$67.5 million school aid blocked

by STEVE BROWN

SPRINGFIELD — Suburban and Downstate lawmakers combined Tuesday to block the first attempt by Chicago Democrats to approve a $67.5 million supplemental school-aid appropriation bill for the current fiscal year.

The bill, which failed 75-72 with 19 representatives voting present and 11 not voting, was put to the test after nearly 90 minutes of debate. State Rep. Arthur Berman, D-Chicago, the bill's sponsor, postponed final consideration of the measure so another vote can be taken later in the session.

The legislation is an attempt by the Illinois General Assembly to restore funds vetoed by Gov. Daniel Walker last year. The House voted to override Walker's veto of school-aid funds but the Senate failed to override the veto by four votes.

Berman's bill needs 89 votes to gain House approval. The bill must also be approved by the Senate and signed by the governor before the state aid can be given to school districts.

MANY DOWNSTATE legislators argued their areas did not get a fair share of the school money. Berman said Chicago schools will only get about 30 per cent of the funds with the remainder going to suburban and Downstate school districts.

Suburban Republicans opposed the measure, and were joined by several local Democrats including State Rep. Eugenia Chapman, D-Arlington Heights, and State Rep. Richard Mugalian, D-Palatine. Other area Democrats, State Rep. Harold Katz, D-Glencoe, and State Rep. Aaron Jaffe, D-Glenview, favored the bill. State Rep. Ted Leverenz, D-Maywood, voted present on the bill.

During the lengthy debate on the measure, Berman told the House the state has enough funds to pay for the bill. However, a large number of legislators charged approval of the bill represented a step toward a state income tax increase.

State Rep. Clyde Choate, D-Anna, said after the vote, that downstate lawmakers who voted present on the bill were willing to discuss a compromise solution.

ALTHOUGH BERMAN said the state will have a $130 million cash balance at the end of the fiscal year, several state financial experts have predicted a budget deficit if the appropriation bill is approved.

Chapman and Mugalian had said before the vote that they would oppose Berman's bill because the state does not have enough money to pay for it.

In other action, the House, through a series of amendments tacked most of the other current education bills into a single measure sponsored by Jaffe. The amended bill includes provisions to allow school districts with declining enrollments to use their past three years' attendance figures for computing school-aid payments. The bill also carries a section to eliminate the requirement that school districts reduce their real estate tax rate as state education funds increase. Another section of the bill allows school districts to include transportation costs with other education funds for computing how much state aid they will get.

Kerner buried amid pomp and circumstance

ARLINGTON, Va. (UPI) — Otto Kerner, former Illinois governor, was buried Tuesday with full military honors and no mention of the jail sentence that ended his career as a federal judge.

Kerner, 67, was buried in Arlington National Cemetery with the honors due a retired army brigadier general. He died May 9 in Chicago still asserting his innocence of charges that he traded political favors for race track stock.

A U. S. appeals court judge at the time, Kerner was convicted of bribery charges and served part of a jail term until granted an emergency parole, arguing that his confinement was ruining his health.

SEN. CHARLES H. Percy, R-Ill., an old political opponent, and Sen. Adlai E. Stevenson, D-Ill., whose father was one of Kerner's political allies, attended the funeral. Also in the crowd of about 150 was Roy Wilkins, retiring head of National Assoc. for the Advancement of Colored People.

Kerner's name gained national prominence, when, as governor of Illinois, he headed the commission that reported America was breaking into two separate societies, one black and one white.

Kerner entered politics as "the Mister Clean of Illinois" and was elected state auditor and then governor.

It was after he left the governorship that a federal grand jury investigating political corruption concluded that Kerner had been involved in race track scandals.

Color it beautiful...

Leftists OK Arab League mediation in Lebanon rift

BEIRUT, Lebanon (UPI) — Moslem leftists said Tuesday they would accept Arab League mediation, but not military intervention, in Lebanon. Artillery shelling killed 337 persons and wounded 850 in the deadliest 48 hours of the war.

The leftists also said Libya supported their demands for the withdrawal of Syrian forces from Lebanon.

The leftists met under Socialist leader Kamal Jumblatt late Tuesday, then issued a statement saying, "We support every Arab political attention to the Lebanese crisis.

"But we do not approve of any Arab stand which aims at sanctioning the Syrian military presence in Lebanon or providing it with Arab political and military cover.

"We still hope that our cause, which is as just and clear as the light of the sun, would be raised at the Arab League," Jumblatt said.

The leftist statement was addressed directly to Wednesday's four-party Riyadh conference, bringing together Egypt, Syria, Kuwait and Saudi Arabia, all principal members of the 20-nation Arab League.

Political sources said a possible "Arabization" of the Lebanese conflict would be a major item in the Riyadh talks, aimed primarily at healing the Syrian-Egyptian rift.

Libyan premier Abdel Salam Jalloud, the latest would-be peace negotiator to intervene in Lebanon's 13-month-old civil war, ended talks with Moslem leftist and Palestinian leaders in Beirut and returned to Damascus to meet once again with Syrian President Hafez Assad.

Jalloud's visit helped ease a savage outbreak of fighting which raged for two days and left 337 persons dead and 850 wounded.

Moslem leftist and Christian rightist forces slammed rockets and mortars at each other and into residential areas in the heaviest artillery fire of the civil war.

The shelling subsided during the middle of the day, and citizens emerged from their shell-pocked homes for the daily chores of joining bread lines and scurrying to briefly-opened markets for vegetables.

By dusk, however, the streets were deserted once more as no one was convinced a supposed cease-fire, the 30th of the war, would hold.

Beirut radio, which is controlled by the Moslem rebel "Lebanese Arab Army," reported Jalloud "stood strongly" on the leftist side and supported all their demands for ending the war, including complete Syrian withdrawal.

Jalloud made no comment after his Beirut talks and political sources said the fact he had returned to Damascus would indicate there was still some room for negotiations.

Pierre Gemayel, leader of the Christian right-wing Phalangist party, said Libya committed a "great crime" against Lebanon because Jalloud had heard only one side of the Lebanese story.

Political sources said Jalloud's mission to Lebanon had been to try and repair the damaged relations between Syria and the leftist-Palestinian alliance over the issue of Syrian troops in Lebanon.

POLICE IN JERUSALEM, with batons in hand, charge Arab demonstrators. One youth, Mahmoud Al-Kurd, was killed and dozens arrested in clashes with rock-throwing Arab crowds in alleys of the walled Old City. Because of the deaths, the Israeli command is rethinking crowd control tactics.

Giscard tells Congress:

France a loyal NATO ally

WASHINGTON (UPI) — President Valery Giscard d'Estaing told an applauding Congress Tuesday that France is a loyal NATO ally and America should not "fear freedom" in Western Europe, where Communists have been making political gains.

"You do not fear freedom for yourself," Giscard said to rising applause in a bicentennial address to a joint meeting of the House and Senate. "Do not, then, fear it for your friends and your allies.

"An independent and organized, prosperous European Community is the best partner for the United States and a guarantee for the world of stability, development and peace."

He did not spell out the background of his "fear freedom" reference, but U.S. officials have expressed concern over the rising power of Communist parties in Italy, France and NATO nations.

The tall, elegant French aristocrat got a minute-long standing ovation as he entered the House chamber for the ceremonial speech, following a morning meeting with President Ford at the White House.

He read from a green-bound folder in slow, measured English and was interrupted seven times by applause, including a warm response for his pledge that, despite American suspicions, France remains "loyal to her commitments."

"She will continue to contribute to the effictiveness of the Atlantic Alliance, of which she is a part," he said.

Much of the Franco-American friction of recent years stems from resentment of the late President Charles de Gaulle's decision to oust NATO headquarters from France and withdraw his armies from the integrated military command. Giscard appeared to chide Americans for lacking confidence in France.

"Show the same conifdence in us that we have in you," he said.

He also defended the need for Western "detente" with the Soviets — using the French word President Ford now shuns — and said efforts to avert East-West conflicts through diplomacy show strength, not weakness.

FRENCH PRESIDENT Valery Giscard d'Estaing is applauded by Vice Pres. Nelson Rockefeller, left, and House Speaker Carl Albert as he takes rostrum to address a joint session of Congress Tuesday.

Claim throngs of Americans probed by CIA

WASHINGTON (UPI) — The CIA spied on thousands of Americans for eight years under orders from two presidents, who were skeptical when its investigation failed to show that foreign governments were manipulating antiwar protests, a Senate staff report said Tuesday.

Both Presidents Lyndon B. Johnson and Richard M. Nixon ordered the agency to go back and try harder when it reported protests against the Vietnam war were not being orchestrated in foreign capitals.

The spying began under Johnson in 1967 and continued under Nixon with the code names "CHAOS" "Merrimack," and "Resistance," according to the Senate intelligence committee study.

$1.2 million system charts Concorde noise

Seeking facts to settle the Concorde supersonic transport controversy, the U.S. government unveiled a $1.2 million system Tuesday to chart noise and air pollution around the clock once SSTs start landing in the United States next week. Federal Aviation Administration chief John L. McLucas said new monitoring stations at Washington's Dulles Airport, in eight communities near the airport and at four sites along the East Coast will provide "the closest environmental scrutiny in aviation history."

Levi hunts busing case for high court

The White House Tuesday disclosed President Ford has asked Atty. Gen. Edward Levi to seek an appropriate school desegregation case in which to ask the Supreme Court to "re-examine busing as a remedy." Press Secretary Ron Nessen said Ford has left the selection of the case entirely to Levi, and the President is not involved in whether Levi will choose the Boston school case as the one. Word that Levi was considering urging the Supreme Court to review the Boston case brought protests by NAACP officials who said it would encourage more violent resistance to the court orders.

The world

Isabel Peron ordered to Buenos Aires

Former Argentine president Mrs. Isabel Peron was ordered to Buenos Aires Tuesday for questioning on corruption charges. Elsewhere an escape attempt, the dynamiting of an army ambulance and a shootout left seven guerrillas and three soldiers dead. The killings brought the death toll in Argentina's political violence to 369 for the year. Federal Judge Tulio Garcia refused to comment on the case, beyond his confirmation May 7 that Mrs. Peron and her former confidant Jose Lopez Rega will be tried for alleged mishandling of public funds.

Ragtag peasant army marches toward Eritrea

Thousands of Ethiopia's ragtag peasant army marched toward Eritrea Tuesday and the government warned "time is fast running out" for a peaceful solution to the 14-year-old Moslem rebellion there. The peasants, armed with ancient British and Belgian rifles and estimated to number anywhere from 6,000 to 40,000, left Addis Ababa on their long trek north to Eritrea, sources said.

Miami newsman will replace TV's Kalber

• **Ron Hunter,** 38, news anchorman at WPLG-TV, Miami, will replace veteran **Floyd Kalber** as the anchorman on WMAQ-TV, the NBC-owned station in Chicago, it was reported Tuesday. Media sources confirmed Hunter has accepted the job for an estimated $125,000 a year. He will replace Kalber, a 16-year veteran of the local station, at the end of the current season. Kalber, sources said, has been offered a job with NBC in New York to work on the Today show.

• Golfer-pilot **Arnold Palmer** ran into strong headwinds Tuesday and fell two hours behind schedule Tuesday, but officials said his jet still should have little trouble in setting an around-the-world time record. Palmer, 46, left Denver Monday on the 22,975-mile trip and predicted he could finish in 60 hours. The previous time for a business jet is 86 hours, nine minutes.

• Dr. **Wernher von Braun,** the space pioneer, is being treated in an Alexandria, Va. hospital for an undisclosed ailment, a hospital spokesman said. Von Braun, who headed the team that designed the Saturn V rocket, was discharged from the hospital May 10, but readmitted May 14.

5 members of FEC panel confirmed

WASHINGTON (UPI) — The Senate Tuesday confirmed five members of the new Federal Elections Commission and all but cleared the way for a $3.4 million outpouring of federal campaign funds to debt-ridden presidential candidates.

Resumption of FEC activities — including distribution of backed-up matching campaign funds — awaited only the swearing in of the five members by President Ford.

Meantime, Chairman Howard Cannon of the Senate Rules Committee said his panel would hold speedy confirmation hearings Thursday or Friday on the sixth and last FEC member — former Republican Congressman William Springer of Illinois.

However, since the new federal election law says the FEC may take any action on four affirmative votes, it appeared the panel does not need Springer to approve release of the $3.4 million in matching funds already certified by the FEC staff.

Ford Monday appointed the other five — all members of the original FEC, which was reconstituted to meet Supreme Court objections — and the Senate waived normal review procedure to confirm them without delay.

Those reconfirmed, without objection and by voice vote, were Neil Staebler of Michigan for a term ending April 30, 1977; Vernon Thomson of Wisconsin and Thomas Harris of Virginia for terms expiring April 30, 1979; and Joan Aikens of Pennsylvania and Robert Tiernan of Rhode Island for terms ending April 30, 1981.

Ford also named Springer as a new member to fill the vacancy left by former FEC chairman Thomas Curtis of Missouri, who declined reappointment because Congress weakened the commission's independent decision-making powers as part of the new reform law.

The Supreme Court declared the original commission unconstitutional because not all its members were presidential appointees, but Congress made other changes when it remedied that defect.

Cannon said no witnesses have yet indicated opposition to Springer and he expects the nomination to be approved by the committee "forthwith." The FEC will name its own new chairman once Springer joins it.

The matching campaign fund requests have been stalled since March 23, when the FEC lost its disbursement powers pending passage of the reform law.

Shake West Coast out of earthquake apathy: Richter

PASADENA, Calif. (UPI) — Dr. Charles Richter, whose name is synonymous with earthquakes, has a standard reply when people ask him when California can expect its next big quake.

"Tomorrow morning," he replies.

Richter is jesting, of course, (we hope), but his answer is a dramatization of his ardent belief that the West Coast must be shaken out of its apathy to the extent that it tears down literally thousands of creaky buildings that could be death traps.

The Los Angeles area last month got a warning from Dr. James H. Whitcomb, a geophysicist at Cal Tech's seismological laboratory, that an earthquake as great as the 1971 quake is likely any time within the next 12 months.

Richter, who headed the laboratory until his retirement in 1970, does not make such a precise prediction but he defends Whitcomb against those who criticize him as an alarmist whose warning serves only to create anxiety.

"It is true that there is not much the average person can do about preparing for an earthquake," he said in an interview in his suburban home.

"Nature's castastrophies are unavoidable in whatever form they come. So far as earthquakes are concerned, you can do things like removing heavy objects from top shelves and making sure that the chance of fire is reduced to a minimum."

Richter, now 76, himself lives only a mile from a foothill fault and he certainly is not advocating that people flee en masse from the nation's most populous state.

"But what we can do is shake government administrators out of their complacency," he said. "Studies have shown that in past earthquakes 90 per cent of the loss of life resulted from collapse of structures that any engineer could hav established were unsound — public buildings, old industrial plants, tenement rows."

Richter will go down in history as the creator of the "Richter scale" — a complicated measurement of the magnitude of a quake at its epicenter based on seismological readings from a number of points at widely varied distances.

Richter had been appointed head of the seismological laboratory in 1927. He knew virtually nothing about earthquakes, was doing graduate work in physics but took the job mainly because it enabled him to stay in his home area of Pasadena.

"In 1932 we were compiling a catalogue of earthquakes we had recorded and these were so many that we decided there should be some differentiation of their magnitude. It was just sort of haphazard that we came up with the formula that later became the Richter scale."

The scale does not go from zero to 10 as is often reported. It is open-ended, so that the theoretical scale of 10 would mean infinite disaster on earth. The two largest quakes ever recorded measured 8.9.

The first occurred in 1906 off the coast of South America and the second in 1933 off Japan. The 1906 magnitude was fixed on the basis of readings of instruments that were so accurate in 1900 that they still are being used today.

More tremors jolt Soviet Asia

MOSCOW (UPI) — More tremors shook Soviet Central Asia Tuesday but they were less severe than the series of earthquakes that struck on Monday, the Tass news agency said.

Tass released no specific casualty or damage estimates, but said medical supplies had been rushed to one town most severly affected, suggesting extensive injuries.

The earthquake struck thousands of square miles of the Soviet republic of Uzbekistan with a force estimated at 9 on the 12-point Soviet scale, a level more destructive than the quake that devastated northern Italy May 6.

Tass said some buildings in the ancient city of Bukhara were destroyed, mostly in old sections of the town but that the heaviest damage was concentrated in Gazli, 30 miles from Bukhara not far from the Afghanistan border.

Tass said relief crews rushed to Gazli from neighboring towns with construction material, food and medical relief.

Revival of the blacksmith's art

Forging a high school class with iron-clad rules

by KATHERINE BOYCE

"Under the spreading chestnut-tree
The village smithy stands;
The smith a mighty man is he
With large and sinewy hands"
Henry Wadsworth Longfellow, 1842

The village blacksmith is a folk hero from the days of agrarian society, horse-drawn buggies and kerosene lamps.

But the nearly lost art of blacksmithing has been revived in the Northwest suburbs in a class at Forest View High School.

The one semester course, "Ornamental Iron," is a modification of the old-fashioned blacksmith craft. Instead of using an expansive forge to heat metals, the 11 boys and 2 girls in the class use acetylene torches to make a variety of ornamental objects — scrollwork, trivets, candle and cup holders, and jewelry made from steel and brass inlays.

MANY PERSONS associate blacksmithing with shoeing horses, said teacher Tom Heckenbach, because "at one time the blacksmith was the horseshoer because he was the only one around to do it."

The blacksmith's skills are much broader. He makes all sorts of objects from iron. "The biggest thing that characterizes a blacksmith is he is inventive as all get out," Heckenbach said. Most of Heckenbach's work is done from scratch, and no two pieces are alike.

Every village had a blacksmith who ran a "general fix-it shop," repairing farmer's tools and making hardware items, Heckenbach said. Today the only working blacksmith in the area is in Chicago, although smiths still are found in some small towns and in Amish communities, he said.

Blacksmithing differs from welding in that welders simply join ready-made pieces together, Heckenbach said.

A blacksmith heats metals white-hot in a forge and then hammers and shapes them.

HECKENBACH, 32, worked as a blacksmith during high school earning money by making bailing hooks and ıorks for local farmers. He taugh himself some skills with his father's help and that of a local blacksmith. Later, while attending Illinois Benedictine College, he learned the rudiments from a brother in the monastery who was a blacksmith before joining the abbey.

Heckenbach's lifestyle dates back to the days when blacksmiths were common. He lives alone in his home in Palatine, which is lighted by kerosene lamps and heated by a pot-bellied stove fueled with wood he chops himself.

Blacksmithing is a hobby for Heckenbach. He has duplicated a hinge for a 200-year-old house in Ohio and still makes odds and ends for himself.

"I enjoy doing it. It's very satisfying to take a piece of anything and turn it into something useful," he said. He uses old car springs, reinforcing rods, gas pipes, machine shafts, auto axles, "anything I can lay my hands on," as sources of metal, he said.

Heckenbach is thinking of building a forge in his garage and starting a blacksmithing business.

HECKENBACH'S ENTHUSIASM is catching on with his students. "They are very fascinated by the whole affair," he said. "Some of them are getting fairly proficient at it."

One student in Heckenbach's class made a three-foot metal cross from small, intricate pieces of metal and gave it to his grandmother as an Easter gift. The students are working on a metal "quilt" wall hanging that they plan to give to the school to decorate the school office. Each student is making a section of the "quilt," which will be completed and put together at the end of the term.

"Some of these kids have discovered that their work is salable," and are flooded with orders, Heckenbach said. The training that students receive in Heckenbach's class could prepare them for jobs in wrought-iron work, he said. It may even cause a few to become village blacksmiths.

TOM HECKENBACH, Blacksmith by hobby, now teaches the trade to students in his class at Forest View High School.

Pending branch bank suit

Teller machines still in operation

Automated teller machines will remain in operation at community service offices of the First National Bank of Chicago, pending the resolution of a federal suit to determine whether the machines violate state and federal branch banking laws.

The community offices were the subject of suit filed two weeks ago in federal court by the Independent Community Banks in Illinois, an organization of 246 smaller banks. The suit charged the offices, which also provide account information and took applications for new accounts and loans, violated Illinois prohibitions against branch banking.

The machines are the remnants of a short-lived plan by the First National Bank to open offices in 10 locations, including the Evergeen Court Shopping Center in Arlington Heights.

to deal with the two questions sepa-

for closing of the offices and payment of the banking organization's legal fees by the Loop bank.

A spokesman for the First National said the bank chose to settle on the branch office issue because it wanted rately.

THE SUIT WAS settled out of court Friday, with the agreement calling

"You could say we just postponed the meeting of the issue head-on. But we still stick by our position that the offices are not branches of the bank," the spokesman said.

A hearing will be held May 24 in the 7th District U. S. Court of Appeals on the legality of the automatic teller machines. An earlier decision found the machines in accord with the state's branch banking acts, but that finding is being contested in the hearing next week.

HOWEVER, ROBERT Wingert, ICBI executive director, said other courts have held that the machines do constitute bank branches. Wingert said a bankers' group is asking the federal comptroller of the currency to issue a "cease and desist order" which would label the machines as branches.

The settlement between the First National and the ICBI allows the machines to remain in operation until the issue is settled through the courts. The settlement also permits the bank to reopen the offices after giving 15 days notice.

The bank spokesman said the action would be "inviting" further suits.

Wingert said the First National "would be nailed to the wall" if they attempted to reopen the 10 offices.

The local scene

Blood-pressure tests

The Arlington Heights Nurses Club will sponsor a "blood pressure alert" Saturday as part of National Blood Pressure Month.

Residents can have their blood pressure checked free from 10 a.m. to 3 p.m. at the Arlington Heights Memorial Library, 500 N. Dunton St., and at the Jewel Food Store, 122 N. Vail Ave. Blood pressure tests also will be given at the Northpoint Shopping Center, Arlington Heights and Rand roads from 10 a.m. to 5 p.m.

Girl Scouts to capital

Nineteen Arlington Heights Girl Scouts will enjoy the results of a year's work and planning Saturday when they journey to Springfield.

Cadette Troop 152 has held garage sales, boutiques and bake sales to raise funds for the two-day trip.

Church annex dedication

The dedication of phase II annex of St. Peter Lutheran Church, 111 W. Olive St., will be from 6 to 8 p.m. Sunday.

The annex includes an activity center, meeting center, youth room, band room, locker room and classrooms.

Educator honored

Richard G. Etherton of Arlington Heights was elected "Man of the Year" by the Chicago Metropolitan Round Table of Industrial Education.

Etherton is the division head of practical arts at Prospect High School.

Complex to host June luau

A Hawaiian luau in June is planned by the residents of Stonebridge Apartments in Arlington Heights.

The luau will be part of the monthly dinners at the complex. In May a T-Bone steak and pot-luck dinner was attended by more than 80 residents. Karen Welhausen, 700 W. Rand Rd., won a free week's rent at a raffle at the dinner.

"The Bus Stop Revue" will be presented at 2:30 p.m. June 6 by the Windsor Woods Junior League at the Americana Healthcare Center in Arlington Heights.

"The Bus Stop Revue" also will be presented at 8 p.m. Saturday in the Windsor Woods Apartments Club House, 2626 N. Windsor Dr., Arlington Heights. The public is invited. For more information, call 398-0750.

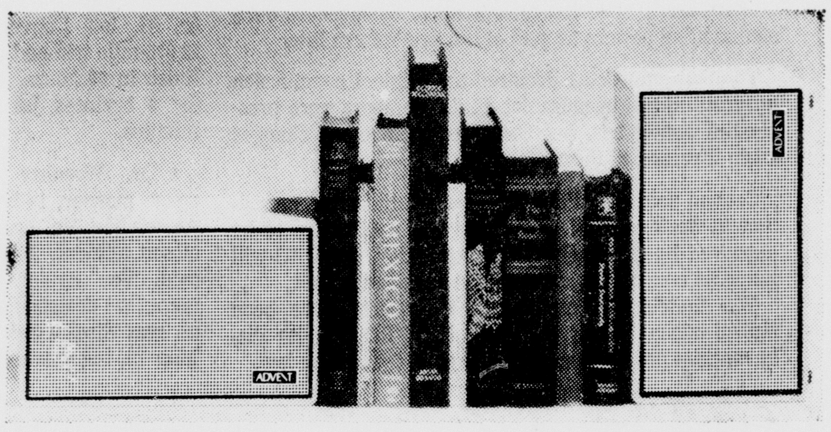
You Can't Find a Good Speaker That's Smaller or Less Complicated or Less Expensive Than This One.



The new Advent Model 400 Speaker is a miniature, acoustic-suspension speaker system with amazing sound for its size and cost. It doesn't have the frequency range and power handling of Advent's bigger, more expensive speakers, but it has more and better sound than you have any reason to expect from something so simple and non-money-consuming.
With a pair of Advent 400's, you can put together a good-sounding stereo system at a very modest price. Or, used as extension speakers with your present system, a pair of 400's can open the door to musical enjoyment in rooms you've always thought were too small or too crowded to accommodate good speakers. You won't have to sing in the shower any more.
The 400 is also available as part of Advent's astounding FM table radio. Whatever application you have in mind for a small, high-quality loudspeaker, come in and hear how good a pair of Advent 400's can sound.

Schools

Arlington Heights Dist. 25

The **Arlington Heights Council of PTAs** will meet at 9:15 a.m. today at Kensington School, 201 S. Evanston, Arlington Heights. The following officers will be installed: Esther Cole, president; Helen Mulkerrin, first vice president; Challis Johnson, second vice president; Lorry Hellstrom, secretary and Garnet Wirebaugh, treasurer.

Prospect High School's singing group, the Mellow Tones will entertain at the meeting. PTA council scholarships will be presented to Sue Mleko, Tom Maver, Mary Ellen Jachec, Margaret Annett and Scott Vermillion.

Luncheon at the Three Doves Restaurant, 208 E. Rand Rd., Mount Prospect, will follow the meeting.

* * *

A Bicentennial family picnic will be held at **Ridge School,** 800 N. Fernandez, Arlington Heights, from 11 a.m. to 4 p.m. Saturday. Everyone is asked to wear something red, white and blue and to bring their own lunch and blanket. Soft drinks and ice cream will be sold. Activities will include baseball, volleyball, games, races, dancing and a sing-along. In case of rain the picnic will be held Sunday.

Elk Grove Township Dist. 59

Matt Jennings, a fifth grade student at **Juliette Low School** in Arlington Heights, was the second place winner in a creative writing competition held by the Chicago Symphony Orchestra. He wrote a competition on a piece premiered at a recent youth concert.

St. Peter Lutheran School

The students of **St. Peter Lutheran School,** 111 W. Olive, Arlington Heights, will salute the Bicentennial by presenting "Our Country 'Tis of Thee." The choral pageant of American history will be performed at 7:30 p.m. Friday and Saturday in the school gymnasium. Tickets are $1.25 for adults and 75 cents for chldren and may be purchased at the door.

Village board wrapup

Railroad station planner selected

McCarthy-Hundrieser & Associates Inc. was hired by the Arlington Heights Village Board to plan the new downtown railway station scheduled to be built this fall.

The Arlington Heights architectural firm now must be approved by the Illinois Dept. of Transportation, which is providing the funds for the $180,000 building.

Stop sign installation this week

Stop signs will be installed this week at Waterman Avenue and Grove Street, making the intersection a four-way stop, as requested by residents in that area.

The public health and safety committee had recommended installing the signs because of the large number of children crossing the intersection en route to Kensington School.

Lot surface funding OKd

The village board has approved an agreement with the Illinois Dept. of Transportation to pay for the asphalt surfacing of the commuter parking lot planned for the Hill-Behan lumber yard site if its construction conflicts with the construction of the Arlington Heights Road underpass.

The Hill-Behan property will be appraised and then negotiations for its acquisition will begin.

Panel appointments approved

The village board approved three appointments: Joseph R. Kane to the Industrial and Commercial Development Commission; Stephen P. Carponelli to the Housing Commission; and Mert Taylor to the Bicentennial Commission.

Local man awarded plaque

Frank N. Hamilton, an employe of the Laseke Disposal Co., Monday received a plaque from the village board to commend him for his assistance in stopping a burglary earlier this month at the Jewel-Osco store, 50 W. Golf Rd.

Recreation, drainage to be improve

Retention basin may be enlarged

Arlington Heights officials are considering making the second Wilke-Kirchoff retention basin larger than originally planned to improve recreational conditions in the existing basin at Wilke and Kirchoff roads and in anticipation of future flooding problems in the area.

The citizens action committee against flooding has recommended plans for the second basin be revised, but the village board Monday decided to postpone approving the changes until more information is available from Stanley Consultants of Chicago.

The proposed enlargements will add approximately $300,000 to the $8 million project, according to Trustee Frank Palmatier, chairman of the flood committee.

Plans call for the second basin to be built immediately east of the present basin, which is on the southeast corner of the intersection of Wilke and Kirchoff roads.

THE SECOND BASIN needs to be larger than first planned because future improvements of Wilke Road will cause an additional burden on the existing basin, and because of soggy conditions in the basin now used for park district activities.

"It would be quite a bit more expensive, but I think we'd be well-advised to have whoever digs the new basin to dig it plenty deep," Palmatier said.

"We could do it later, but it would cost even more then, and we would have to tear up sod that had been put down. We really only have two alternatives — to do it now or do it later," he said.

Another way of taking part of the load off the present basin would be to build a diversionary channel between the two basins, which Palmatier said would be much less expensive.

ENGINEERS HAVE recommended that the second basin be made larger than planned for safety reasons, because the existing basin was not built under the stringent safety criteria now used in flood control planning, Palmatier said.

The load of water directed into the present basin will be further increased when Wilke Road is made a four-lane highway between Kirchoff Road and Northwest Highway, Palmatier said.

He predicted that project will occur within five years, though it is only "in the talking stage" now.

Another reason for digging the second basin deeper is so it will hold ground water now causing soggy conditions in the basin, Palmatier told the village board Monday.

"If the second basin is seven to eight feet deeper, the ground water that is now causing problems in the existing basin will be shifted over to the new basin," he said.

The basin is used for softball and soccer by the park district, but is often too marshy for use.

Lack of state funds cited

No summer school for Dist. 59

The summer school program planned for Elk Grove Township Dist. 59 has been canceled for this year because of the elimination of state funding.

The school board Monday voted 4-3 to cancel the summer program. Board members Judith Zanca, Charles Canupp, Lynn Helvie and Paul Kucharski voted to cancel the program, with Barbara Somogyi, Avis Wold and Emil Bahnmaier voting against the motion.

"We're in no financial shape to go with it. Therefore, we should disband it completely," said Mrs. Helvie. "Nobody's sorrier than I am, but it's taking away from our nine-month program."

Robert Brower, associate superintendent, said the district anticipated a deficit of about $65,000 if the program were maintained and no state aid received.

"IT'S SIMPLY TOO risky that we recommend running that type of debt for summer school," he said. Brower said recent decisions by the legislature and the governor indicate more reductions in state funding can be expected, so the district should drop the summer program.

Mrs. Wold asked whether the district could alter the proposed program for a "limited" summer school.

Brower said a remedial program supported by a tuition fee would cost about $50 per student for two morning classes.

"To try to step back and revise this program at this time — there really isn't time to do that," said Supt. Roger Bardwell.

THE BOARD ALSO took a poll of the more than 175 residents who attended the meeting. The audience overwhelming supported the decision to drop the summer school program.

Students who already have registered for the summer school program will have the tuition reimbursed by the district.

The administration also recommended that the board support the summer school program proposed by the Northwest Suburban Special Education Organization for physically and mentally handicapped children. The board deferred action on this recommendation until the administration received confirmation on the type of state funding that could be expected for the special education program.

Prospect High's 'Midsummer' opens Thursday

Prospect High School will present the Shakespearean comedy, "A Midsummer Night's Dream," Thursday, Friday and Saturday.

"A Midsummer Night's Dream" takes place in an enchanted forest and features a comic confusion of lovers, mistaken identities and magical charms.

Performances will be at 7 p.m. Thursday and at 8 p.m. Friday and Saturday in the Alvin E. Kulieke Theater, 801 W. Kensington Rd., Mount Prospect. Admission is $1 for the Thursday performance and $2 Friday and Saturday. Ticket information can be obtained by contacting Jim Hanert at the high school, CL 5-9700, ext. 244.

The play is directed by Patricia Lewkowicz and Jim Hanert is assistant director. Beth Galfer is technical director.

The 25-member cast features Sean Loeffel as Theseus, Mark Wagner as Egeus, Miles Marek as Lysander and Doug Scott as Demetrius.

Other cast members include: Rob MacCoun, Rick Lewis, Don Hoeg, Cliff Holm, Jim Recknagel, Rusty Ayers, Bob Rebsemen, Pam Cardoni, Linda Geniuz, Elenor McGee, Colette Kilroy, Robin Scott, Tom Larson, Jan Willmarth, Beth Meredith, Holly Ost, Laura Ostrowski, Mary Sue Winkelhake, Jenny Klinker, Mary Kay Kessinger and Vicki Kent.

Dist. 59 to discuss standardized tests

The Elk Grove Township Dist. 59 Board of Education will discuss plans for the district's standardized testing program today at 7:30 p.m. at the administration center, 2123 S. Arlington Heights Rd., Arlington Heights.

During the 1975-76 school year, the district started testing students with the Iowa Test of Basic Skills in the fall instead of in the spring. The district is reviewing the use of this test and the standardized test for reading skills used in the primary grades.

Merlyn Swanson, director of pupil personnel services, said he anticipates discussing the possibility of developing attitude tests and criterion reference tests, which test specific skills taught in the subject area.

MAKIN' TRACKS

Two strokes and four strokes, they don't sound the same. One's a screaming cat and the other an angry bear.

But they are motorcycles both and that's all that counts on a day when there are fluffy clouds above and challenging hills to climb.

They come in all sizes, these bikes and their bikers. But they take pride in themselves and pride in their ride.

From the smallest to the oldest, the thrills never change. When you've taken your bike up the hill, you're already better than those who still circle below.

Tensed for the final curve.

A rest between runs.

Prepared.

Homeward on a sea of clouds.

St. Viator's loss, monastery's gain

The name "Karl Donitz" was scribbled upon the chalkboard in tall, skinny letters. This man would come to trial today, charged with numerous war crimes.

In World War II annals, he was Adm. Karl Doenitz, Adolf Hitler's successor, the man who surrendered Nazi Germany to the Allied Forces on May 7, 1945.

At the Nuremberg War Crimes Trials, judges gave Doenitz a light sentence, 10 years imprisonment .

BUT WHEN HIS name came before a group of St. Viator High School students recently, it was possible that Doenitz could be found innocent.

This was history taught through role playing, as practiced by instructor Lee Auer, a man soon on the move.

The letter we received at The Herald, from one of his pupils, said Lee Auer is "no ordinary teacher" and a special friend.

"Good teaching," said Lee, "is showing the student you're concerned. You can word it many different ways, but you really show your students you love them and will work with them. Some days, that's very hard."

BUT HE WILL not teach next year at St. Viator, because Lee Auer has chosen to follow his "second career" — join a monastery and become a monk.

The monks expect him in early July at Marmion Abbey in Aurora, a Benedictine community of nearly 60 monks. There Lee will begin his five-year training.

LEE AUER

He is still a young man at 36 years old. Lee has traveled extensively through Europe and the United States. He has studied at Loyola, Creighton and Harvard universities plus the Loyola Center in Rome.

This much Lee Auer hopes people understand about his choice to join the Benedictine monks: He is not running away from life; he is pursuing a new challenge, one of prayer.

Today

Mike Klein's people

AS LEE SAID, "This order run a school (Marmion Military Academy) and does mission and retreat work. It's not just people sitting around looking at trees."

It means seling every material item that Lee owns, aside from a few books and records. And it means further dedicating himself to a life with Jesus Christ.

I suggested that some people might find that choice difficult to understand. Lee agreed.

"Kids say, 'Why are you running to the monastery?' " Lee said. "I tell them I'm not running. If I was not happy and I went, that would be a disaster.

"I'M GOING for growth in my religious life," Lee said. "I felt a calling."

Lee discussed joining a "counter-culture," one alienated from material life, a culture of dedication to Jesus Christ and bringing him deeper into your soul.

That decision was made last summer, although the idea occurred to Lee as early as his undergraduate days at Loyola University in Chicago.

It became a matter of fulfilling new desires. "After 14 years of teaching every level from first grade to college, I was not being totally rewarded," said Lee.

"I'VE TRAVELED everywhere I wanted in Europe. I've done most of the things I wanted to do. I was at wit's end what to do with my life."

An old boyhood friend from Des Plaines helped Lee with this decision. He is Father Vincent Bataille of Marmion Abbey. Lee visited his friend last summer.

The days are just a few weeks before Lee Auer enters Marmion Abbey. He does not think it would have been a successful move years ago.

"I've maintained myself. I've gotten all my degrees and worked multiple kinds of jobs," said Lee. "These are things I had to do.

"If I had joned the monastery before I did those, I would have been very malcontent," he said. "But I don't have those regrets."

There is always the chance that this might be the wrong decision. But Lee would never know if he was not willing to accept the risk.

As he said, "You try to do what you think is right."

Crane demands facts on Cubans in Panama

U.S. Rep. Philip M. Crane, R-12th, has filed a resolution in Congress demanding that the U.S. Dept. of Defense reveal whether there are Cuban troops in Panama.

Crane, who is the head of former California Gov. Ronald Reagan's Illinois presidential campaign organization, filed the resolution of inquiry Monday in response to reports out of Miami that there are 3,000 Cuban soldiers in Panama. Reagan has made the security of the Panama Canal Zone a major issue in his race against President Gerald R. Ford.

The Defense Department's press office officials said Tuesday they know of about 150 Cubans in Panama, mostly with the embassy. They said, they were "quite certain" reports about 3,000 soldiers in the area are inaccurate.

CRANE SAID he had not consulted the Defense Department before filing his resolution, but said he is concerned about the reports about Cuban military moves in the area from a Miami television station and in a recent issue of the magazine Sea Power.

Crane said he understands that State Department officials told a House committee during recent secret hearings that they didn't know if the troop reports are true.

Crane said, "If there is truth to the fact Cuban troops are coming into Panama, members of Congress should know that and we aren't being told now."

Crane's resolution has been referred to the House International Relations committee, which has seven days to act on it. If the resolution is passed by the full House, the Defense Dept. would have 15 days to supply an answer.

2nd anti-abortion turnout set Sunday

Anti-abortion groups have planned a second demonstration from 2 to 4 p.m. Sunday at Northwest Community Hospital, 800 W. Central Rd., Arlington Heights.

The groups are seeking to have the hospital's board of directors reconsider a recent decision to permit abortion at Northwest Community through the first three months of pregnancy. Previously, abortions were performed at the hospital only in cases where the pregnancy endangered the life of the mother.

The first anti-abortion demonstration was staged at the hospital May 9.

Radar device plays teacher for O'Hare controllers

by LYNN ASINOF

Watching the Federal Aviation Administration's new radar simulators in action is like watching an instant replay.

The radar screen shows planes landing at O'Hare Airport until the instructor stops the action for a detailed play-by-play analysis.

The simulators, located in the base of the O'Hare FAA tower, look just like the real thing with dim lights, glowing radar screens and lots of gauges and dials.

"The only difference is any mistake they make here doesn't count," said Neal Callahan of the FAA.

The simulators are used for training air traffic controllers to deal with the complex O'Hare air traffic procedures. The system is the first of its type to be installed in an airport, although the FAA plans to install similar systems in 60 other radar-equipped airport towers.

UNTIL ABOUT a month ago, O'Hare air traffic controllers were trained in the radar room. They got their practice by landing real planes with an experienced controller sitting at their shoulder.

"When something became critical, he would take over," said Steve Lechien, training officer. He said this system put a lot of strain on the controllers "who are already overworked."

With the new simulators, costing about $100,000, training can be done under less pressure. The system uses actual flight traffic at O'Hare, which is put into a script form and fed into the computer by special "pilots."

These pilots, trained in control tower lingo, move their imaginary planes by punching a keyboard. They follow the trainee's instructions as he guides them into an imaginary landing.

THE INSTRUCTOR can create special problems for the trainee by changing the weather or adding more planes to the screen.

The trainees using the O'Hare radar simulators aren't novices. "Because of O'Hare's complexity, we usually get our people from smaller facilities," Lechien said, noting that not all controllers can handle O'Hare.

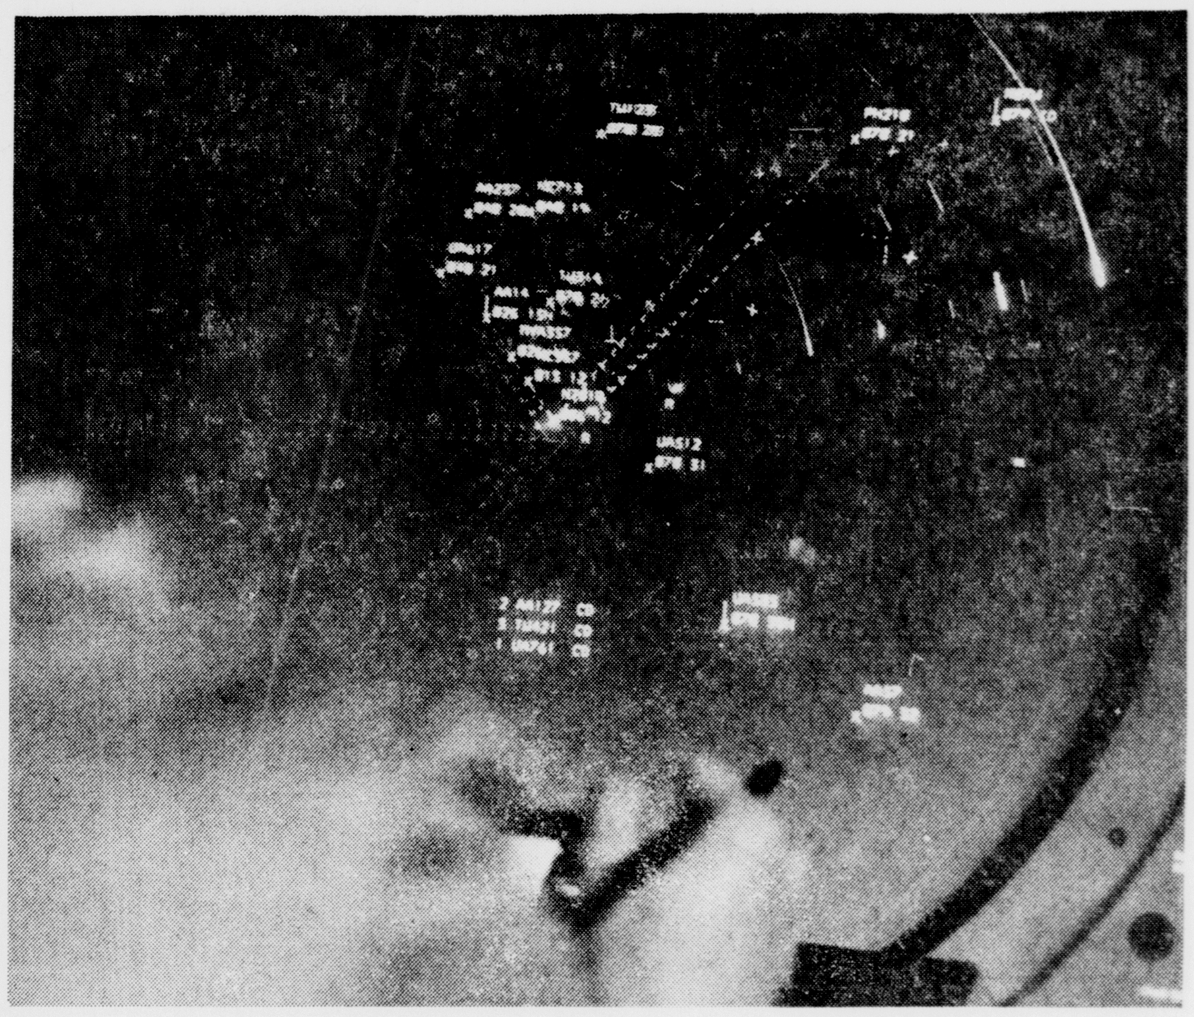
O'Hare has more runways and more traffic than any other airport in the world, requiring 27 separate arrival and departure configurations.

THERE ARE FIVE different positions air controllers must learn to handle before becoming certified. They include departures, arrivals and control of satellite airports like Pal-Waukee.

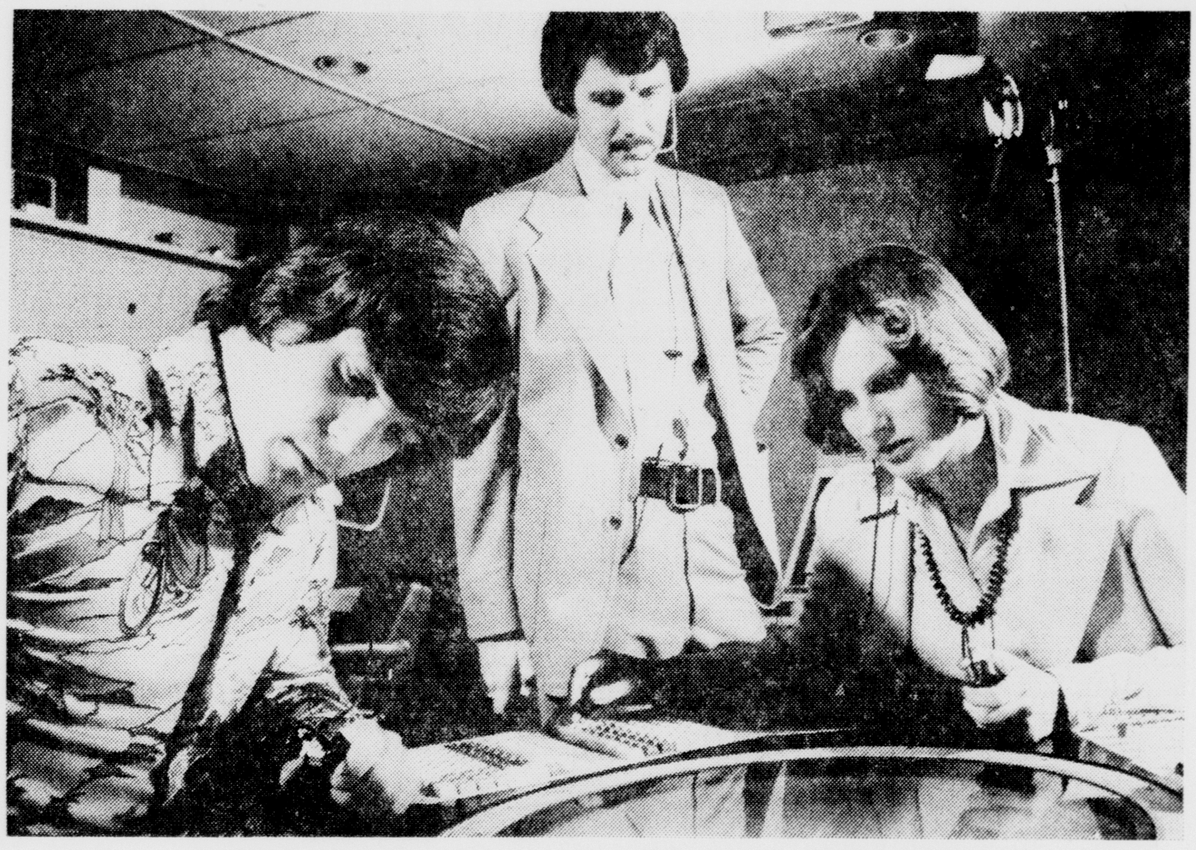
A trainee learns his first position on the simulator, is certified at that position in the radar room and then moves on to the next position.

Under the old system, it took a year to 18 months to teach a controller all five positions. "We hope to cut this down to about half," Lechien said.

In addition, O'Hare tower chief Patrick O'Sullivan said the simulators should cut the number of people who drop out of training. He said the simulators will be used to screen applicants and will provide a less pressurized atmosphere to train in.



The radar screen looks like the real thing, showing planes approaching O'Hare Airport.



Special "pilots" move their planes by keyboard.

Obituaries

Vera P. Anderson

Services for Vera Paulina Anderson, 78, a resident of Des Plaines for 27 years, will be held at 1:30 p.m. Thursday in Oehler Funeral Home, Lee and Perry streets, Des Plaines. Burial will be in Acacia Park Cemetery, Chicago.

She died Monday at Holy Family Hospital, Des Plaines.

Survivors include her husband, Nils Robert; sons, Bert R. and Nels Anderson; two grandchildren; and one great-grandchild.

Visitation will be from 3 to 9:30 p.m. today in Oehler Funeral Home.

Salvatore Vaccarello

Services for Salvatore Vaccarello, 83, a resident of Des Plaines, will be held at 10 a.m. Thursday in St. Stephen Church, 1267 Everett St., Des Plaines. Burial will be in St. Joseph Cemetery, Chicago.

He died Monday in St. Joseph's Home for the Elderly, Palatine. A veteran of World War I, he was a retired factory laborer.

Survivors include sons, Joseph R. and Phillip Vaccarello; daughter, Angela Greenwood; 12 grandchildren; and three great-grandchildren. He was preceded in death by his wife, Antoinette.

Visitation will be from 2 to 9:30 p.m. today in Oehler Funeral Home, Lee and Perry streets, Des Plaines.

Leo Polfliet

Services for Leo Polfliet, 72, a resident of Mount Prospect, will be held at 10 a.m. Friday in St. Raymond Church, 400 S. Elmhurst Rd., Mount Prospect. Burial will be in Maryhill Cemetery, Niles.

He died Tuesday in Bethesda Hospital, Chicago. He was a retired apartment building maintenance man.

Survivors include sons, Paul and Gerard Polfliet; daughters, Lea Vermeulen, Yolanda Vermeulen, Elizabeth DeKind and Sonja Weil; brothers, Frans and Cyriel; a sister, Yelanda; and 10 grandchildren. He was preceded in death by his wife, Bertha.

Visitation will be from 4 to 10 p.m. today and until 10 p.m. Thursday in Matz Funeral Home, 410 E. Rand Rd., Mount Prospect.

The way we see it

Prospect Heights city officers are endorsed

Prospect Heights residents will go to the polls Saturday to elect city officials for the first time.

Those elected will face the challenge of creating a city government from scratch and setting the City of Prospect Heights on a responsible path. There is much work to be done not only by the officials themselves but by the residents who have a stake in the new city.

Today The Herald endorses those candidates whom we believe will do the best job for Prospect Heights.

Our choices are: Richard E. Wolf for mayor; Nancy Lambert for clerk; and Harriett Nilsson for treasurer. Council endorsements are: Frederick Gilman, Edward Bryant, Thomas Merle, John Fedyski, Christina Carlson, Robert Poltzer, Frederick Olds and William Masloske.

Residents of the city are particularly fortunate in their mayoral choices. Two of the three candidates — Jack E. Gilligan and Richard E. Wolf — have the experience and understanding needed to make them excellent potential leaders during the new city's founding years. Our preference is Wolf.

WOLF IS A man who has devoted tremendous time and energy to the incorporation effort, serving as president of the Prospect Heights Improvement Assn. at the time residents voted to become a city Jan. 31.

His hard work and follow-through helped make the city a reality. He is intimately familiar with the city's problems and has many good ideas about how to meet them. Wolf has taken the time to research all that is required to set the wheels of government into operation and has effectively directed others to assist in developing recommendations for the new city council.

An effective communicator, Wolf is fair and open-minded. He is capable of working with various segments of the city to make government responsive to local needs.

LAMBERT IS a thoughtful candidate and a proven worker. As city clerk, she could help the new city government deal properly with the maze of regulations and requirements put upon it. She already has proven her ability to organize and follow directives by overseeing the Jan. 31 incorporation referendum ordered by Cook County Circuit Court. She is intelligent, knowledgeable of what is required of a city clerk and can deal with the public in a fair and friendly manner.

Treasurer candidate **Nilsson** is running unopposed in Saturday's election, although Ronald Maskalunas, who earlier withdrew from the race, still appears on the ballot. Mrs. Nilsson has a broad financial background, having held several financial and accounting positions with Chicago area firms. She will be available full-time because she resigned her job to seek election. Mrs. Nilsson has both the financial experience and time to help the city stretch its limited revenues as far as possible.

Aldermanic candidate **BRYANT** has devoted much time to community affairs and has carefully researched alternatives the new city has for providing services. He is professional, open-minded and capable of dealing with complex issues.

GILMAN has a solid background in business and management which the council can utilize well. Because the city will be working with limited funds its first year, Gilman's budget-making experience can be valuable. He is a quadrominium apartment owner and can broaden city representation on the council.

MERLE organized an "alternatives" committee to develop governmental recommendations other than those proposed by the PHIA and has shown an independence of thought which would be healthy for the new council. He has not been afraid to tackle complicated issues, like providing police protection. He is aggressive and outspoken, and could serve Prospect Heights residents well.

A long-time resident of Prospect Heights, **FEDYSKI** is familiar with residents' wants and needs. President of the Prospect Heights Sanitary District since 1973, Fedyski has a working knowledge of public works which the city government will find invaluable. We believe Fedyski is in tune with the desires of the community.

CARLSON has a record of community service and has taken the time to thoroughly research the issues facing the city council. A hard worker who is concerned that the new city gets off on the right foot, Mrs. Carlson, we believe, will devote the time and effort necessary for good government.

Developing comprehensive land use policies to protect Prospect Heights' neighborhoods is a major concern of Robert **Poltzer.** A past president of the PHIA who has actively pursued incorporation, Poltzer can represent the individual homeowner in preserving a quality community.

OLDS, by his enthusiasm and interest will make a strong city alderman. He is knowledgeable about the problems of forming a city government, but most of all, we believe he is capable of making sound judgments affecting the rest of those who live in Prospect Heights.

Bringing a working knowledge of finance to the new city council would be **MASLOSKE.** He has developed the budget proposed by the PHIA, and has done considerable research on the sources from which the city can expect to receive revenues. His financial background will be most valuable as the city develops services and balances its budget.

Also deserving consideration in Saturday's election is **Cornelis Van Kleef.** A community leader who has devoted much time to volunteer activities, Van Kleef has a realistic picture on what the city can expect to provide in the way of services its first year.

The formative years will be critical for this new city of 13,000 residents. The interest this election has generated — there is a total of 28 candidates for 11 jobs — indicates a substantial interest on the part of the citizenry. That kind of interest will be helpful to those elected in filling various appointive positions with the community.

Dist. 96 voters should ok tax hike

Buffalo Grove-Long Grove Dist. 96 is asking voters to approve a 17½-cent tax rate increase Saturday, and we urge voters to support the referendum.

The increase is needed to cover a continuing deficit in the operations fund — a fund that pays for custodians' salaries, utility bills, cleaning supplies and other maintenance items. The same inflation that has hiked the homeowners' gas, electric and water bills and added dollars to cleaning costs has depleted the operations fund in the district.

Officials project a deficit of $15,000 in the fund by June and expect a cumulative deficit of $91,000 during the next three years if the referendum fails.

The increase will raise the tax rate in the operations fund from 37½ cents to 55 cents, costing the homeowners with an equalized assessed valuation of $10,000 an additional $17.50 a year. The last increase in this fund was approved in 1968.

Dist. 96 board members are opposed to borrowing money to keep the fund solvent, and we agree with their frugal fiscal policy of living within the budget.

We believe passage of the referendum is necessary and ask voters to go to the polls Saturday and vote yes.

Dateline 1776

by United Press International

ALBANY, N.Y., May 19 — The elderly sachems of the Iroquois tribes favored neutrality in the conflict between the British and Americans while the younger chiefs favored active participation on the British side. American commissioner Volkert Douw warned a group of young braves not to interfere in the business of whites.

Because first steps are so important, frankly, we're looking for perfection!

'Don't become a statistic'

As a homeowner in Sheffield Park East in Schaumburg we have now joined the group of many others in our area listed as a statistic. This past weekend our garage was burglarized. It happened between 7 and 10 p.m. on Saturday night as almost all of the other burglaries have. We were at home and we left our garage door open as we were gathering our children and their outside toys. Someone walked between our parked cars, to the back of our garage and conveniently stole our tool box, drill and my husband's long collected fishing tackle box. To us, this is a great loss, as many years have been put in gathering these tools and fishing equipment.

About 18 months ago, I became very interested in the amount of burglaries there were in our area alone. I began talking to some of the people that had been robbed and trying to find out some facts. Such as, the way they gained entry to each style home and generally what was stolen and the approximate value.

Then a friend and I, after identifying ourselves, began to notify others in our area and began to tell them about means of entry and the other information we learned. Generally, the people in our area were grateful and appreciated our efforts. They realized some of the things they were neglecting, such as unlocked doors, or no locks at all, and some windows that had been left open year round. Then there were others who found us very suspicious and made a police report out on us. This disappointed us greatly as to the deed we were trying to do. We felt that if people took a little extra time and checked out their own homes, maybe, just maybe, these thieves would be discouraged and a home and its valuables would be saved. The issue of burglaries and trying to help our neighbors was dropped. We have learned to nail our windows closed, put a bar in our patio door and get good locks for our doors. But we neglected to keep our garage door closed 24 hours a day! What must we do to keep our own property safe? I feel that something more should have been done 18 months ago and maybe, just maybe, the amount of robberies in our area would have lessened, and today I might not be a statistic. Most of the people in our area are not among the rich but simply hard working young people with young growing children. I only hope that others reading this might stop and think about their home and their property they worked so hard to get and to keep for themselves.

IF WE COULD just watch out for our own neighborhoods. Report strange cars parked on your block to the police. Report strange noises, and report strange persons. (Sunday, I learned there have been two others on our own street that have been robbed within the past two weeks).

I realize the police can't be everywhere, but why — I ask — why haven't these persons been caught? How many others must suffer or experience a theft before our whole community is completely drained? If these are young people doing the stealing (which is suspected), then why haven't their parents noticed their children are getting bigger and better things? It's a real crime and a crime it is!

'A fine alternative school'

In the April 1976 edition of Reader's Digest there is an interesting article condensed from Newsweek entitled "Why Johnny Can't Write." The article states that children graduating from college today probably will be unable to write ordinary, expository English with any real degree of structure and lucidity, and if they are in high school and planning to attend college, the chances are even less that they will be able to write English at the minimal college level when they get there. Children in elementary school, the author states, are almost certainly not being given the kind of required reading material, much less writing instruction, that might make it possible for them eventually to write comprehensible English. Our educational system, the writer concludes, is spawning a generation of semi-literates.

The illiteracy of America's school children is becoming a national problem. Newspapers and magazines pose the question with increasing regularity, "Why Can't Johnny Read and Write?" School administrators and educational experts are bewildered at the growing numbers of high school graduates who are unable to complete simple job application forms or to perform basic skills.

The fact is the American schoolroom is fast deteriorating into a workshop where Johnny learns to sew buttons on his shirt and to bake brownies at the expense of memorizing multiplication facts or discovering the joy of books. And what about discipline in our public schools today? Anyone who has recently entered a classroom in any of our local schools knows how bad this has become. Discipline hampers a child's creativity, we are told; he needs to create without the limitations placed on him by standards of behavior or indeed by any form of grading system. Report cards with conventional grades are obsolete, let the child decide for himself how he is doing. Let him write, never mind the spelling or punctuation.

Many parents are concerned about the psychological labels given their children. Johnny may have a "learning disability" or perhaps "minimal brain damage." He needs special education, which means perhaps a school for the mentally handicapped. Chances are Johnny is a bright boy, all he needs is challenge and control. He is bored in the classroom, but with 39 other active nine-year-olds to supervise, his teacher cannot tolerate his "bad" behavior.

And where are good, old-fashioned morals in young people today? Certainly the ultimate responsibility for instruction in this area belongs in the home, but are our schools doing their part to foster a sense of decency and an adherence to God's laws? I read in a recent Herald that, according to the Illinois Uniform Crime Report, children under 17 account for 53 per cent of the crimes committed in Arlington Heights, and these are serious crimes.

More and more parents are becoming concerned enough to take their children out of the public schools. There are many fine private schools being organized across the country. I believe one of the very best is located right here in the Northwest suburbs. Christian Liberty Academy in Prospect Heights offers a fine traditional education which stresses reading, writing and arithmetic in the early grades. At the academy, children from kindergarten through high school learn to love God and to respect the Ten Commandments as a pattern for their lives. The school offers a superior curriculum which stresses basic skills, a sound knowledge of history and geography throughout the school; Latin and Economics are added at fourth grade, and junior high and high school students take complete courses in all the sciences, mathematics, Greek and English literature. Parents and students alike are proud of this fine alternative to the public school system.

The almanac

by United Press International

Today is Wednesday, May 19, the 140th day of 1976 with 226 to follow.

The moon is approaching its last quarter.

The morning stars are Venus and Jupiter.

The evening stars are Mercury, Mars and Saturn.

Those born on this date are under the sign of Taurus.

American philanthropist John Hopkins was born May 19, 1795.

On this day in history:

• In 1895, an advertisement in a Chicago newspaper offered: "Modern dancing lessons. Three and one-half hours, 25 cents."

• In 1945, more than 400 American "Superfortress" planes bombed Tokyo.

• In 1964, it was revealed that American diplomats had found at least 40 secret microphones hidden in the U.S. Embassy in Moscow.

• In 1974, Finance Minister Valerie Giscard d'Estaing was elected president of France.

Garage firm now in Downers Grove

Prospect Garage Door Co., Inc., Arlington Heights, announced the opening of a second facility in Downers Grove.

The new office is at 2361 Warrenville Rd. Residential and commercial doors are offered by the firm.

Reagan backers plan fight for more delegates

by STEVE BROWN

SPRINGFIELD — Illinois supporters of ex-California Gov. Ronald Reagan are planning to fight for at least two of the five at-large convention delegates that state GOP leaders will select next month.

State Sen. David Regner, R-Mount Prospect, told The Herald plans will be made to elect two more delegates at the party's state convention. Reagan was soundly beaten by President Gerald Ford in the state's March primary, but recent primary successes have buoyed Reagan's Illinois backers.

Party leaders are not sure how successful the Reagan effort might be. They admit that five at-large delegates are not enough to even accommodate all of the party leaders who are seeking a spot at the convention.

OBSERVERS have speculated that all of the at-large seats would go to Ford supporters. Former Gov. Richard Ogilvie, Ford's Illinois campaign manager, said he believes all five will be supporting Ford at the national convention.

Reagan supporters elected 11 delegates in the primary, while there are 13 uncommitted delegates and Ford holding the rest of the delegation.

"I wonder if we could pass legislation to hold another primary here," Regner said, hinting that the recent setbacks Reagan has handed the president might change the outcome of another vote in Illinois.

Regner also suggested that U.S. Rep. Philip M. Crane, R-12th, and State Repp Donald L. Totten, R-Hoffman Estates, would be the candidates for the at-large delegate seats. Crane and Totten managed Reagan's Illinois campaign. Both unsuccessfully sought election as convention delegates from the 12th Congressional district.

A SPOKESMAN for GOP State Chairman Don Adams said the committee which nominates the at-large delegates has not been selected. He indicated the committee could have proposed more than five names for seats and let the state convention vote on the five delegates they want.

Regner also said that he has been receiving reports of increased Illinois support for Reagan since the ex-movie star began piling up primary wins around the country.

Ogilvie has indicated he expects the Illinois delegation to stick with Ford at the convention. Delegates from Illinois committed to Ford are not required to back him at the conprimary setbacks in New Hampshire vention.

Reagan said there are several signs that voters who backed Ford in Illinois would side with Reagan in a general election. He said many persons told him they voted for Ford in Illinois because they thought Reagan's primary setbacks in New Hampshire and Florida had ended serious hopes he could win the party's nomination.

Wednesday night we'll give you a taste of Hawaii.

Hawaiian Chicken Dinner $3.95.

You get a Hawaiian Chicken breast, prepared with a tantalizing sweet-and-sour sauce and served on a bed of tender rice.

Lots of salad. A fruit ambrosia with pineapple, shredded coconut and mandarin oranges.

Piping-hot bread with fresh, creamery butter. And your choice of coffee, tea or milk.

All for only $3.95 per person plus tax.

You can get a Hawaiian cocktail and a Boar's Head glass at one low price. So, after you've enjoyed your taste of Hawaii, you'll have something to remember it by.

suburban living

AT THE SABBATH table, Alison Marlin, left, and Todd Schmarak demonstrate their ritual skills to Mrs. Barb Marlin. The tots led in the blessing of the candles, the wine and the challah. Alison wears a special head covering from Israel. At the Early Childhood Center in Hoffman Estates, teachers help pre-schoolers to feel their Jewish identity as they develop.

WHEN A GIRL is questioned in Hebrew, she must ponder the proper response. At least, that's the way Becky Rovner feels about it.

At Jewish Childhood Center

Tots learn their religious values, too

GIGGLES AND wiggles are part of the curriculum at Early Childhood Center. Elysa Oldham, left, and Tzona Myers enjoy a private joke.

A mother duck hatching her eggs may not be an earth-shaking event.

But to the 35 pre-schoolers at the Early Childhood Center at Beth Tikvah Congregation, Hoffman Estates, it is extremely important. A whole teaching unit was built around it.

Later, when they found the duck dead in the driveway, it became a life-crisis situation with attendant fears, tears and curiosity on the part of the children.

"Here was an opportunity to interweave some sound ideas into the long, serious discussion which followed," said Marvell Ginsberg of the Board of Jewish Education, "to show youngsters how to cope with death, that Judaism respects and cares for all living things."

From life-cycle events such as this, children may find less traumatic the more serious life cycle events at home — a new baby, a wedding in the family, a sibling's bar mitzvah, an illness, a separation, a divorce.

DEVELOPING religious values is as much a part of the center's program as developing emotional and intellectual values. In the process, the tot becomes aware of Jewish values and traditions and his own identity as a Jewish child.

The Board of Jewish Education services Jewish school programs in the greater Chicago area. In the suburbs, these programs are usually run by a temple or synagogue. But the program at Beth Tikvah for 3 to 5-year-olds is an experimental one, operated by the board itself.

Parent involvement is an integral part of the program. "We are striving to upgrade the quality of family relationships and to promote better development of the child and the total family as well," said Mrs. Ginsberg. "The most crucial educational experiences occur in the home. We help parents to understand better the ways in which young children grow. At the same time, we want to enable them to do a better Jewish parenting job."

And so parents are not only welcome, they are expected and planned for.

When a newcomer is reluctant to be separated from his mother, she is welcome to stay for as many sessions as necessary. "Josh is very sensitive because we have a new baby," said Mrs. Vicki Schneider as she assisted the head teacher, Mrs. Frances Cohen. Children clustered around, coaxing smiles from the infant. Another learning experience.

PARENT "SHOW and ells" are popular. The kids relish such treats as seeing what is in a doctor's bag, trying out a musical instrument, stuffing a rag doll or helping with a special baking project.

A mother, a father, even a grandmother may direct a special project, such as the making of challah, the bread of the Sabbath. Very small hands knead it, braid it, paint it and sprinkle it with seeds,

Story by Eleanor Rives

Photos by Anne Cusack

transforming it into a wall plaque for Mom. The gift wrapping paper is child-made, too — stamped with Jewish symbols in an allover print.

Every parent is assigned to a Friday morning Sabbath program and asked to bring an appropriate object from home, such as a Yiddish wine cup or Jewish candlesticks to share with the class. The parent observes all the rituals of the Sabbath along with his child.

One such parent, Mrs. Samuel Barenbaum of Hoffman Estates, whose second son is now in the program, participated in the Sabbath first with Jerry, now a first-grader, more recently with Jamie, 3½.

Jerry quickly learned how to observe the Sabbath and the holidays. "It's amazing when a 3-year-old kid can tell you if you are doing something wrong," said his mother.

OF JAMIE, who wrestled with a minor speech problem, she said, "The first couple of months, his Hebrew was clearer than his English. What can I tell you? I'm thrilled!"

Mrs. Ginsberg added, "A few parents never went to Jewish schools or were not exposed to Jewish rituals in their own home. When they see how lovely and warm they are and how much the children love them they want to learn these skills.

There are parent conferences and workshops, a mothers' playday, even a fathers' playday. The parent devotes himself exclusively to playing with his own child for an hour or more. Then parents gather with teachers to discuss the experience.

"It's a real eye-opener," said Mrs. Ginsberg. "Fathers are relieved and appreciative when they realize their importance in the development of their children."

If you visit the center on a typical day, you might hear children singing in Hebrew or watch them matching colors or determining the weather, gently prodded by Mrs. Cohen to use their five senses. In another room, Mrs. Talma Binder, an Israeli, is telling the story of Goldilocks slowly and dramatically — in Hebrew. The children are entranced. They soak it up like little sponges.

Recently they celebrated the 28th birthday of Israel, singing "Shalom" as they waved their child-made blue and white flags, joining older children from the Hebrew School in adjoining rooms in marching, singing and folk dancing.

A treat followed, the culmination of much stirring, mixing, dripping and batter-tasting. The kids ate the cupcakes they had made, gloriously topped in deep blue icing, many of them clutched proudly in blue-tinted little hands.

Next season, the center plans a Sunday afternoon father-toddler program for 10 weeks (for tots 18 months to 2½-years-old) to give fathers more skill in relating to these little ones. "By age 3, a child has very definite personality patterns and traits. The foundations for his intellectual development are already established," said Mrs. Ginsberg.

ALSO PLANNED IS a mother-toddler group to meet on a weekday. This summer the center will move to the outdoors for a five-week summer program. Information regarding rates, dates, registration for any of these programs, or for the regular session next fall is available by calling Mrs. Ginsberg at 427-5570, or Mrs. Cohen at 255-7657.

"Our long term goal," said Mrs. Cohen, "is to help the children to have self-respect and to like themselves."

Colonial dames had some liberating notions

Women and children first

by Julie Martoccio

Do you know that as far back as 1827, a husband filed and received a federal disability pension because his wife had served in the Continental Army as a soldier?

She was Deborah Sampson, 23, a school teacher of Middleboro, Mass. Before she married, Deborah, in 1781 dressed in male clothing, enlisted in the Continental Army as a prank under the assumed name of Timothy Thayer. After receiving an enlistment bonus, she was said to have gone to a tavern and "behaved in a noisy and indecent manner."

Her ruse discovered, irrepressible Deborah surrendered her bonus money. But still dressed in male clothing she went off to see the world.

DESTITUTE in May 1782, she re-enlisted, this time as Robert Shurtliff. Because of her baggy uniform and ability to dodge sick calls, bathing in the river under orders, and wrestling with her male companions, she was successful in hiding her sex.

She also evaded medical care by taking care of herself and on one occasion it is rumored, even when she was shot in the derriere and slashed on the head.

However, a year later she was sticken with a high fever which left her unconscious. The attending doctor had to open her shirt to examine her, exposing her secret as well as her chest.

A few months later she recovered and was discharged. Her federal disability pension started at a munificent $5 per month. Later it was raised to $8.

The story was reported some years ago by Herb Daniels, who says her discharge and pension petitions are on record, but some of the other stories, particularly the "wounding," might have been embroidered on the fabric of this daring incident. Nevertheless, Deborah Sampson can take her place among other liberated women in history.

ABIGAIL ADAMS chose words instead of weapons for equal rights. In her now famous letter to her husband, John, while he was attending the Continental Congress, she stated flatly, ". . . I desire you would remember the ladies. . . and not put such unlimited power into the hands of husbands," noting also ". . . men would be tyrants if they could." She cautioned that the ladies "would not hold themselves bound to obey any laws in which we have no representation."

Wise, witty and well educated, Abigail Adams may well have been influenced by a study of Plato. A champion of equality, Plato in his "Republic" under the fourth virtue, Justice, declared that women should have employment like men to the extent that their "weaker" nature might permit.

(Readers are invited to submit questions regarding legal problems of women and children. Names and facts that would identify the writer are withheld on request. Attorney Martoccio's column is to inform and not advise. Write to her in care of Suburban Living, Paddock Publications, Box 280, Arlington Heights, Ill. 60006).

The doctor says

by Lawrence E. Lamb, M.D.

Walk to lose weight, jog to develop heart

In your column you referred to an article in The Journal of the American Medical Assn. that distance in a walking exercise was almost as effective as speed in developing the respiratory and cardiovascular system. I have been on the aerobics cycling program and have encountered some physical difficulties. I would like to know if I interpreted your remarks correctly.

No, you did not. Walking a mile is just as effective as jogging a mile as far as the number of calories used. That's important to people using exercise for weight control. If you are interested in using calories to prevent or eliminate obesity, it's better to walk four miles than it is to jog one.

Jogging, walking and running will cause you to travel a mile faster. You will have to spend that same amount of energy in a shorter period of time. To do this you must deliver more oxygen to the body in a shorter period of time. That requires the heart and lungs to work harder. This is how you get an effect in training the heart and lungs.

You will get some improvement in the heart and lungs function by walking but not nearly as much as if you are able to increase your level of exercise to the point that the heart rate is at least over 100 per minute for a sustained period of time during exertion. Many authorities think that the heart should work sufficiently to increase the heart rate to 60 per cent of its maximum level. For most middle-aged people that would mean a heart rate of around 120 beats per minute.

There are other types of exercise that you can use to work the heart and lungs. You don't need to jog.

Swimming is an excellent exercise and it gets the weight off of your ankles and knees that cause some people difficulty during sustained exertion. Bicycling helps decrease the weight bearing problem upon knees and ankles. For more information about jogging send 50 cents for The Health Letter, number 4-2, Jogging, Exertion, Sudden Death. Send a long, stamped self-addressed envelope for mailing. Address your letter to me in care of Paddock Publications, P.O. Box 1551, Radio City Station, New York, NY 10019.

I am on a salt restricted diet and should have no salt. It has come to my attention that health food stores are selling a sea salt. How does this differ from iodized salt, and would it be better or as beneficial as a salt substitute? My problems are hypertension and swelling from varicose veins in the lower legs and ankles. This is a very tasty salt, and would make eating more interesting I am sure.

I'm not sure how you know it's so tasty since your doctor told you you're not supposed to have any salt.

The reason salt is restricted is because it contains sodium. Any sea salt preparation being sold by health food stores contains sodium just like ordinary table salt, and people with any medical problems that require them to restrict salt should not use such products.

While I am on the subject, you shouldn't use any of the half-salt products that are now available in the grocery stores. The only thing that you can really use as a salt substitute is a salt substitute, meaning one of the preparations that contains no sodium.

(Newspaper Enterprise Assn.)

Simple methods first to remove rust stain

Dear Dorothy: Our area has a bad rust problem in the water system. We use a water filter conditioner — and it ran out without my being aware of it. I'd washed a good blue pantsuit and the water left rust spots on the pants. How can they be removed? I've tried everything I know.—Mildred Resser

Let's hope the experiments you've tried haven't complicated the mishap. Let's start with the simple methods first. The first is supposed to be tried before the clothes get dry — but it still may work. Soak the pants in a washer full of clear water to which has been added a half can of cream of tartar. Another way is to rewash the garment, using only detergent — and no bleach. Then my favorite way — rub the stains with the popular rust soap. If the pants are cotton and can stand boiling hot water, make a solution containing four teaspoons of cream of tartar to each pint of water. This cannot be tried with synthetics. Then the two old faithfuls — spread the stained area over a pan of boiling water and squeeze lemon juice on it. Or sprinkle salt on the stain, squeeze lemon juice on it and spread in the sun to dry. Thorough rinsing is important with any of the methods.

* * *

Dear Dorothy: If you don't want to use the liquid from canned vegetables, pour into a sterilized, covered jar and keep in the refrigerator. Use for stews, soups and even with roasts. Why throw away all of those good nutrients?—Mrs. E. R. Lien.

* * *

Dear Dorothy: Maybe this won't interest others, but it's been of considerable help to me. I have metal cabinets and all my recipes (that aren't in cookbooks) are on cards. I put them on the cabinet, held by a magnet — at just eye level. It certainly speeds things up.—Jo Mills

(Mrs. Ritz welcomes questions and hints. If a personal reply is required, please enclose a stamped self-addressed envelope. Write to Dorothy Ritz in care of Suburban Living, Paddock Publications, Box 280, Arlington Heights, Ill. 60006.)

(c) 1976, Los Angeles Times

All-season fabrics sell big

Natural fibers trend in sewing

"Style dictates fabric, fabric does not dictate style," says Byron Clark, board chairman of the American Home Sewing Council.

"Three or four years ago, you could sell anything that was knit. Now people are returning to natural fibers, easy care fabrics that are washable. It's the whole ecology thing."

Clark's comments were made in an interview on the eve of the Fall-Winter '76 National Home Sewing Show in New York City. It was sponsored by the council, an organization of 175 textile, sewing notion and pattern manufacturers.

Clark and other council members said the home sewing boom peaked about five years ago, when clothing prices reached an all-time high, styles were changing rapidly, and home sewers had a lot of free time.

TELEVISON NOW has great impact, he said: "A woman sees a fashion on TV and wnats to copy it."

It is easier to do these days because new patterns come into retail stores at the same time as new ready-to-wear styles.

Clark estimated that more than 40-million women in the United States sew.

"The 25-to 35-year-olds are still a big market," he said. "They have two or three kids, they're living in suburbia.

"Kids on Seventh Avenue set the styles. Designrs see them walking around, they see the looks (that are popular). Ethnics are big right now."

Trend-spotting at the trade show:

"Stretch belting really has taken off," said Harry Wrona of Buffalo, N.Y. It has the natural look of straw.

THE HEAT TRANSFER (iron-on) technique that helped boost T-shirt fashions now has been applied to rhinestones. It eliminates the need for prongs and metal backs that can make a wearer feel she's clad in chain mail. The new rhinestones are made in Austria and sold packaged or in readymade designs.

Lester Bader, a trimmings manufacturer from Spring Valley, N.Y., said the Bicentennial is an exceptional year for rufflings and clunys (bobbin laces), and the belly dance craze has increased demand for fringes and metallic trim with dangling coins.

Traditional dish toweling and birdseye diaper cloth also are coming back — the first, for customars who want to save energy doing dishes by hand and save money by making their own towels. "Home Sewing Trade News," the publication that reported both trends, expects diapercloth to be used for fashion items as well as babies' behinds.

ALL-SEASON fabrics are big sellers, along with batiks and other ethnic designs, said psychologist Mary Gordon of Natick, Mass., who took over her husband's Natick Mills after his death.

"The travel trend eliminates the seasons, the demand for heavy fabrics," she said. "With heated cars and houses, there's not much difference between seasons now."

Mrs. Gordon said young people are largely responsible for the declining popularity of manmade fabrics: "Young people won't be seen in them. The return to natural fibers is very pronounced.

Changes also are occurring in the homefurnishings industry. Mrs. Gordon said a shortage of skilled labor is responsible for factory-sewn slipcovers replacing those made in retail merchants' stitching rooms.

"THE CHANGE in the status of women has affected (home sewing) tremendously, and it is going to increase," Mrs. Gordon said. "Young families with big mortgages and taxes have to have two incomes to make ends meet."

She said most women who hold jobs away from home have little or no time to make wearing apparel and home decorating items.

"I think it is the middle income family that does the sewing," Mrs. Gordon said, adding that "people are buying cautiously. There's not the variety there used to be."

Next on the agenda

Prairie Belles

Prairie Belles Quester will end its year with a potluck supper tonight in the home of Dixie Seminatore, Mount Prospect. The evening's program will be a silent auction. Information 537-9233.

Beta Sigma Phi

A film on alternatives to the nine-month school year will be shown at 8 o'clock tonight at a regular meeting of the Mu Pi chapter of Beta Sigma Pi.

The meeting will be in the home of Shary Ingalls, Hoffman Estates.

Plans will also be discussed for an upcoming pot luck dinner. Information 882-3727.

Holy Resurrection

Holy Resurrection Orthodox Women's club will meet at 8:15 tonight in the home of Mrs. Fred Stasewich, Barrington.

Members will have a plastic kitchenware party, then a short business meeting.

Sunday church services for Holy Resurrection are at Prospect High School, Mount Prospect. Information 359-6155.

Newcomers Club

New officers for the Hoffman-Schaumburg Newcomer's club will be installed at a dinner at 6 p.m. Thursday at Villa Olivia Country Club, Bartlett.

A business meeting will be at 8 p.m. followed by a program by cartoonist Art Henrikson.

New officers to be installed include: Mary Ann Burns, president; Mary Ann Richardson and Sally Bell, vice presidents; Georgia Messmer and Mary Ramsey, secretaries; Pat Parker, treasurer.

Reservations 529-6323.

Couples night out for the group is a road rally Saturday. Information 894-5673.

Jaycee-ettes

Thursday's meeting of the Buffalo Grove Jaycee-ettes will be a dinner at the Beef 'n Stein Pub, Wheeling. Cocktails are at 7:30 p.m. and dinner at 8 p.m.

Reservations for the evning can be made with Mrs. Beverly Hansen, 541-2267 or Mrs. Carol Potter, 537-1429.

Young Single Parents

A social night for Young Single Parents will be at 9 Thursday in the Arlington Park Hilton.

Young Single Parents is a non profit organization of divorced, separated and widowed parents from age 21 to 42. Both adult and children's activities are planned by the group throughout the month. All eligible persons can attend the group's weekly meetings each Thursday in the Hilton. Information 255-0118.

Kappa Alpha Theta

A "bring your own sandwich" bridge party will be at noon Thursday in the home of Mrs. Robert Arnold, Arlington Heights, for Northwest Suburban Kappa Alpha Theta alumnae.

The chapter recently allocated $300 of its philanthropy proceeds to the Kappa Alpha Theta Foundation, whose national philanthropy is the Institute of Logopedics in Wichita, Kan. The group also gave $300 to the Kappa Alpha Theta Illinois project for handicapped children. Information 882-7593.

Northwest AAUW

Happy Birthday U.S.A. is the theme for Thursday's meeting of AAUW Northwest Branch at Trinity Lutheran Church, Des Plaines.

The evening will begin at 6:30 with a Bicentennial potluck, followed by a musical salute to the Bicentennial featuring a choral group. The "Bicentennial Players" will also be introduced. Information 827-5096.

Prospect Newcomers

Dianne Blacker will speak on the book, "The Total Woman," at the Prospect Heights Newcomer's meeting, 8 p.m. Thursday at the River Trails Park District building, Mount Prospect. The presentation will include comments on communication and adaption with husbands and families.

Information and reservations: 297-4432.

LOOK FOR 'LEISURE' this Saturday in The Herald.

Camp is for kids with special needs

Camp Pinehill Day Camp and Summer School starts its eighth year June 21 to aid children in the west and northwest suburbs with special education needs.

This year, the camp will operate at two locations, Peace Church United Church of Christ, Wood Avenue and Center Street, Bensenville, and St. Barnabas Church, 22 W 415 Butterfield Road, Glen Ellyn.

Camp Pinehill is a half-day program designed especially for boys and girls between the ages of 5-12 years who experience learning and emotional problems. It began in 1969 in response to the critical need of local communities to meet the recreational, educational and social-emotional needs of these children.

The camp has two sessions of three weeks each. Both sessions offer three types of programs; one for children with learning disabilities, one for educable mentally handicapped youngsters, and one for those with emotional disorders. The programs are conducted separately from one another.

FOR CHILDREN with learning difficulties, remedial tutoring in reading and math is provided. In addition, the recreational aspects of the program emphasize the development of fine and gross motor coordination.

For those children whose problem is primarily emotional, a therapeutic program has been designed, in conjunction with the recreational activities, to develop socialization skills and individual growth.

The staff also works with the referring schools at the end of the child's summer experience. Further information is available by calling Camp Pinehill administrative offices at (834-1335) in Elmhurst. Camp directors are James F. Altenbach, Bensenville, and Stanley T. Lock, Glen Ellyn.

Police auxiliary seeks rummage

Buffalo Grove Police Department Auxiliary is seeking donations for its third annual garage sale, scheduled for June 2, 3 and 4.

For pickup of usable clothing, home furnishings and toys, arrangements can be made by calling 398-3798 or 537-8961 daytime, 398-3798 or 541-8187 evenings and weekends. Items will be accepted through June 4.

Proceeds will help support a local Little League baseball team and other projects.

Why Shop At Vartanian? CARPET INC.

For over two decades Vartanian Carpet Inc. has been known throughout the Northwest area for the very highest in quality carpeting and rugs. Whatever your choice may be, will be expertly installed by members of the Vartanian staff. Floor design copyrighted by Armstrong

You install an Armstrong Solarian® no-wax floor for the same reason you install a dishwasher.

To free you from an unpleasant, time-consuming chore. That's why people buy dishwashers . . . that's why they buy Armstrong Solarian. Solarian is a major breakthrough in easy-care flooring. Homemakers from coast to coast have discovered Solarian keeps its high gloss—without waxing or buffing—far longer than an ordinary vinyl floor. Spills, dirt, even black heel marks come up easily.

Only $8.99 Sq. Yd. for a limited time only.

Just Think $107.88 FOR A 9' x 12' FLOOR. INSTALLATION EXTRA.

Husband, wife to lead JC groups

The husband and wife team of David and Carol Potter will be heading the Buffalo Grove Jaycees and Jaycee-ettes for the coming year. Potter will be installed as president of the Jaycees and his wife becomes president of the Jaycee-ettes at a banquet for the two groups Saturday evening at Mundelein Holiday Inn.

Other officers of the women's group for 1976-77 are Mrs. Barbara Urban, vice president; Mrs. Susan Hackbarth, secretary; and Mrs. Teri Anderson, treasurer.

Over the past year, the Jaycee-ettes have donated more than $600 to local philanthropies. A check for $100 purchased food for needy families in Wheeling and $50 bought coats for five children; $25 went to the Arlington Heights Jaycees' thermiscope fund, $25 to St. Jude Children's Research Hospital and the same to Maple Hill Nursing Home, Long Grove.

THE LOCAL Bicentennial Park received $300 for equipment; $70 helped send Dist. 21 E.M.H. students on a weekend camping trip; $75 purchased books and other materials for schools in Dist. 21; $22 went to CROP Hike for Hunger.

The Jaycee-ettes have also been visiting regularly at Maple Hill Nursing Home.

Buffalo Grove women interested in the service group may call Mrs. Beverly Hansen, 541-2267, for details.

Summit to make award

Summit School Auxiliary members will have luncheon at Elgin Country Club at 12:45 p.m. Thursday. Miss Anuta Harms, director of Bonnie Dundee Country Club, will be present to receive an honorary membership for her support to the Auxiliary.

Tickets are $4.50, available from Carolyn Piszczek 394-8564. Summit School Auxiliary is composed of women interested in children with learning disabilities. The school operates in two locations, Dundee and Arlington Heights.

To play for pennies

A penny social is the entertainment for the mother-daughter party to be given next Monday evening by St. Zachary's Altar and Rosary Society, Des Plaines. All women of the parish and their daughters are invited.

The event starts at 7:30 p.m. and includes an election of Society officers.

Grandmas host party

Maine Township Grandmothers Club is hosting a petite luncheon and games party, complete with a penny table, Tuesday at 12:30 p.m. at West Park Fieldhouse, Western and Garden Streets, Park Ridge. Tickets are $1.50.

The club, which celebrates its 25th anniversary in August, welcomes all area grandmothers into membership.

Mrs. Cleo Russell, 823-7719, is presis president.

Women on pilgrimage

The Archdiocesan Council of Catholic Women of Chicago will go on a pilgrimage to St. Mary of the Lake Seminary, Mundelein, Tuesday from 9:30 a.m. to 2:30 p.m. The day includes a tour of the library, Museum of Sacred Orders and Benedictine Convent. The women of all Catholic parishes are invited. Mrs. Thomas Connery, 640-8913, has further information.

Happenings

Juniors end 42nd year

"Patchwork Pleasure" is the theme of the May banquet for Arlington Heights Junior Woman's Club. To be held Wednesday, May 26, at Lancer Steak House, Schaumburg, the event winds up the Juniors' 42nd year.

Mrs. Patricia Shearer, 7th Dist. Junior director, will conduct the installation of officers. Mrs. Pat Kendell is president; Mrs. Peg Frerk and Mrs. Brenda Miller, vice presidents; Mrs. Patti Jostes and Mrs. Jane Stiglich, secretaries; and Mrs. Judy Andrews, treasurer.

A soloist, Mrs. Linda Siers, will entertain.

Arlington Heights residents interested in the club may call Mrs. Frerk, 392-1656, for information.

PEOs invited to tea

PEO Chapter LH will entertain all of the PEO chapters in Arlington Heights Wednesday, May 26, at a reciprocity tea in Faith Lutheran Church, Arlington Heights. Those attending the 1 p.m. party are asked to wear red, white and blue.

A program will be provided by Lake Zurich Swing Choir.

Feast on pancakes

The Spares Sunday Evening Club will be holding a pancake breakfast at 10 a.m. Sunday at Indian Trails Park Field House, Glenview. Cost for all the pancakes one can eat is $2, according to Jim Burns of Mount Prospect, one of the chefs.

Horse shoes, volley ball, baseball and other games will also be on the program.

The group's meeting at 7:30 that evening in Holy Trinity Lutheran Church, Glenview, will feature Millard J. Grauer, president of Chartered Financial Services, Inc. as speaker. Information 729-6257.

BLOSSOM TIME for Mary Jane Farrell, Long Grove, and Jan Gustafson and Sue Young of Arlington Heights is also planning time for the fourth annual "Walk in the Country" tour of homes sponsored by the Service League for Handicapped Children. The tour, set for Tuesday, June 1, will be in the Framington-Long Grove area, set amid gently rolling hills. Four homes of varied architectural design will be featured. The walk opens at 10 a.m. and continues until 3 p.m. Advance tickets are $3 through Mrs. Keith North, 392-3528, who may also be called for parking area information. Tickets the day of the walk will be $3.50. Proceeds will go to the Willett Treatment Center of the Easter Seal Society of Metropolitan Chicago for equipment and salaries.

Bargain mart

Garages yield treasures

PALATINE

A giant "garage walk" is planned for Saturday by Reseda West — Russetway Homeowners Association. Thirty garages in the area, with 90 families contributing items for sale, will be open from 9 a.m. to 5 p.m.

Streets on the "walk" are all west of Hicks Road: Carpenter, Crestview, Fairway, Marsha, Reseda Parkway and Russetway.

PROSPECT HEIGHTS

St. Alphonsus Home and School Association is having a garage sale in the church Parish Center, 411 N. Wheeling Rd., Saturday from 10 a.m. to 6 p.m. Freshly baked boods, a garden shop and refreshments are included.

PARK RIDGE

The annual "Elegant Elephant" sale by the Service League of Lutheran General Hospital is in progress today from 9 a.m. to 8 p.m. in the hospital's main lobby, 1775 Dempster St. Proceeds will support programs and services sponsored by the League to benefit the hospital.

ARLINGTON HEIGHTS

Geimer's Greenhouse, 619 E. Dundee Rd., is the location of the annual plant sale sponsored by Buffalo Grove Garden Club. It takes place today and Friday and again May 26 and 27. Vegetable and bedding plants are offered.

In order for shoppers to benefit the garden club, they must obtain a free coupon in advance from Mrs. Alfred Ney, 537-4677.

The greenhouse is next to Buffalo Grove National Bank.

ROLLING MEADOWS

The newly activated American Legion Post 1251 Auxiliary, Rolling Meadows, is holding a garage sale Friday and Saturday 10 a.m. to 4 p.m. at the home of Mr. and Mrs. Adam Tomas, 3015 Hawk Ln., Rolling Meadows.

WHEELING

Gamma Gamma Chapter of Epsilon Sigma Alpha will hold a garage sale all day Friday and Saturday at Addolorata Villa on McHenry Road. Donations are welcome any time through the sale. All proceeds go to the Villa.

PALATINE

The ladies of Immaculate Conception Ukrainian Catholic Church, 755 S. Benton St., will be selling pirogi, cabbage rolls, apple pie and other baked goods Saturday from noon to 4 p.m. at the church. Advance orders may be placed by calling 253-4849 or 358-4533. Proceeds go to the new rectory fund.

MOUNT PROSPECT

A Boston Tea Party and bake sale will be held at the Reorganized Church of Jesus Christ of Latter Day Saints, 123 S. Busse, Saturday from 8 a.m. to 5 p.m. Luncheon will be served from 10 to 3, featuring a chicken salad plate with homemade rolls and desserts.

GLENVIEW

Beta Tau Chapter of Delta Kappa Gamma Society, an honorary teachers organization, is sponsoring a garage sale Saturday from 9 a.m. to 4 p.m. and Sunday 11 to 4 at 914 Shermer Rd. (between Lake and Central Avenues). The chapter includes teachers in the Northwest suburbs.

SCHAUMBURG

Nu Alpha of Beta Sigma Phi will be holding a garage sale Saturday from 9 a.m. to 3:30 p.m. at 530 Springinsguth, Schaumburg.

PALATINE

A sale of stuffed cabbage rolls is planned for Saturday, May 29, by the women of Holy Resurrection Orthodox Church. Hours will be from 10 a.m. to noon in the church rectory, 1449 N. Quentin Rd. (south of Dundee Road). Advance orders are suggested by calling 537-7141.

LONG GROVE

A garage sale sponsored by the Women's Association of Long Grove Church will be held Saturday 10 a.m. to 5 p.m. in the community house next to the church on Long Grove Road. There will also be hm-home-baked goods, plants and crafts.

Come, view informal modeling of the Stage 7 collection from 12 to 3, today.

Student designs match Paris

by MARIANNE SCOTT

Students of the fashion design program at Harper College put it all together last Friday evening — the new looks, the new colors, the new fabrics.

However, just to mention that the students put on a fashion show of their own creations would be an understatement. The talent exhibited in the fast-moving show was awesome, far and above what anyone would expect.

"It's unreal!" commented one of the guests. Others were speechless as the 175 ensembles were paraded on the raised runway — one every 30 seconds.

Handmade lace, hand-crocheted, hand-beaded and hand-woven were some of the adjectives used by the commentator, Josie Tomes, who along with Chieko Nambu, is coordinator of the Harper design program. Other adjectives were hand-quilted, hand-tucked, hand-embroidered, hand-fagoted, hand-appliqued, hand-smocked, hand-painted and hand-batiked. And one was even hand-feathered.

The first half of the show ran the gamut from sun, play, and beach fashions to active sports, office, after-hours and the Year of the Dragon ensembles.

EXCELLENT MODELING tutelage from Jeanne Talamine Marin made for a sprightly, fast-moving show as models in tennis outfits carrying racquets and lobbed balls (Styrofoam) into the audience, and those in ski ensembles tossed snowballs. Models in office attire carried brown bag lunches, briefcases or steno pads. Models in jogging suits jogged and one in pajamas carried a Jack-Be-Nimble candle. Another wheeled her bicycle down the runway.

The second half of the show, equally lively, included a group of Bicentennial ensembles, furs, coats, capes and evening gowns. Mount Prospect Business and Professional Women's Club's first place winner, Cynthia Suszycki, modeled her winning wool gabardine cape appliqued in Ultra Suede during this portion of the show.

Norma De Divito, president of the BPW, awarded the club's $500 scholarship to Cynthia during the intermission. Nancy Lack, whose ensembles included a beige evening gown with self-fabric macrame, was awarded the club's $300 second place scholarship. Third place went to May Yuen, whose ensembles included a hand-sequined satin evening gown, and fourth went to Eileen Ciesemier, whose ensembles included a dusty rose Ultra Suede suit.

The BPW awards go to freshman students. Another freshman award, the outstanding freshman design award donated by the Ladies Auxiliary of the Patrick J. Ciange American Legion Post, went to Bernadette Binder, whose runway ensembles included a hand-woven pullover.

THE CROMPTON corduroy company gave awards to sophomores Barbara Juetersonke and Gail Robinson, and the Rose Granger award for outstanding workmanship went to Joan Kellerhals and Victoria Anderson, freshmen.

All the new looks for fall '76 — the ethnics, the tunics, gauchos, harem-type pants and blanket coats — were represented on the runway. The show had its share of whistle bait, too.

Again the Harper show rivaled that of the designer premieres. However, it did the Paris shows one better. The Harper models are not affected. They are enthusiastic, vivacious and animated yet poised. Above all they are natural. And it is refreshing to watch them after the staid professionals who mince primly down the runways.

PRINCE ANDREW

Prince Andrew

He's learning to be king, just in case

by ROBERT MUSEL

LONDON — A lady of the court looked at Prince Andrew one day and gave it as her opinion that he was the best looking young man in the royal family this century.

She also offered the opinion that he would break a few hearts on his way to the eventual domesticity which is the lot of royalty. On the theory that she mght be right this is an early warning to pretty teenagers everywhere.

Prince Andrew, approaching six feet, with a shock of light brown hair, blue eyes and the large even white teeth that are to the House of Windsor what a pendulous lip was to the Hapsburgs, celebrated his 16th birthday in February, but he looks older and acts that way.

HE IS AN ALL-AROUND athlete of reasonable accomplishment with a chance of being better than average in tennis. His grandfather, King George VI, actually played in the doubles at the Wimbledon Tennis championships. He has been in a few schoolboy roughouses in his time suffering a mild concussion on one melee at this Gordonstoun prep school in Scotland.

Unofficial reports from the battlefield that December 1974 day indicate that the young Prince dished it out as well as took it in what was officially described as "a bit of a rag" during which the second in line to the throne of Britain fell on his head.

Prince Andrew was the first child born to a reigning sovereign since 1857. The next day a horse named "Some Baby" ran at the Lingfield race track and so many Britons played it as a hunch that its 5-1 win almost broke the bookies. He has had a lot of fans every since.

QUEEN ELIZABETH has tried to keep him in the background during the period when Buckingham Palace is anxious to develop and establish the image of Prince Charles, the heir to the throne.

But occasional informal appearances show Andrew to be a highly attractive young man with a good dress sense and a fondness for using the Windsor knot — named after his great uncle, the Duke of Windsor — on his ties.

Usually second sons of the sovereign are kept on a fairly loose rein. Andrew is the first exception. When King Edward VIII abdicated to become the Duke of Windsor in 1936, there was no well-prepared replacement. His brother, King George VI, had to take over and learn while actually doing the job.

ONE OF THE FACTS of present day royal life in Britain is that Prince Charles takes chances. As a naval helicopter pilot he has had a couple of forced landings. He is a storming polo player.

None of this would have been permitted in former years. But since it is now, all precautions must be taken and Andrew is being trained as a replacement, if necessary.

This has put off to the indeterminate future one of his dearest ambitions — an incognito trip to the United States. He made one to France with a few schoolmates. Asked to fill out a form he gave his name as Andrew Edward (two of his four names), the occupation of his father (Prince Philip) as gentleman farmer and added, "My mother does not work."

He spent three weeks in France brushing up his good French and boarding with a French doctor and his family.

ONE OF THE first benefits of being 16 is that Andrew has reached the age when he can make his first solo glider flight. He has been taking lessons.

He also took lessons in driving from the late world champion Graham Hill but will have to wait till next year to join his speed-loving family behind the wheel. Sister Anne and brother-in-law Capt. Mark Phillips have both been charged with motoring offenses.

He is an expert horseman, like the rest of the family — Princess Anne was European Equestrian Champion — and a good swimmer. Prince Charles has no surname. But Andrew and his younger brother Edward can, if they wish, use the surname Mountbatten-Windsor by a decree of the Queen. In a manner of speaking Andrew is the head of the House of Mountbatten-Windsor.

Birth notes

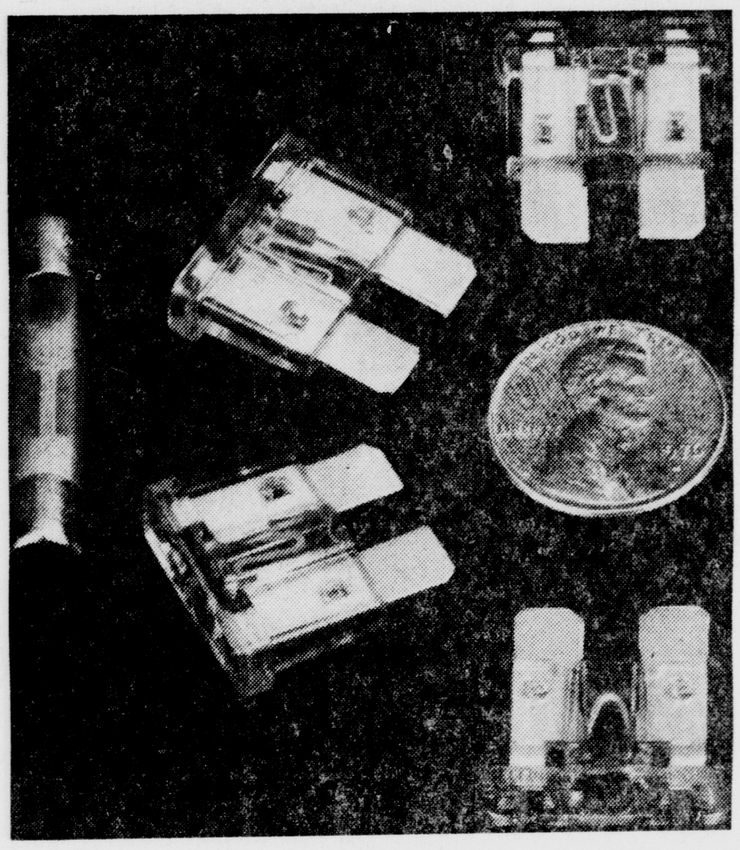
Littlefuse designs new fuse for GM cars



RESEARCH PAYS OFF: New plug-in fuses developed by Littelfuse Inc., Des Plaines, surround a penny. A glass fuse is shown at left.

For several years researchers at Littelfuse Inc., Des Plaines, worked on designs for a new automotive fuse.

Increased reliability and convenience were the goals set for the new device. The payoff finally came May 12 when company Pres. Jack D. Hughes announced a new Autofuse line to replace traditional glass-type cartridge fuses in General Motors' 1977 full-size cars.

Hughes said the plug-in fuse has only two components, a contrast to the glass fuse which has six parts. The new fuse will be used on all full-size 1977 Buicks, Chevrolets, Oldsmobiles, Pontiacs and Cadillacs.

Intensive research for the GM Packard Electric Division sparked development of the new fuse designed to improve electrical circuit protection for car owners.

"IN THE PAST few years, as more and more accessories have been added to automobiles, the number of fuses required to protect them has grown and consequently, so has the size of the fuse block," Hughes said. He said the new Autofuse allows added fuses to be installed on a fuse block.

The Autofuse is designed to blow quickly at the first sign of electrical overload conditions. Some automotive components can withstand overload conditions for only short periods of time, Hughes said.

Another concern for researchers is the convenience of fuse location and replacement, Hughes said. Service personnel and do-it-yourselfers should be able to make replacements quickly.

The Des Plaines company develops and markets a variety of fuses. Fuseholders, circuit breakers, switches and relays are other products. The firm at 800 E. Northwest Hwy. is a subsidiary and components group headquarters for Tracor Inc. of Austin, Tex.

Consumer confidence improved

Rise in economy projected to '77

Improved consumer attitudes and favorable trends in employment and auto sales add up to predictions of economic expansion through early 1977, according to University of Michigan economist F. Thomas Juster.

In the spring issue of Economic Outlook USA Juster said, "It would take very little in the way of additional favorable developments to produce a genuine boom in the second half of the year."

"A favorable reception for the 1977 automobile models, a return to the historic 6 per cent saving rate, a quicker upturn in plant and equipment (investment), a scramble to rebuild inventory positions — any of these are potential developments, and if they all happen together the growth rate of real output could easily reach double-digit proportions sometime during the year," the economist said. The only "fly in the ointment," Juster said, is the risk that inflationary wage settlements will hamper progress against inflation.

ECONOMIC OUTLOOK USA is published by the Survey Research Center in the University of Michigan Institute for Social Research. Jay Schmiedeskamp, director of the institute's surveys of consumer attitudes, reports that the recovery in consumer sentiment has gained momentum.

"The February survey findings suggest that consumer confidence is much less vulnerable to bad news than was the case last fall," Schmiedeskamp said. "The recent sentiment improvement is sufficiently large and broad-based across all income groups so that it is not likely to be reversed in the months ahead."

CONSUMERS ARE generally in a buying mood this year compared with 1975, he said. Although an increase in consumer spending for autos and other items can be expected, some consumers still are worried about the economy's long term outlook.

Victor Zarnowitz of the University of Chicago said in the report that "considerable gains" in capital spending beginning late in 1976 may occur. "The upswing in total production, employment, income, consumption and trade is developing well — much better than was commonly expected," he said.

Pressures for change rooted in demographic trends are outlined by George H. Brown, secretary of the Conference Board, Inc. business organization. Birth-rate declines will increase the importance of older persons as consumers, Brown said. A sharply rising educational level of consumers and workers underlies the consumer movement and declining respect for authority and institutions, he said.

Stocks close up at 1.81 pts. in moderate trading day

NEW YORK (UPI) — An optimistic forecast for the nation's economy sent prices slightly higher in moderate trading Tuesday on the New York Stock Exchange despite concern over higher interest rates.

Analysts said the recent rise in federal funds rates, which set the trend for most interest rates, prevented the market from sustaining a solid advance.

The Dow Jones industrial average, which lost 4.96 points Monday, was up 1.81 to 980.45. Earlier in the day the blue-chip indicator had been ahead more than three points.

STANDARD & Poor's 500-stock index gained 0.17 to 101.26, the NYSE common stock index rose 0.08 to 53.92, and the average price of an NYSE common share increased by five cents.

The lead held by advances narrowed during the day to 722 against 694 declines, among the 1,896 issues crossing the tape.

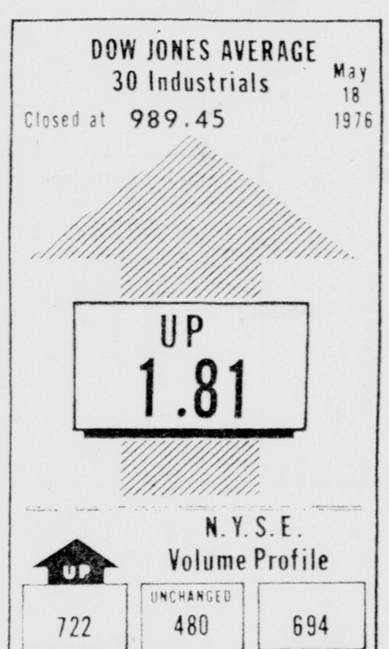
Volume totaled 17,410,000 shares, up from the 14,720,000 shares turned over Monday.

Some investor uneasiness over the economic outlook was assuaged by Alan Greenspan, chief of the President's Council of Economic Advisers, who said the economy is "in the early stages of expansion" and headed for "a fairly strong growth through 1976 and 1977."

FANSTEEL INC. led the Big Board actives, unchanged at 22-3/8 on 229,100 shares, including a block of 100,000 shares at 22-3/8. Fansteel's board Monday voted unanimously to recommend shareholders approve the cash tender offer proposed by Lear Siegler, which added ¼ to 9-5/8.

Texas Utilities was second on the active list, off 1/8 to 17-7/8 on 184,500 shares. Florida Power & Light was third, down 1 to 22-3/8 on 179,600 shares.

Prices closed mixed in moderate trading on the American Stock Exchange. The average price of an Amex share gained two cents. Declines led advances, 323 to 276, among the 922 issues traded. Volume totaled 2,283,000 shares.



Alcoholic rehabilitation May 25 seminar topic

Successful employe alcoholism treatment programs will be discussed at a seminar Tuesday at the Lancer Steak House, Schaumburg.

Seminar speakers will offer information on recognition of alcoholism and economic factors in rehabilitation success. The program is sponsored by the Maine Township Council on Alcoholism, the Northwest Industrial Council and Harper College.

Registration will start at 8:30 a.m. The program will conclude at 1 p.m.

The Rev. John Keller, administrative director of the division of psychiatry, Lutheran General Hospital, is among the seminar speakers. He will discuss the role of the treatment center.

The cost for the program is $20.

Strike battles still going strong

by United Press International

Picket lines thrown up by striking NBC employes Tuesday disrupted hearings of the Democratic Platform Committee in Washington. Union and company officials of Continental Trailways predicted the bus line's southern workers would vote to end their strike.

Labor leaders in New York City asked two million workers to withhold rent payments from landlords of strike-hit apartment buildings. United Parcel Service fired about 125 employes for refusing to return to work pending a ratification vote on a tentative contract agreement.

No break was in sight in the rubber workers strike against four major tiremakers, and Teamsters and Anheuser-Busch Inc. were at a stalemate on the question of amnesty for strikers accused of strike violence in the long beer strike.

THE NATIONAL Broadcasting Company's striking newswriters and technicians set up picket lines outside a hall in the nation's capital and several key witnesses declined to cross the lines. One of the witnesses turned away, according to committee Chairman Wendell Anderson, was United Auto Workers Pres. Leonard Woodcock.

Party leaders decided to circumvent the union lines by moving the hearings to Capitol Hill, where picketing is prohibited. That brought a charge of "strikebreaking" from some union sources.

The NBC workers have been on strike since early March.

Votes of Continental Trailways drivers and other workers, who have been on strike in nine southern states for 18 days, were to be counted Tuesday night in Nashville, Tenn., Jackson, Miss., and Macon, Ga.

AUSTIN BILLINGS, an official of a Nashville-based local of the Amalgamated Transit Workers Union, said "it's a resonable offer. . ..and we've recommended that members approve it." H. W. Loring, general manager of Continental Tennessee, one of five Trailways branches affected, said he also expected a settlement.

John J. Sweeney, president of Building Service Employes Union Local 32B in New York, appealed to AFL-CIO leaders to ask union members to refuse to pay rents in buildings struck by the apartment workers. The Landlords' Realty Advisory Board said it was seeking a formula to get new negotiations started to end the strike, now in its third week.

Most employes of United Parcel Service have returned to work pending a ratification vote on the tentative agreement. The delivery company dismissed a group of dissidents in Louisville, Ky., Monday when they defied a UPS official's back-to-work order.

Sears reports 56% income jump

A 56 per cent jump in first quarter net income compared to 1975 results was reported Monday by Sears, Roebuck and Co. chairman and chief executive officer Arthur M. Wood.

Speaking at the company's annual shareholders meeting in Chicago, Wood said net income for the three-month period ending April 30 was $85,067,000 or 54 cents a share. The figure compares to year-earlier net income of $54,352,000 or 34 cents a share.

Sears' net sales rose to $3,197,001,000, compared to $2,836,571,000 one year ago.

Wood said Sears equity in the net income of Allstate Group was $21 million or 13 cents per Sears share. Allstate's property-liability insurance operations produced an operating loss of $84.7 million and investment income of $50.1 million before taxes. The outlook for Allstate is improving and Sears prospects for the rest of the year are good, Wood said.

Senate panel passes natural gas pricing bill

WASHINGTON (UPI) — The Senate Commerce Committee Tuesday overwhelmingly approved a natural gas pricing bill described variously as a compromise, a step in the right direction, and better than nothing.

The bill would put newly produced onshore gas under a ceiling of approximately $1.60 per thousand cubic feet, compared with the current federal ceiling of 52 cents. That new ceiling would be removed in seven years.

Offshore new gas would be allowed to go to a new ceiling of approximately $1.35 per thousand cubic feet, with five-year adjustments based on inflation and other criteria.

USE OF natural gas in industrial boilers would be phased out under the bill.

The Commerce Committee approved the bill 16 to 1. The dissenter was Sen. John A. Durkin, D-N.H., who protested the committee had not had hearings on the compromise.

Backers of the bill said it could break the House-Senate impasse over natural gas pricing. The Senate passed a more generous natural gas bill months ago, and the House passed a much more restrictive bill, extending federal regulation to within-the-state operations of the largest gas firms.

"This is a compromise which satisfies no one completely," said Sen. Adlai E. Stevenson III, D-Ill. "It is the best that could be adopted . . . a step in the right direction."

"Getting a bill, even in this form, is better than getting nothing," said Sen. Howard W. Cannon, D-Nev.

THE COMMITTEE staff estimated that the average home's natural gas bills would increase 10 to 15 per cent a year under the present regulation, and probably not much more or less with the legislation. A staff spokesman said if the bill generates new supplies of gas, and they supplant more expensive energy, the total energy bills of some Americans could even decrease.

The differing House and Senate versions of earlier gas legislation never got to a conference committee. The House bill would lift regulation of smaller producers, but extend regulation to intrastate operations of big producers. Intrastate prices are not under federal regulation now.

The previous Senate bill would have removed ceilings on onshore gas and phased out the controls on offshore gas in five years.

Hike in liability lawsuits plagues insurance trade

The increasing number of medical malpractice and product liability lawsuits are causing problems in the insurance industry, according to the recent annual report of the Illinois Insurance Information Service.

The 25 major Illinois-based property casualty companies also reported "the most disastrous automobile insurance results in the history of Illinois and the nation." The report estimates losses of $850 million were paid or reserved during 1975 by auto insurance companies doing business in the state.

The Illinois Insurance Information service companies also elected Edmund J. O'Brien, general counsel of the Kemper Insurance Group of Long Grove, as president. O'Brien is an Arlington Heights resident.

THE ILLINOIS insurance companies are organized on a stand-by basis through the new Illinois Joint Underwriting Assn. for a "zero hour" in the availability of insurance for doctors and hospitals. The stand-by program would go into effect only if the Illinois State Medical Society's plans for insurance coverage fail.

The service companies view "with some trepidation" the prospects of involvement in the joint underwriting association, the report said.

The service said a 39.4 per cent hike in malpractice lawsuit filings in Cook County during 1975 compared to the previous year is a danger signal.

The insurance industry has cooperated in discussion of a long-term solution to the malpractice problem, the service said. The Illinois Dept. of Insurance, medical professionals, the Illinois General Assembly, the legal profession and the consumer are included in the talks.

"Any possible solution, however, seems certain to draw the operations of the property-casualty companies even deeper into areas requiring them to function as social instruments to the detriment of their essential function as an economic mechanism," the report states.

Volunteer workers honored by social service agencies

It is incorrect to talk about volunteer work as the giving of something for nothing. Persons involved in volunteer service know that the worth of the work is inestimable.

Hospitals, schools social service organizations and other agencies depend on the efforts of volunteers and are observing National Volunteer Week, May 16-22.

"Nonprofessionals can relate on a one-to-one basis with people who are under stress and in pain because they have the time," said Margaret Burrows, a Des Plaines resident and director of more than 1,000 active volunteers at Lutheran General Hospital, Park Ridge.

"VOLUNTEERISM MEETS two needs — that of the patient and of the volunteer. I think it is part of every true person to want to help at some particular point in his life," she said.

Area hospitals use volunteers in a variety of roles. At Lutheran General they work in the emergency and outpatient departments, cardiology, intensive care, inhalation therapy, psychiatry and on the medical floors.

"Every job given to a volunteer is a meaningful job. It isn't busy work," said Mrs. Burrows. "Each thing they do relieves a professional person to give more time to patient care."

Though traditionally thought of as 'women's work," there are more than 50 male volunteers at Lutheran General as well as a number of husband and wife volunteer teams.

ALEXIAN BROTHERS Medical Center, Elk Grove Village, relies on the efforts of more than 250 adult volunteers and 150 junior volunteers. Together they contributed a total of 49,256 hours of service to the hospital in 1975.

At Holy Family Hospital, Des Plaines, some 415 volunteers worked a total of 52,500 hours for the hospital.

Northwest Community Hospital, Arlington Heights, uses the services of 650 volunteers, with a total of 89,040 hours of service yearly.

The Volunteer Service Bureau, with offices at 301 W. South St., Arlington Heights, coordinates volunteer work for area groups. A representative from the Volunteer Service Bureau will be at the Des Plaines Library, 841 Graceland Ave., today to answer questions about the organization's needs and activities.

On May 26, the bureau will honor volunteers at an awards dinner at Trinity Methodist Church, Mount Prospect.

TO BE HONORED for their work are:

Christopher Weakley, and James Morita, Elk Grove Village; Doris Brinton, Rolling Meadows; Hiroko Kurihara, Mount Prospect; Ralph and Blanche Andreas, Marcia Harms, Paul Schott, Gloria Daniel and a representative of the Honeybelles at Honeywell Inc., Arlington Heights, Marily Bogen and David Martin, Palatine; Richard Abanto and Holly Peters, Hoffman Estates; Marcia Krahl, Wheeling; Carl Rein, Schaumburg; and Phillip Genovise, Des Plaines.

VILLAGE OF PALATINE, ILLINOIS
WATERWORKS AND SEWERAGE REVENUE BONDS

Ordinance No. O-49-76

AN ORDINANCE PROVIDING FOR COMBINING THE EXISTING WATERWORKS SYSTEM AND THE EXISTING SEWERAGE SYSTEM OF THE VILLAGE OF PALATINE, COOK COUNTY, ILLINOIS, AND AUTHORIZING AND PROVIDING FOR THE ISSUE OF $1,500,000 OF WATERWORKS AND SEWERAGE REVENUE BONDS, SERIES OF 1976, OF THE VILLAGE FOR THE PURPOSE OF PAYING THE COST OF CONSTRUCTING IMPROVEMENTS AND EXTENSIONS TO THE COMBINED SYSTEM AND PROVIDING FOR THE PAYMENT OF THE BONDS.

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF PALATINE, COOK COUNTY, ILLINOIS, AS FOLLOWS:

Section 1. Definitions. For the purpose of this Ordinance the following terms shall have the following meanings:

(a) The term "Village Board" shall mean the President and Board of Trustees of the Village.

(b) The term "Bonds" shall mean the Waterworks and Sewerage Revenue Bonds, Series of 1976, of the Village authorized by this Ordinance.

(c) The term "Village" shall mean the Village of Palatine, Cook County, Illinois.

(d) The term "Expense of Operation and Maintenance" shall mean all costs reasonably incurred in connection with the continued operation, use and maintenance of the System which under good accounting practices are properly chargeable to and are reasonable and necessary for its efficient operation, maintenance and repair (other than capital improvements including the purchase of new meters and other than the cost of extraordinary repairs and maintenance to the System). Such costs include, but are not limited to, the costs of wages, salaries, materials, supplies, insurance premiums required to be carried by this Ordinance and power. Expense of Operation and Maintenance does not include any provision for depreciation nor any transfers to other funds of the Village in lieu of taxes on the System or for general supervisory or administrative charges of the Village.

(e) The term "Gross Revenues" shall mean all income, revenues and receipts received directly or indirectly from the initial and continued use and operation of the System, including, but not limited to, connection fees, interest received on investments made with revenues of the System and profits realized from the sale of such investments.

(f) The term "Junior Lien Bonds" shall mean any Bonds payable as to principal or interest from the Net Revenues of the System, issued by the Village pursuant to paragraph (e) of Section 10 of this Ordinance.

(g) The term "Net Revenues" shall mean the excess of the Gross Revenues over the Expense of Operation and Maintenance of the System and prior to any provision for depreciation or payment of principal of or interest on the Bonds, any Parity Bonds or any Junior Lien Bonds.

(h) The term "Parity Bonds" shall mean bonds hereafter issued on a parity with the Bonds under the provisions of Section 10 of this Ordinance.

(i) The term "Waterworks and Sewerage Fund" shall mean the Waterworks and Sewerage Fund of the Village referred to in Section 7 of this Ordinance.

(j) The term "System" shall mean the combined waterworks and sewerage system of the Village and all improvements thereto and extensions thereof, including the sewerage collection and treatment system now owned and operated by the Village and the waterworks system of the Village. The System includes, without limitation, mains, hydrants, meters, valves, standpipes, storage tanks, pump tanks, intakes, wells, impounding reservoirs, pumps, machinery, purification plants, softening apparatus and all other elements useful in connection with a water supply or water distribution system; sewerage treatment plants, collecting, intercepting and outlet sewers, lateral sewers and drains, including combined and separate storm water and sanitary drains, force drains, conduits, pumping stations, ejector stations and all appurtenances necessary, useful or convenient for the collection, treatment or disposal in a sanitary manner of sewage and industrial waste; and all real estate used in connection with the foregoing.

Section 2. Findings. It is found, determined and declared as follows:

(a) The Village is presently operating its waterworks system which consists generally of wells, reservoirs, pumps, hydrants, water mains and various appurtenances. It is also presently operating its sewerage system which consists generally of laterals, mains and lift stations. It is advisable and necessary for the best interests of the Village that the Village's existing waterworks and sewerage system be combined and operated as a single system.

(b) There are no bonds or other obligations of the Village presently outstanding which are payable from the revenues of the Village's existing sewerage system or secured by a mortgage on that system. There are presently outstanding certain revenue bonds of the Village payable from the revenues of the Village's existing waterworks system. The Village has determined irrevocably to deposit with the paying agent for those bonds funds sufficient to redeem those bonds at their earliest redemption date, May 1, 1977, including interest to that date and fees of the paying agent, and has determined to give notice of such redemption as

Continued

Continued

provided in the ordinance authorizing such bonds. This deposit and giving of notice will be accomplished prior to the issuance of the Bonds and will be sufficient to defease the obligation of the Village for such bonds and to discharge the lien of those bonds on the revenues of the waterworks system. There are no other obligations payable from the revenues of the waterworks system or secured by a mortgage on that system, and there are no outstanding obligations of the Village payable from the revenues of the System or secured by any mortgage thereon.

(c) It is necessary for protection of the public health and for the welfare of the Village and in the public interest for the Village to expand and improve the System by the construction and acquisition of improvements and extensions to the System, including a new deep water well, with a wellhouse, pump and necessary controls and appurtenances; a 1,500,000 gallon ground storage tank; various connecting mains and a pumping station.

(d) An estimate of the costs of constructing and acquiring such extensions and improvements to the System, including all engineering costs, legal, financial and administrative expenses, land acquisition, bond discount and other expenses including contingencies, has been prepared for and submitted to the Village Board by the Village Manager, which estimate is dated May 6, 1976. The estimate of the costs is $1,599,000. That estimate of costs is approved, adopted as the estimate of the Village Board and placed on file with the Village Clerk for public inspection.

(e) The Village does not have funds to pay the costs of constructing and acquiring the extensions and improvements to the System described in this Section. It is necessary and in the public interest that the Village borrow the sum of $1,500,000 for such purposes and issue $1,500,000 of its Waterworks and Sewerage Revenue Bonds in evidence of such borrowing.

(f) The period of usefulness of the System and of the extensions and improvements to the System described in this Section are both in excess of forty years from the date of this Ordinance.

(g) The Village is a "home rule unit" as that term is defined in Section 6 of Article VII of the 1970 constitution of the State of Illinois, the Village having a population in excess of 25,000 and having not by referendum elected not to be such a home rule unit. Pursuant to the provisions of Section 6(a) of Article VII, the Village may exercise any power and perform any function pertaining to its government and affairs, including but not limited to, the power to tax and to incur debt. The Bonds are to be issued pursuant to the Village's home rule powers.

Section 3. Combination of Systems. The Village's existing waterworks system and its existing sewerage system are combined and shall be maintained and operated together as a combined waterworks and sewerage system, which shall include the entire waterworks and sewerage system of the Village.

Section 4. Issuance of Bonds. For the purpose of defraying the Village's costs of constructing and acquiring improvements and extensions to the System, all as described generally in Section 2 of this Ordinance, there shall be borrowed by the Village the sum of $1,500,000. In evidence of that borrowing, there shall be issued Waterworks and Sewerage Revenue Bonds of the Village in the aggregate principal amount of $1,500,000. The Bonds shall be designated "Waterworks and Sewerage Revenue Bonds, Series of 1976," shall be dated June 1, 1976, shall be of the denomination of $5,000 each, shall be numbered consecutively from 1 to 300, inclusive, and shall bear interest at a rate of eight per cent (8%) per year (or such lesser rate as may be fixed by resolution of the Village Board awarding the sale of the Bonds), payable on May 1 and November 1 of each year, with the first interest payment date being on November 1, 1976. The Bonds shall mature serially on May 1 of each of the years and in the amounts as follows (subject to the right of prior redemption as recited below):

Bond Numbers	Principal Amount	Maturity (May 1)
1-5	$ 25,000	1977
6-10	25,000	1978
11-20	50,000	1979
21-30	50,000	1980
31-40	50,000	1981
41-50	50,000	1982
51-60	50,000	1983
61-70	50,000	1984
71-85	75,000	1985
86-100	75,000	1986
101-115	75,000	1987
116-130	75,000	1988
131-145	75,000	1989
146-165	100,000	1990
166-185	100,000	1991
186-205	100,000	1992
206-225	100,000	1993
226-250	125,000	1994
251-275	125,000	1995
276-300	125,000	1996

Bonds numbered 1 to 115, inclusive, maturing on May 1 of each year of the years 1977 to 1987, inclusive, are not redeemable prior to their maturity.

Bonds numbered 116 to 300, inclusive, maturing on May 1 of each of the years 1988 to 1996, inclusive, are redeemable prior to their maturity at the option of the Village, in whole or in part in the inverse order of maturity and within a maturity by lot if less than a whole maturity is redeemed, on any interest payment date on or after May 1, 1987, at par plus the respective redemption premiums (expressed as percentages of the principal amount of the Bonds to be redeemed) set forth below, plus in each case accrued interest to the date of redemption.

Date of Redemption	Redemption Price
On and after May 1, 1987 to and including May 1, 1990	3%
On and after November 1, 1990 to and including May 1, 1993	2
On November 1, 1993 and thereafter	1

Written notice of the redemption of any of the Bonds shall be given by the Village to the registered owner of each such Bond called for redemption which is registered as to principal by certified or registered mail at least thirty (30) days prior to the date of redemption. Notice of redemption shall also be given by publication at least once not less than thirty (30) days prior to the date of redemption in The Bond Buyer, published in the City of New York, New York, or in the event that journal ceases publication, then in an equivalent financial journal published and of general circulation in the City of New York, New York. Such notice of redemption shall designate the date and place of redemption of the Bonds, which shall be at the paying agent to be hereafter designated, shall designate the serial number and the aggregate principal amount of the Bonds to be redeemed, and shall indicate that on the designated date of redemption such Bonds will be redeemed by payment of the principal thereof, premium, if any, and accrued interest thereon, and that from and after the designated redemption date interest in respect of the Bonds so called for redemption shall cease.

Section 5. Bond Payment. Both principal of and interest on the Bonds shall be payable in lawful money of the United States of America at such bank or trust company as may hereafter be agreed by the purchaser or purchasers of the Bonds and the Village, or if none can be agreed, as designated by the Village. Each Bond shall be executed by the facsimile signature of the President of the Village, sealed with the corporate seal of the Village (or with a facsimile thereof printed on the Bonds), and attested by the manual signature of the Village Clerk, and the interest coupons attached to the Bonds shall be executed by the facsimile signatures of the President and Clerk. The President is authorized and directed to file with the Illinois Secretary of State his manual signature certified by him, which shall authorize use of his facsimile signature to be used to execute the Bonds and the coupons, all pursuant to the Uniform Facsimile Signature of Public Officials Act, as amended, by which such facsimile signature the Bonds and the coupons shall be as effective as if executed by the hand of the President. The Village Clerk by his manual signature on each Bond shall adopt the facsimile of his signature appearing on the coupons annexed to such Bond as his signature. Each coupon shall thereafter be as effective as if executed by the hand of the Village Clerk.

The Bonds, together with interest thereon, shall be payable solely from the Net Revenues of the System, and the Bonds shall not in any event constitute an indebtedness of the Village within the meaning of any constitutional or statutory limitations. The Village does not pledge any tax revenues or receipts in any way towards payment of the Bonds, either as to interest or principal.

Any of the Bonds may be registered at the option of the holder as to principal only in the name of the holder on the books of the Village in the office of the Village's Treasurer. Such registration shall be noted on the reverse side of the Bonds by the Village Treasurer. Thereafter the principal of such registered Bonds shall be payable only to the registered holder, or such person's legal representatives or assigns. Registered Bonds may be transferable to another registered holder or back to bearer only upon presentation to the Village's Treasurer of a legal assignment duly acknowledged or approved. Registration of any of the Bonds shall not affect the negotiability of the coupons attached to such Bonds, but such coupons shall be transferable by delivery merely.

Section 6. Form of Bonds and Coupons. The Bonds and coupons attached thereto shall be in substantially the following form:

(Form of Bonds)

UNITED STATES OF AMERICA
STATE OF ILLINOIS VILLAGE OF PALATINE
WATERWORKS AND SEWERAGE REVENUE BOND,
SERIES OF 1976

Number ——— $5,000

The Village of Palatine, Cook County, Illinois (the "Village"), for value received, promises to pay to bearer or if this bond be registered as to principal, as hereinafter provided, then to the registered holder hereof, solely from the Waterworks and Sewerage Fund of the Village as hereinafter mentioned and not otherwise, the principal sum of Five Thousand Dollars ($5,000) on May 1, ———, together with interest on such principal sum from the date of this bond until it is paid, at the rate of ——— per cent (—%) per year, payable on May 1 and November 1 of each year with the first interest payment date being on November 1, 1976. The interest accruing at or prior to the maturity of this bond shall be paid upon presentation and surrender of the interest coupons attached to this bond as they severally become due.

Both principal of and interest on this bond are made payable in lawful money of the United States of America at

---

This bond and the series of which it forms a part are payable solely from revenues derived from the combined waterworks and sewerage system of the Village and not otherwise, and is issued by the Village under its constitutional home rule powers, for the purpose of paying the costs of constructing and acquiring necessary improvements and extensions to the Village's combined waterworks and sewerage system. This bond does not constitute an indebtedness of the Village within any constitutional or statutory limitation or within any limitation imposed by ordinance of the Village.

This bond is one of an authorized issue of $1,500,000 aggregate principal amount of bonds, numbered from 1 to 300, inclusive, of the denomination of Five Thousand Dollars ($5,000) each, of like date and tenor except as to maturity, rate of interest and privilege of redemption prior to maturity.

Bonds numbered 1 to 115, inclusive, maturing on May 1 of each of the years 1977 to 1987, inclusive, are not redeemable prior to their maturity.

Bonds numbered 116 to 300, inclusive, maturing on May 1 of each of the years 1988 to 1996, inclusive, are redeemable prior to their maturity at the option of the Village, in whole or in part in the inverse order of maturity and within a maturity by lot if less than a whole maturity is redeemed, on any interest payment date on or after May 1, 1997, at par plus the respective redemption premiums (expressed as percentages of the principal amount of the bonds to be redeemed) set forth below, plus in each case accrued interest to the date of redemption.

Date of Redemption	Redemption Price
On and after May 1, 1987 to and including May 1, 1990	3%
On and after November 1, 1990 to and including May 1, 1993	2
On November 1, 1993 and thereafter	1

Notice of the redemption of any or all of such bonds which by their terms shall have become subject to redemption shall be given by the Village to the registered owner of each Bond called for redemption which is registered as to principal by registered or certified mail at least thirty (30) days prior to the date of redemption. Notice of redemption shall be given by publication by at least once not less than thirty (30) days prior to the date of redemption in The Bond Buyer, published in the City of New York, New York, or in the event that journal ceases publication then in an equivalent financial journal published and of general circulation in the City of New York, New York. When any or all of such bonds which by their terms have become subject to redemption and payment prior to their maturity shall have been called for redemption, and payment made or provided for, interest on such bonds shall cease from and after the date so specified.

Under the Ordinance of the Village authorizing issuance of the bonds, the revenues from the operation of the combined waterworks and sewerage system of the Village shall be deposited in a separate fund designated as the "Waterworks and Sewerage Fund of the Village of Palatine." That fund shall be used and is pledged for paying the cost of operation and maintenance of the Village's combined waterworks and sewerage system, providing an adequate depreciation fund and paying the principal of and interest on the bonds of the Village that are payable by their terms from the revenues of such system, and in making all payments required to maintain the accounts created under the terms of the Ordinance pursuant to which this bond is issued and for expenditures from those accounts as provided in such Ordinance.

The rights and obligations of the Village and of the holders of the bonds authorized by the Ordinance authorizing this bond may from time to time be modified or amended by a supplemental ordinance adopted by the President and Board of Trustees of the Village with the written consent of the holders of not less than two-thirds (2/3) of the aggregate principal amount of these bonds and all bonds hereafter issued on a parity herewith, then outstanding (excluding any bonds owned by or under the control of the Village). However, no such modification or amendment shall extend or change the maturity of, or the privilege of redemption prior to maturity of, or reduce the interest rate on, or otherwise alter or impair the obligation of the Village to pay the principal of and interest on the bonds authorized by the Ordinance authorizing this bond at the time, place and at the rate and in the currency provided in such bonds, without the express consent of the holder of such bond. No modification or amendment shall permit the creation of a preference or priority of any bond or bonds over any other bond or bonds, nor reduce the percentage of the holders of outstanding bonds required for the written consent to such modification or amendment.

It is certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this bond, have been done and have happened and have been performed in regular and due form as required by law. Provision has been made for depositing in the Waterworks and Sewerage Fund of the Village the revenues received from the operation of the combined waterworks and sewerage system to be applied in the manner as set forth above. The Village covenants and agrees that it will fix and maintain rates for the use and service of the sewerage system, and collect and account for the revenues from the sewerage system, sufficient at all times to pay the cost of maintenance and operation of that system, to provide an adequate depreciation fund, to pay promptly the principal of and interest on all bonds issued by the Village which by their terms are payable from the revenues of such combined waterworks and sewerage system, and to comply with all of the covenants of the ordinance under which this bond and the series of which it forms a part were issued.

This bond may be registered as to principal only in the name of the holder on the books of the Village in the office of the Village Treasurer, such registration to be evidenced by notation of the Village Treasurer on the back of this bond, after which no transfer of this bond shall be valid unless made on those books and similarly noted on this bond, but it may be discharged from such registration by being validly transferred to bearer, after which it shall be transferable by delivery, but it may be again registered as before. The registration of this bond shall not restrict the negotiability of the coupons by delivery merely.

IN WITNESS WHEREOF, the Village of Palatine, Cook County, Illinois, has caused this bond to be executed by the facsimile signature of its President, its corporate seal to be affixed hereto (or a facsimile thereof printed hereon) and attested by the manual signature of its Clerk, and the coupons hereto attached to be signed by the facsimile signatures of its President and Clerk, and this bond being dated June 1, 1976.

Section 7. Waterworks and Sewerage Fund. Upon the issuance of any of the Bonds, the System, for the purpose of this Ordinance, shall be operated on a fiscal year basis commencing the first day of May and ending the last day of April of each succeeding year. From and after the delivery of any of the Bonds, all the Gross Revenues shall be set aside as collected and be deposited in a bank account separate and apart from all other Village bank accounts and to be designed and accounted for as a separate fund which is created and designated the "Waterworks and Sewerage Fund of the Village," which shall constitute a trust fund, paying the principal of and interest upon all bonds of and conditions of this Ordinance, and shall be used only in paying the reasonable cost of operation and maintenance of the System, providing an adequate depreciation fund, paying the principal of and interest upon all bonds of the Village which by their terms are payable from the revenues derived from the System, and for the creation, maintenance and expenditure of funds in the respective accounts, all as provided for in Section 8 of this Ordinance.

Section 8. Accounts. There are created and established separate special accounts to be designated severally "Operation and Maintenance Account," "Bond and Interest Account," "Bond Reserve Account," "Depreciation, Improvement and Extension Account" and "Surplus Revenue Account," into which there shall be set aside on the first business day of each month without any further official action or direction all monies held in the Waterworks and Sewerage Fund of the Village, including all receipts to the end of the immediately preceding month, in accordance with the following priority:

(a) **Operation and Maintenance Account.** There shall be credited to the Operation and Maintenance Account on the first business day of each month an amount sufficient to pay the reasonable Expense of Operation and Maintenance of the System for the next succeeding month, including all but not limited to, one-twelfth of any such expenses computed on an annual basis.

(b) **Bond and Interest Account.** Upon the delivery of the Bonds there shall be deposited in the Bond and Interest Account all accrued interest included in the proceeds received from the sale of the Bonds. On the first business day of each month after issuance of any of the Bonds there shall be deposited in the Bond and Interest Account an amount at least equal to one-fifth of the amount of interest becoming due on the outstanding Bonds and Parity Bonds on the next succeeding interest payment date until there is on hand in such account the full amount of the interest payable on the next succeeding interest payment date. There shall also be deposited in the Bond and Interest Account on the first business day of each month an amount at least equal to one-tenth of the sum of the principal of all of the Bonds and Parity Bonds coming due on the next succeeding principal maturity date until there is also on hand in that account the full amount of the principal of the Bonds and Parity Bonds coming due on such date.

Money in the Bond and Interest Account shall be used only for the purpose of paying interest on and principal of the Bonds and Parity Bonds.

Funds to pay all of such principal and interest and to make such redemption, together with the fees and expenses of the paying agent for the Bonds, shall be remitted to the paying agent at least fifteen (15) days prior to the date the principal and interest becomes due. All fees of the paying agent shall, however, be paid from the Operation and Maintenance Account. All principal and interest coming due on May 1 of any year shall be considered for purposes of this Ordinance to be principal and interest requirements of the fiscal year ending the prior April 30.

(c) **Bond Reserve Account.** Beginning on the first day of the second month following delivery of the Bonds, there shall be credited to the Bond Reserve Account on the first business day of each month the sum of $2,000 each month.

Monies in the Bond Reserve Account shall be retained and used only for the payment of principal of or interest on any Bonds or Parity Bonds at any time when there are insufficient funds available in the Bond and Interest Account to pay such principal of or interest on the Bonds as it becomes due. However, whenever the balance in this account is equal to the maximum principal and interest requirements on all outstanding Bonds and Parity Bonds for any succeeding fiscal year, any surplus over and above such amount, in the discretion of the Village Board, may be transferred to the Depreciation, Improvement and Extension Account or may be used for calling and redeeming any Bonds, Parity Bonds or Junior Lien Bonds prior to their maturity, or for purchasing on the open market at not more than par and accrued interest any Bonds, Parity Bonds or Junior Lien Bonds. No Bonds or Parity Bonds shall be purchased within the sixty (60) days immediately prior to the next succeeding redemption date of any Bonds or Parity Bonds, and all bonds purchased or redeemed shall be cancelled.

(d) **Depreciation, Improvement and Extension Account.** Beginning on the first day of the second month following delivery of the Bonds, there shall next be credited to the Depreciation, Improvement and Extension Account on the first business day of each month the sum of $1,500 each month, or such greater amount as may be designated from time to time by the Village Board.

The monies in this account shall be used first to provide an adequate allowance for depreciation as shall be determined from time to time by the Village Board, and may be used from time to time to pay for any extraordinary maintenance, repairs and necessary replacements, or if not so needed, for improvement or extension of the System, including new meters, including for engineering relating to such maintenance, repairs, replacements, improvements or extensions. Funds shall be used at any time to pay principal of or interest upon any Bonds, Parity Bonds or Junior Lien Bonds whenever there are no other funds available to pay the same. However, that from and after such time as this account aggregates the sum of $200,000, any sums in excess thereof may be transferred to the Bond Reserve Account or to the Surplus Revenue Account at the discretion of the Village Board.

All proceeds received from the disposition of any property of the System shall be credited to this account, and may be used to pay the cost of improvements or extensions to the System remaining, or may be used for calling and redeeming Bonds, Parity Bonds or Junior Lien Bonds prior to their maturity, or for purchasing on the open market at not more than par and accrued interest any Bonds, Parity Bonds or Junior Lien Bonds.

(e) In the event that in any month there are insufficient monies in the Waterworks and Sewerage Fund to make the required monthly credits and deposits to any of the accounts (a), (b), (c) or (d) created by this Section, then the amount of such deficiency shall be added to the requirements for the succeeding month and made up in the priority in which such accounts are listed in this Section.

(f) **Surplus Revenue account.** All revenues remaining in the Waterworks and Sewerage Fund, after all credits have been made to the respective accounts herein provided for, shall at the end of each month be credited to the Surplus Revenue Account and the amount so credited shall be held and used for the following purposes:

(1) For making up any deficiency necessary to credit accounts (a) to (d), inclusive, with the required amounts therefor for each month as hereinabove provided.

(2) For paying principal of or interest on any Junior Lien Bonds.

(3) For transfer to any other account of the Waterworks and Sewerage Fund, or at the discretion of the Village Board for any lawful corporate purpose, including, but not limited to, any transfer to other funds of the Village in lieu of taxes or for any general supervision and administrative charges of the Village.

(g) Monies remaining in any of the accounts hereinabove created may by resolution of the Village Board be invested from time to time in direct obligations of the United States Government, or investments fully guaranteed by the United States Government, maturing not later than the earliest date on which it is estimated that monies in the accounts will be needed, but in no event later than five (5) years from the date of such investment. In lieu of investing money in obligations maturing as provided in the preceding sentence, the Village may invest any such money in United States Treasury obligations, State and Local Government Series which are redeemable at any time at the option of the District. Such securities shall be sold from time to time without further authority of the Village Board as monies may be needed for the purpose for which the accounts have been created. All accrued interest on any moneys so invested shall first be credited to the Waterworks and Sewerage Fund of the Village and then credited to the account for which the investment was made.

All uninvested money on hand shall be deposited in banks selected as depositories by the Village Board from time to time so as to be available when needed. Such bank accounts shall be separate from all other Village accounts, provided that all money in the Waterworks and Sewerage Fund may be deposited in a single bank account, except money in accounts (b) and (c) thereof, which shall be deposited in one or more separate bank accounts.

Section 9. General Covenants. The Village covenants and agrees with the holders of the Bonds and coupons appertaining to the Bonds that, so long as any of the Bonds remain outstanding and unpaid, either as to principal or interest, that:

(a) The Village will maintain the System in good repair and working order and will operate it continuously, efficiently and faithfully consistent with protection of the holders of the Bonds, and will punctually perform all its duties with respect to the System required by the Constitution and laws of the State of Illinois and this Ordinance, including, without limitation, the making and collecting of sufficient rates, segregating the revenues and applying the respective accounts in accordance with this Ordinance.

(b) The Village will establish and maintain at all times reasonable fees, charges and rates for all users of the service of the System, and provide for the collection of and for the segregation and application of the revenues of the System in the manner provided by this Ordinance, sufficient at all times to pay the reasonable costs of operation and maintenance of the System, to pay the interest on and principal of all bonds of the Village which by their terms are payable from the revenues of the System, and to provide for the minimum monthly credits to the Bond Reserve Account and the Depreciation, Improvement and Extension Account. Rates and charges shall be fixed and revised from time to time as may be necessary to produce funds sufficient for all purposes provided in this Ordinance.

The Village further covenants that such rates shall be set at a level so that Net Revenues of the System shall in each fiscal year equal or exceed 125% of the principal and interest requirements for such year on the then outstanding Bonds and Parity Bonds. If for any fiscal year the Net Revenues are less than 135% of the principal and interest requirements for such year on the then outstanding Bonds and Parity Bonds, the Village shall employ independent consulting engineers to review the adequacy of the Village's rates. A copy of the report of the independent consulting engineers shall be furnished to the original purchaser of the Bonds and to any bondholder upon request.

When any equipment or facility shall have become worn out, destroyed or otherwise insufficient for proper use, it shall be promptly replaced or repaired so that the value and efficiency of the System shall be at all times fully maintained. No free service of the System shall be furnished to any person, firm, organization, or corporation, public or private, except that the Village may refrain from charging itself for water or sewer services in any year in which the Net Revenues are otherwise sufficient to meet all the requirements of this Ordinance. It is further covenanted that the Bonds shall constitute a legally enforceable first lien on the Net Revenues.

(c) The Village will establish such rules and regulations for the control and operation of the System for the System's efficient and economical operation.

(d) The Village will make and keep the proper books and accounts (separate and apart from all other records and accounts of the Village), in which complete entries shall be made of all transactions relating to the System. The Village covenants that annually within ninety (90) days following the close of each fiscal year it will cause the books and accounts of the System to be audited by independent certified public accountants* showing the receipts and disbursements on account of the System. The audit will be available for inspection by the holders of any of the Bonds. Each such audit, in addition to whatever matters may be thought proper by the accountants to be included therein, shall, without limiting the generality of the foregoing, include the following:

(1) A detailed statement of the income and expenditures of the System for such fiscal year, including the deposits and credits to the various accounts provided in this Ordinance.

(2) A balance sheet as of the end of such fiscal year.

(3) The accountants' comments regarding the manner in which the Village has carried out the accounting requirements of this Ordinance, and the accountants' recommendations for any changes or improvements therein.

*(4) A list of all the insurance policies in force at the end of the fiscal year, setting out as to each policy the amount of the policy, the risks covered, the name of the insurer, and the expiration date of the policy.

(5) A statement of the number of metered and unmetered water customers of the Village as of the end of such fiscal year and of the quantity of water pumped during such fiscal year.

All expenses incurred in the making of the audit required by this section shall be included in the Expense of Operation and Maintenance. A copy of each such audit shall be furnished upon its completion to the original purchaser of the Bonds and to any bondholder on request. In addition, statements of revenues and expenditures of the System shall be furnished to the Village Board at least quarterly during each fiscal year. A copy of such statement shall be furnished to the original purchaser of the Bonds and shall also be furnished to any bondholder upon request.

(e) The Village will not sell, lease, loan, mortgage, or in any manner dispose of or encumber the System (subject to the right of the Village to issue additional obligations as provided in Section 10 of this Ordinance). However, this covenant shall not prevent the Village from disposing of any property which in the judgment of the Village Board is no longer useful or profitable in the operation of the System, or not essential to the continued operation of the System.

The proceeds from the sale of any property shall be credited to the Depreciation, Improvement and Extension Account established in Section 8 of this Ordinance. To the extent permitted by law it is expressly covenanted and agreed that the Village will not grant a franchise for the operation of any other or competing waterworks system or sewerage system or combination thereof within the Village.

(f) The provisions of this Ordinance shall constitute a contract between the Village and the holders from time to time of the Bonds. Any holder of a Bond or Bonds, or of any of the coupons of any Bond or Bonds may either in law or equity, by suit, action, mandamus or other proceedings, enforce or compel performance by the officials of the Village of all duties required by law and by this Ordinance, including the making and collecting of sufficient charges and rates for the water and the sewer service supplied by the System, and the proper application of the income and revenue therefrom. No changes or modification can be made in this Ordinance except pursuant to Section 11 of this Ordinance.

(g) The Village will carry insurance on the System of the kinds and in the amounts which are usually carried by private parties operating similar properties, including, without limiting the generality of the foregoing, fire, windstorm and public liability insurance and all additional insurance as shall be recommended by a competent consulting engineer employed for the purpose of making such recommendations. All money received for loss under such insurance policies shall be deposited in the Depreciation, Improvement and Extension Account, and used in making good the loss or damage with respect to which they were paid, either by repairing the property damaged or replacing the property destroyed. Provision for making good such loss or damage shall be made within ninety (90) days from date of loss. The payment of premiums for all insurance policies required under the provisions of this covenant shall be considered an Expense of Operation and Maintenance.

The proceeds derived from any and all policies for public liability shall be credited to the Operation and Maintenance Account and used in paying the claims on account of which they were received.

Section 10. Additional Bonds.

(a) It is covenanted and agreed that, while any of the Bonds are outstanding, the Village will not issue any other bonds or obligations of any kind of nature having a lien on the Net Revenues of the System, except as provided in this section.

(b) The Village reserves the right to issue at one time, or from time to time, as shall be found necessary and for the best interest of the Village by the Village Board, additional bonds on a parity with the Bonds for the purpose of constructing or acquiring improvements, replacements and extensions to the System, or for the purpose of refunding any Bonds, Parity Bonds or Junior Lien Bonds, including paying any interest due or to become due thereon or any redemption premiums thereon, of the Village, or for any combination of such purposes, but only if the Village shall have complied with the requirements of subparagraphs (1) and (2) below:

(1) The amounts required to have been credited and/or deposited to the respective accounts (a) through (d), inclusive, of Section 8 of this Ordinance, up to the effective date of the ordinance authorizing the Parity Bonds then proposed to be issued shall have been credited and/or deposited to the respective accounts, or provisions for such credits and/or deposits shall have been made;

(2) The Net Revenues (or if adjustment is required as provided in this subparagraph, the Adjusted Net Revenues) of the System for the full fiscal year immediately preceding the delivery of the Parity Bonds have been equal to not less than 135% of the maximum annual combined principal and interest requirement in any succeeding fiscal year during the life of all the outstanding Bonds on all of the Bonds and Parity Bonds then outstanding and of the additional Parity Bonds then proposed to be issued (excluding any Bonds and Parity Bonds to be refunded with the proceeds of the Parity Bonds then proposed to be issued).

For purposes of this Section Net Revenues shall be evidenced by the audit (to which reference is made in paragraph (d) of Section 9 of this Ordinance) of an independent certified public accountant.

In the event the rates of the System in effect as of the effective date of the ordinance of the Village Board authorizing any such Parity Bonds are different from the rates in effect during all the immediately preceding fiscal year, then the Net Revenues as provided in this paragraph (b) shall be adjusted to reflect the Net Revenues of the System for such period as they would have been had the rates as of the effective date of the Ordinance authorizing such Parity Bonds been in effect during all of such immediately preceding fiscal year. Any such Adjusted Net Revenues shall be evidenced by the certificate of a certified public accountant or an independent consulting engineer employed for that purpose, which certificate shall be approved by the Village Board prior to issuance of the Parity Bonds and filed with the Village Clerk upon its approval and which certificate when so approved shall be conclusive as to the amount of such Adjusted Net Revenues.

(c) Notwithstanding the foregoing provisions, the Village reserves the further right to issue Parity Bonds to refund any Bonds or Parity Bonds including paying interest on such Bonds or Parity Bonds, provided the additional Parity Bonds are issued to refund Bonds or Parity Bonds due within three (3) months of the date of issuance of such additional Parity Bonds and no other funds are or will be available at the maturity of the Bonds or Parity Bonds to be refunded to pay such Bonds or Parity Bonds.

(d) Any additional bonds issued as Parity Bonds shall be on an equal basis in all respects with the Bonds, shall share ratably and equally in the revenues of the System, and shall mature as to principal on May 1 of the year of maturity and shall have interest payable semi-annually on May 1 and November 1.

(e) The Village reserves the further right to issue Junior Lien Bonds subordinate and subject to the lien on the Net Revenue of the System of the Bonds and any Parity Bonds and payable from the Surplus Revenue Account only after all credits and deposits have been made to all the accounts to which reference is made in paragraphs (a) through (d) of Section 8 of this Ordinance. Any Junior Lien Bonds shall have principal payments on May 1 of the year of maturity and interest payable semi-annually on May 1 and November 1. In addition, the Village may use monies in the Surplus Revenue Account, to the extent not required for use in subparagraphs (1) and (2) of paragraph (f) of Section 8 of this Ordinance, to pay principal of and interest on any other bonds of the Village, including general obligation bonds, issued for any purpose for which Parity Bonds may be issued.

Section 11. Amendment. The rights and obligations of the Village and of the holders of the Bonds may from time to time be modified or amended by a supplemental ordinance adopted by the Village Board with the written consent of the holders of not less than two-thirds (2/3) of the principal amount of all of the Bonds and Parity Bonds then outstanding (excluding any Bonds or Parity Bonds owned by or under the control of the Village). However, no such modification or amendment shall extend or change the maturity of, or the privilege of redemption prior to maturity, or reduce the interest rate on, or otherwise alter or impair the obligation of the Village to pay the principal of and interest on the Bonds at the time, place and at the rate, and in the currency, provided in the Bonds, without the express consent of the holder of such Bond, nor shall any such modification or amendment permit the creation of a preference or priority of any Bond or Parity Bond over any other Bond or Parity Bond, nor reduce the percentage of the holders of outstanding Bonds and Parity Bonds required for the written consent of such modification or amendment. Each such consent must be accompanied by proof of ownership of the Bonds or Parity Bonds for which consent is given, which proof must be in a form approved by the Village Board and each such consent and proof of ownership must be on file with the Village Clerk prior to the adoption of such modifying or amendatory ordinance.

Section 12. Sale of Bonds. After this ordinance becomes effective, the Bonds shall be sold by the Village Board in such manner it may hereafter determine. If the acceptable bidder(s) offer(s) to purchase any of the Bonds bearing interest at a lesser rate than the maximum interest rate set forth above in this Ordinance, then the Village Board shall, upon making the award of the sale of the Bonds, adopt a resolution reducing the interest rates on the Bonds in accordance with the terms of the acceptable bid. The Bonds shall thereafter be prepared bearing interest in accordance with such resolution. After the execution of such Bonds in the manner provided in this Ordinance, they shall then be delivered to the Treasurer of the Village. If any interest coupons on any Bonds being delivered shall be payable as of a date prior to the date of delivery of such Bonds, such coupons shall be detached prior to such delivery and be cancelled. The Treasurer shall deliver such Bonds to the purchaser(s) thereof upon receipt of the purchase price therefor. The resolution to be adopted awarding the contract for the sale of the Bonds to the purchaser(s) thereof shall designate the bank or banks where the Bonds and interest coupons shall be payable.

Section 13. Use of Proceeds. The proceeds received upon the sale of the Bonds, less the amount of accrued interest, shall be placed in a bank account to be designated the "Waterworks and Sewerage System Construction Fund Account of the Village of Palatine," hereafter referred to as the "Construction Fund," separate and apart from all other funds of the Village and shall be deposited in a bank or banks which shall hereafter be designated as depositories by the Village Board for the funds of such account. The accrued interest received from the sale of the Bonds shall be deposited from the amount received upon the sale of the Bonds in the Waterworks and Sewerage Fund of the Village to the credit of the Bond and Interest Account established by Section 8 of this Ordinance. The Construction Fund shall be held and used solely to pay the costs of constructing and acquiring the improvements and extensions to the System, all as described in Section 2 of this Ordinance. The monies deposited in the Construction Fund may be temporarily invested from time to time in direct or fully guaranteed obligations of the United States Government having a maturity of not less than fifteen (15) days prior to the date when such funds will be needed, and in any event not later than eighteen (18) months from the date of investment. The funds in such account shall be held, pending application as provided in this Section, for the benefit of the holder or holders of the Bonds until paid out or transferred as provided in this Section. Such funds shall be withdrawn from the depository from time to time by the Treasurer of the Village only upon receipt by the Treasurer of:

(a) A duplicate copy of the order signed by the Village President and Clerk, or such other officers that may from time to time be authorized by law to sign and countersign orders on the Treasurer of the Village, stating specifically the purpose for which the order is issued and indicating that the payment for which the order is issued has been approved by the Village Board; and

(b) Each withdrawal of funds by the Treasurer for payment to a contractor or contractors for work done in connection with the construction of the extensions and improvements described in Section 2 of this Ordinance or for acquisition of property for such extensions and improvements shall also be accompanied by a certificate executed by the engineer in charge of the construction of such improvements and extensions, stating the nature of the work completed or the property to be acquired and the amount due and payable thereon.

Within sixty (60) days after completion of the work for which the Bonds have been issued, all in accordance with plans and specifications for such work, and after all costs have been paid in connection with the construction of such work, and all such property to be acquired with regard to such work has been so acquired, the engineer in charge of such construction shall certify to the Village Board the fact that such work has been completed according to the plans and specifications and the necessary property acquired. Upon approval of the completion of the work and acquisition based upon the engineer's certificate by the Village Board and after all costs have been paid, the Village President and Clerk and such engineer shall execute a certificate and file it with the depository certifying that the work and acquisition has been completed in accordance with the plans and specifications, that all costs have been paid, and that if any funds remain in any account in the Construction Fund after such time, such funds shall be transmitted by the depository to the Treasurer of the Village and the Treasurer shall credit such funds to the Depreciation, Improvement and Extension Account.

The cost of surveys, designs, soundings, borings, rights-of-way, engineering, legal and financial services, and all other necessary and incidental expenses, shall be deemed items of cost of acquisition and construction of the extensions and improvements to the System described in Section 2 of this Ordinance.

Section 14. Severability. If any section, paragraphs, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this Ordinance.

Section 15. Repeals. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this Ordinance, are repealed to the extent of such conflict.

Section 16. Necessary Action; Arbitrage Covenant.

(a) The President, Clerk and Treasurer of the Village and each of them are authorized and directed, upon the sale of the Bonds as described in Section 12 of this Ordinance to take all steps necessary towards the delivery and sale of the Bonds. In particular, the President and Treasurer are authorized and directed to make appropriate certifications, based on the facts, estimates and circumstances in existence on the date or dates of the delivery of the Bonds, that it will not be expected that the proceeds of the Bonds will be used in a manner that would cause the Bonds to be arbitrage bonds within the meaning of Section 103(d) of the Internal Revenue Code of 1954, as amended.

(b) The Village covenants with the purchaser and holders of the Bonds from time to time that, so long as any of the Bonds remain outstanding, monies on deposit in any fund or account in connection with the Bonds, whether or not such monies were derived from the proceeds of the sale of the Bonds or from any other source, will not be used in a manner which will cause such Bonds to be arbitrage bonds within the meaning of Section 103(d) of the Internal Revenue Code of 1954, as amended, and any lawful regulations promulgated or proposed thereunder. The Village reserves the right, however, to make any investment of such monies permitted by law and, as to accounts created by this Ordinance as permitted by this Ordinance, if, when and to the extent that Section 103(d) or regulations promulgated thereunder shall be repealed or relaxed or shall be held void by final decision of a court of competent jurisdiction, but only if any investment made by virtue of such repeal, relaxation or decision would not, in the opinion of counsel of recognized competence in such matters, result in making the interest on the Bonds subject to federal income taxation.

Meadows in title game; plays today

by BOB GALLAS

John Igrasek and the Rolling Meadows Mustangs advanced to the championship game of the Maine South Regional with a 5-2 win over the Hersey Huskies Tuesday.

Igrasek overcame a stint of early wildness and settled down to limit the Huskies to two runs on six hits.

The Mustangs will gun for a regional baseball title today when they go against Maine South in a 4 p.m. contest on the Hawks' home field.

Igrasek gave up a run in the first inning and a run in the sixth and was backed up by steady defensive play by his teammates.

"That's the way he (Igrasek) has been pitching all year," said Meadows coach Al Otto, referring to his star hurler's shaky start and hard finish.

"John throws so hard that we have to remind him to pace himself. He sometimes goes out throwing too hard," otto said.

Igrasek struck out two and walked two and ws charged with a wild pitch, but he threw only 84 pitches en route to the win.

Hersey went out on top early by scoring a run in the bottom of the first inning. Bob Frye had led off the game with a walk for the Huskies, then went to third on a single by Joe Pusatera. Frye scored when Matt Knuttel rapped into a double play that put Hersey ahead, 1-0.

Meadows sent eight men to the plate in the third inning when they scored three runs on four hits.

Tim Groderick opened by drawing a walk off of Hersey pitcher Bob Huber. Paul Marsillo then beat out an infield hit and then Guy Tenuta singled to right field to load the bases.

That brought up Drolet, who went 3-for-4 with a pair of singles and a double. Drolet stroked a single to right that scored Broderick. Also scoring on the play was Marsillo who came in on a throwing error by right-fielder Brian Hastings.

After Bill Bilsley struck out, Dave Bell singled in Tenuta with the third Mustang run.

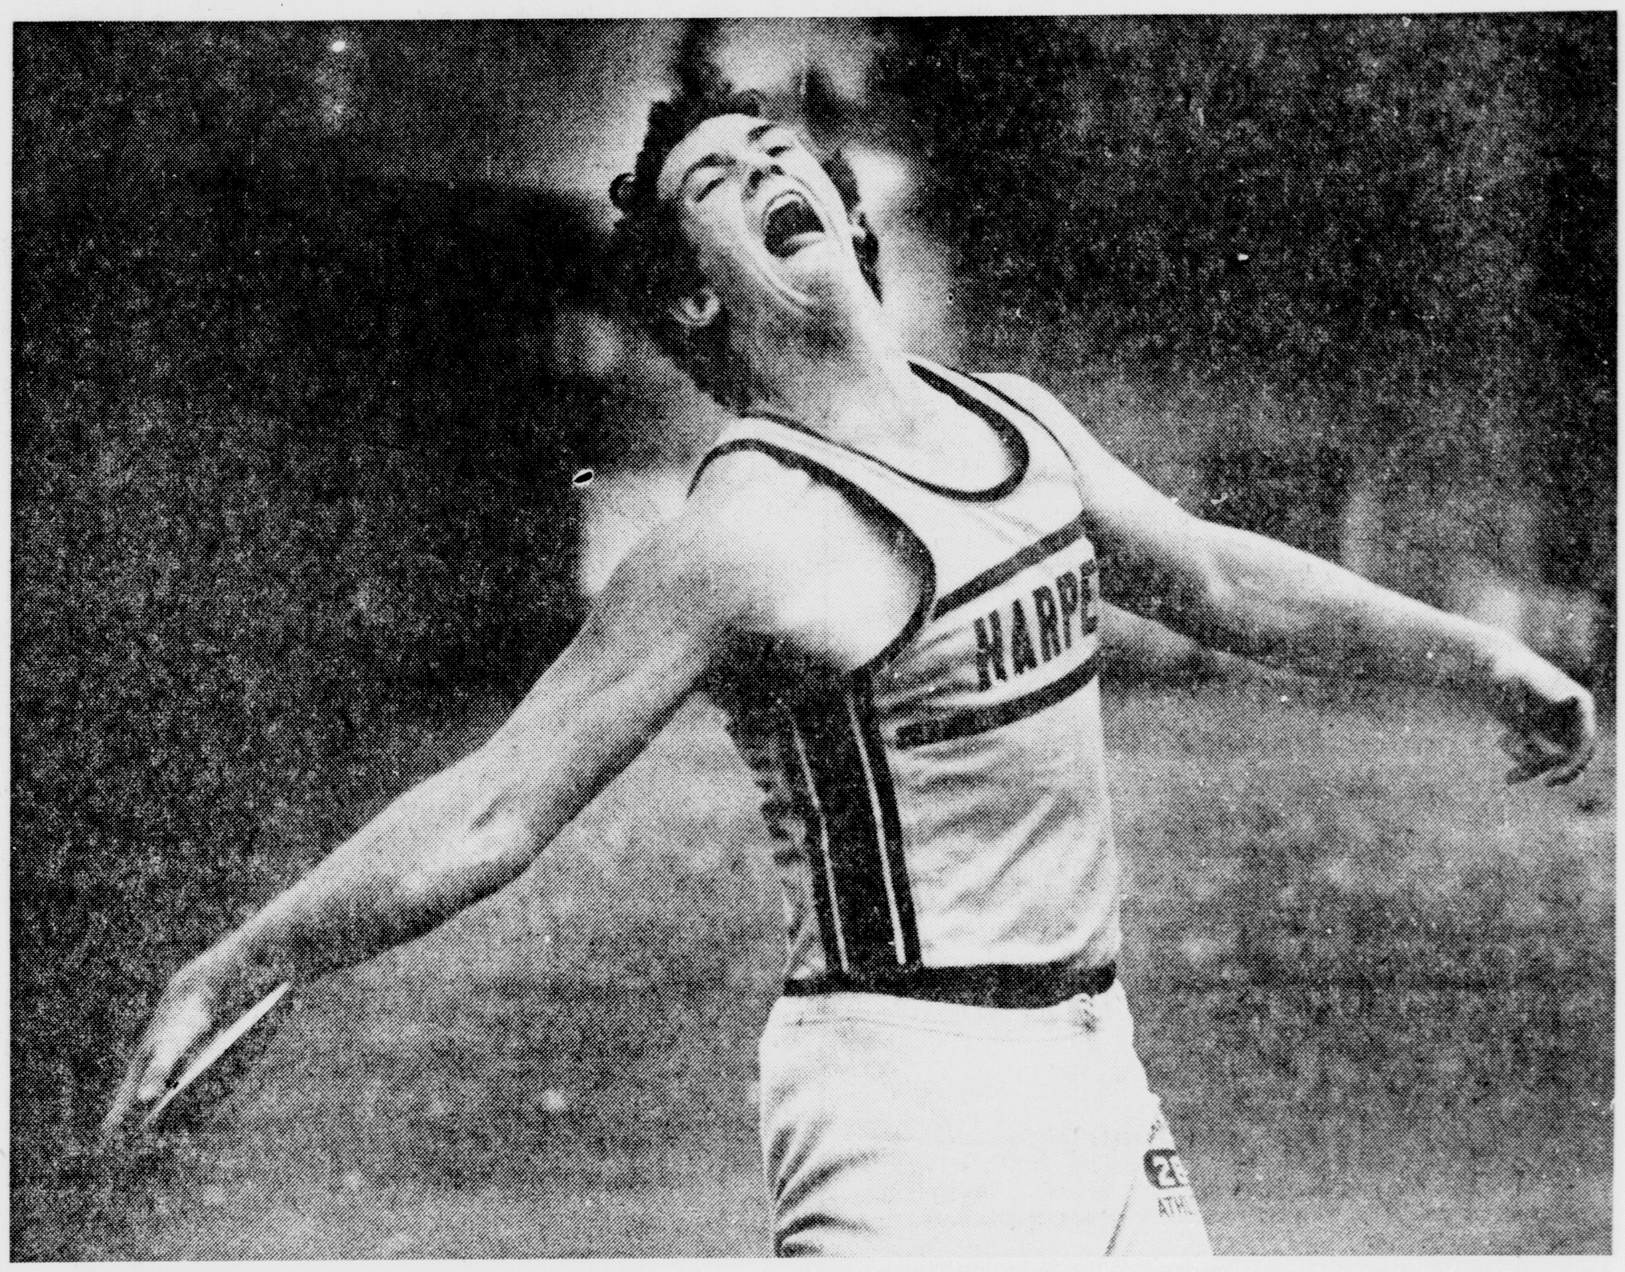
The Mustangs made it 4-1 in the fourth. Noe Nunez scored from third on a delayed double steal. Jim Broderick, the lead runner on the play, was thrown out. Tenuta followed with a triple, but Drolet fouled out to the catcher to end the inning.

The Huskies got a run in the sixth to come back to a 4-2 deficit. Mark Knuttel, on with a single, advanced to third on a walk and a fielders' choice, then scored on a single by Chuck Veselits.

With runners on second and third after a wild pitch, Igrasek got out of the jam by striking out Steve Giannini.

Meadows added an insurance run in the seventh. Marsillo opened with a walk and stole second. Tenuta followed with a walk.

Drolet then doubled, scoring Marsillo, but Tenuta was called out after running mixup saw the Mustangs with two men on third base.



DISC JOCKEY. Harper's only national qualifier for the NJCAA track finals in Houston, Tex. May 20-22 is Bob Roels, a freshman from Rolling Meadows High School, who took second places in the discus (pictured) and the shot put in the N4C championships on Harper's Palatine campus. Roels was second in the disc at the Region IV meet, earning himself a trip to Houston.

Cubs' Thornton trade stirs many memories

Art Mugalian
Staff Sportswriter

How's this for a coincidence:

On the same day this week 1) the Cubs traded Andy Thornton to Montreal and 2) Steve Swisher was named the Player of the Week in the National League.

No coincidence, you say?

Last year Thornton was the Cubs' top power man and showed signs of blossoming into one of the game's superstars. He hit for average and demonstrated a proficiency with the first baseman's mitt.

The Atlanta Braves suddenly remembered why they hated to give up on Thornton thre years ago when they traded him to the Cubs for Joe Pepitone.

Now Thornton is gone from Chicago and Cub fans have reason to recall a lesson of the past — a lesson that no one will ever forget.

Desperate for pitching, the Cubs in 1964 sent a promising young outfielder named Lou Brock to the Cardinals for veteran righthander Ernie Broglio. There were some toss-ins — Jack Spring, Paul Toth, Bobby Shantz and Doug Clemons — but Brock and Broglio are the ones whose names will be etched into General Manager John Holland's tombstone.

Of course, Broglio had a sore arm and never really was effective in a Cub uniform. Brock only developed into a lifetime .295 hitter and the greatest basestealer in the history of the game. It was eerie, in a way, how Brock became a major league star by simply changing uniforms.

No one is yet claiming that the Thornton trade will turn out like the Brock deal. Brock had a lot of raw talent, but he was an unsteady fielder and he struck out too much. And he wasn't a very smart baserunner. Thornton is just a 26-year-old power hitter who happened to be tempting trade-bait.

(The Cubs have made shrewd trades in the past, such as sending Fergie Jenkins, Ken Holtzman, Joe Decker and Jim Colborn to the American League where they can't beat the Cubs.)

But it is probably just a matter of time before Cub fans are bemoaning Thornton's departure. Depending on how long Steve Renko lasts in Wrigley Field (and seriously, who is Larry Biitner?), sooner or later this trade will come back to haunt the Cubs.

And the fans won't let them forget it.

Steve Swisher's case is slightly different. At the time of the celebrated Ron Santo trade to the White Sox — the deal that sent Swisher, Steve Stone, Ken Frailing, and Jim Kremmel to the Cubs — Swisher was supposedly a hidden asset.

Tabbed as the next Gabby Hartnett, Swisher was going to make people forget Randy Hundley, not to mention Hartnett. But after two seasons, Swisher's .213 lifetime batting average was only good enough to wipe out the memory of Cal Neeman and Sammy Taylor.

So the Sox were beginning to laugh down their sleeves. Santo may not have panned out on the South Side (he was hurting attendance), but Sox fans seemed to get the last laugh when Swisher turned out to be a White Elephant.

Swisher, who evidently had all the tools from the start, has now begun to use them and White Sox fans may soon start questioning the trade.

(Their reaction to the Carlos May deal, on the other hand, will be swift and decisive.)

Obviously, one week doen't make a season, for Swisher or anyone else, including ex-Cub Vic Harris who was named Player of the Week last week.

Harris, now with St. Louis, came to the Cubs in the Bill Madlock deal. And how do you think Texas fans are reacting to that one?

Well, the fans are always complaining about trades, and you really can't blame them. The guys who make the trades are gambling — and they know it. It's an occupational hazard.

They know they'll take a lot of heat when a Lou Brock gets away. They know they'll hear about it — maybe for years to come.

All they ask is that when they steal a Bill Madlock or a Wilbur Wood, they get some of the credit.

But if Andy Thornton turns out to be the next Babe Ruth, you know who to blame.

NANCY LANCASTER of Forest View watches her winning toss in the discus at the Mid-Suburban's conference track and field meet recently. Lancaster qualified for the state meet with a toss of 102-10¼ last Saturday at the Prospect District.

White Sox trade May for Brett, Coggins

The Chicago White Sox, staggered in the early season with pitching headaches, Tuesday traded outfielder Carlos May to the New York Yankees for pitcher Ken Brett and outfielder Rich Coggins.

May, the American League's rookie of the year in 1969, celebrated his 28th victory Monday and the Yankees helped him celebrate with a gift of a possible shot at a starting berth despite a weak .175 batting average in 20 games.

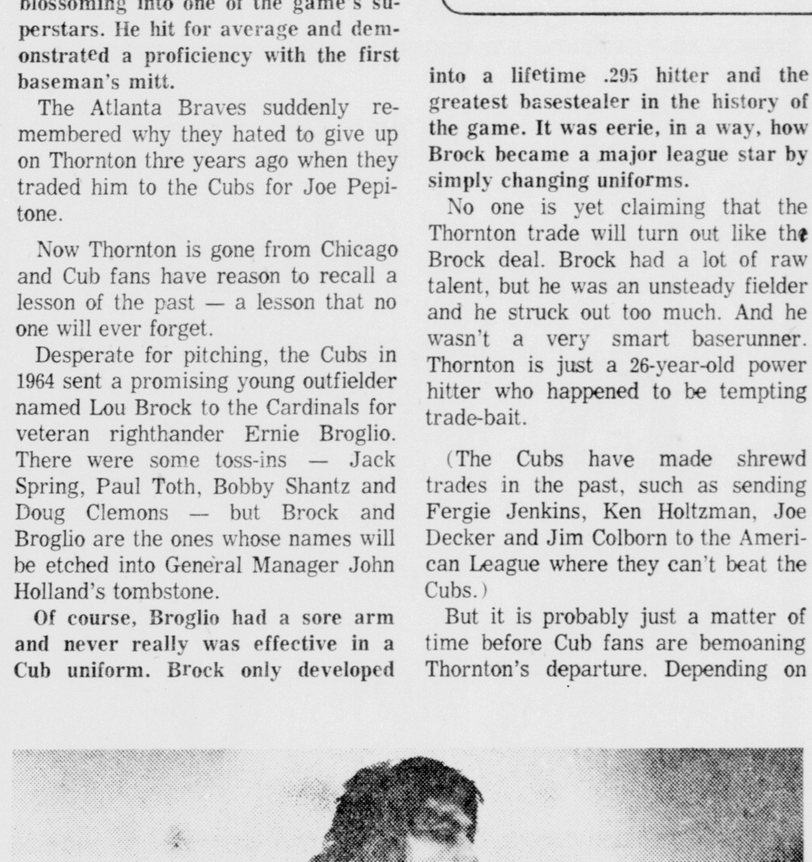
Carlos May

Coggins, 26, joined the Yankees in mid-June of 1975 from Montreal. He appeared in seven games this season and was hitting .250.

The 5-foot-8, 160-pound Coggins hit .319 in 110 games with Baltimore in 1973 and is regarded as an outstanding defensive outfielder. He has been hampered by a thyroid condition.

Brett, 27, came to New York as part of the winter trade that sent Doc Medich to Pittsburgh for Dock Ellis and Willie Randolph. He has no record in two appearances with New York.

Brett was 35-23 in the National League with Philadelphia and Pittsburgh and was the winning pitcher in the 1974 All-Star game. He is a 5-foot-11, 195-pound lefthander whose brother George stars for Kansas City.



HATS OFF to Joe Slawinski of Forest View. The Falcon pitcher is not throwing his cap in disgust; he's just following through from the mound in Mid-Suburban League baseball action.

Fremd explosion defeats Hersey

by PAUL LOGAN

The Fremd Vikings used a seven-run sixth inning to eliminate the Hersey Huskies from the Barrington Regional in girls' softball Tuesday, 14-7.

Coach Carol Plodzien watched 11 Vikings go to the plate as they broke a 7-7 deadlock. Run-scoring singles by Colleen Cannon, Cindy Nelson and Heidi Giesler, four errors and a wild pitch accounted for part of the rally.

The Vikings, now 8-1 on the season, will meet Barrington on Thursday for the regional title.

In the other regional involving an area team, Maine West was knocked out of the tourney by Niles West at Elk Grove, 7-3.

A two-run double by Robin Calvert lifted Fremd to a 2-0 lead after one inning. A pair of RBI singles by Connie Bruns and Calvert made it 4-0 going into the bottom of the third.

Hersey took the lead in that frame. Cathy Weadley, the starting and losing pitcher, ripped an opposite field triple to drive in the first two runs. Jeanne Fogarty and Terry Ciffone drove in the other three.

Fremd battled right back, regaining the lead on RBI singles by Nelson and Bruns and a sacrifice funt by Giesler. Pam Lechner, who relieved starter Wendy Fischer in Hersey's big third inning, protected that 7-5 advantage in the fourth, pitching out of a bases loaded jam.

Hersey tied the game in that inning on RBI singles by Davis and Ciffone. Then Lechner put down the last nine batters.

Nelson, who was injured on a hard slide, was the leading Viking hitter with 4-for-5. Giesler, Bruns and Calvert each had three hits in the 15-hit attack.

Ciffone, Barnd, Weadley and Jan Labellarte each had two hits for Hersey.

SCORE BY INNINGS

AT ELK GROVE

Undefeatedf Niles West led all the way in handing Maine West only its second loss in nine tries.

Maine pitcher Nancy Habetler went the distance, allowing just three hits, striking out three and walking five. However, four West errors figured in

(Continued on Page 4)

Bart handles California, 5-0

Pat Kelly's bases-loaded double produced three runs to top off a four-run second inning for the Chicago White Sox Tuesday night and spark a 5-0 victory over the California Angels on Bart Johnson's three-hitter.

The White Sox collected six hits off Nolan Ryan to hand him his fourth loss against three wins and break his string of fie consecutive victories over Chicago. Ryan, though, struck out nine to boost his major league leading total to 79.

Jim Spencer singled to open the White Sox' second and went to second when Bobby Bonds dropped Brian Downing's fly for an error. Bucky Dent singled to score Spencer and after Bill Stein walked, Kelly drove the ball to deep center clearing the bases.

The White Sox' last run came in the third when Jorge Orta singled, stole second and scored on Dent's double.

For Johnson, who is now 2-4, it was a complete reversal from his last start when he was bombed by the Kansas City Royals.

In posting the shutout he marked his first whitewash since Sept. 20, 1974 when he blanked the Oskland A's 2-0.

It was also his first complete game since Sept. 26, 1974 when he topped the Texas Rangers, 7-2.

The win gave the Sox a split for the series with the Angels and was their 10th victory of the season.

Rain and cold weather forced postponement of Tuesday night's game between the Montreal Expos and the Chicago Cubs, a spokesman for the Expos said.

The game was rescheduled as part of a doubleheader on Friday, Aug. 6, at 6:05 p.m.

Sports world

Celts win East title

Jo Jo White, Dave Cowens and Charlie Scott combined for 70 points Tuesday night as the Boston Celtics defeated the Cleveland Cavaliers 94-87 to win the NBA Eastern Conference playoff title.

The Celtics, who won the best-of-seven series, 4-2, now face the Phoenix Suns for the NBA championship. The Celtics will be seeking their 12th NBA title.

White had 13 points at the half and finished with 29. Cowens got into foul trouble early in the second period and was held to only nine points in the first half. But he managed to score eight points in the third period and four in the final period for a total of 21.

Scott, held to two points in the first quarter, ended the first half with 13 and the game with 20.

Conner, Martin to Oklahoma

Bart Conner of Niles West High School and Craig Martin of Maine South, good friends and a pair of pretty fair gymnasts, will attend the University of Oklahoma next fall

Conner, who recently left for Berkeley, Cal. to begin his bid for a place on the United States Olympic team, was the most widely recruited high school gymnast in the country.

He was the state all-around champion in Illinois until he gave up his senior year of competition to perform in international meets.

When he left that opened the door for Martin, who won the state all-around title last March.

Bo in for heart surgery

Coach Bo Schembechler of Michigan has entered St. Joseph Hospital for open-heart surgery, a coronary bypass operation, scheduled later this week.

A hospital spokesman said Tuesday that the Wolverines' coach must first pass preliminary tests before the surgery can be performed. But his doctor said the operation should occur by Friday.

The surgery was elective on the part of Schembechler, and Athletic Director Don Canham had indicated earlier that no successor would be named to coach the Michigan football team.

A post-operative recovery period of about six weeks is considered normal for such operations.

Green to stay at Michigan

Rickey Green, the 6-foot-2 junior guard who led Michigan to a second place finish in this year's NCAA basketball championships, has decided to finish school and not seek a hardship status in the pro draft.

Green sent a letter Tuesday to National Basketball Association officials, asking that his name be removed from the list.

He applied for the status last month and had until June 7, one day before the draft begins, to withdraw his name.

Green, who had 638 points and 134 assists with the Wolverines last season, said there were several reasons for his decision.

"First of all, I want to get my degree," he said. "That's an important part of it and after another year of college ball, I think I'll be more experienced and ready for professional ball."

NBC posts top bid

The National Broadcasting Company bid $11.1 million Tuesday for the domestic television rights at the 1980 winter Olympic Games at Lake Pacid, N.Y.

The bid was $1.1 million more than the $10 million offered by the American Broadcasting Company.

In a telegram to the International Olympic Committee in Lausanne, Switzerland, NBC Television President Robert T. Howard offered a prepayment of a minimum of $2 million "to give the Lake Placid committee working capital" and said the network "is prepared to make a proposal of providing a world broadcast feed that at least matches ABC's."

The Olympic Committee is scheduled to study the ABC offer May 25 and Howard urged an early meeting to consider his network's bid.

Rookies' car hits wall

A car driven by rookie Ed Crombie of British Columbia skidded out of control and hit the inside wall of the Indianapolis Motor Speedway during practice Tuesday for the Memorial Day "500" but the 30-year-old driver was not seriously injured.

Crombie's car went into a 450-foot sideways skid at 160 miles an hour. The rear of his car struck the wall at No. 4 turn, spun another 225 feet, glanced again off the wall and came to a halt near the pit entrance.

The driver, who lives at Williams Lake, B. C., was checked at the track hospital and released. His car, a Vollstedt-Foyt, was heavily damaged and probably cannot be repaired in time for the race.

Crombie had completed part of his rookie test, which first-time "500" entrants must pass before they can qualify.

Mario Andretti, the only driver among the big names who hadn't yet qualified for the race, returned to the track Tuesday and began preparations for a weekend qualifying run. He figured he'd easily get into the race-day lineup.

Barrington's Hallberg upset

Medalist Gary Hallberg of Barrington, Ill., and 1975 NCAA champion Jay Haas of Wake Forest were upet Tuesday in the second round of the 76th annual North and South men's amateur golf championship.

Bruce Douglas of Stoughton, Mass., beat Hallberg 4 and 3, while Robert Widner of Medina, Ohio, defeated Haas, 1-up.

Defending champion Curtis Strange, Wake Forest's 1974 NCAA champ, had to birdie the 17th hole and make a 10-foot putt on No. 18 to beat James Hamilton of Reading, Pa., 1-up.

U.S. Amateur champion Fred Ridley of Winter Haven, Fla., downed Bryan Beymer of Huntington, W.Va., 5 and 4.

'Jumbo' ineligible for Olympics

Convicted murderer Floyd "Jumbo" Cummings, the prison inmate with dreams of winning an Olympic gold medal in boxing this summer, will not be allowed to try out for the American Olympic team, it was disclosed Tuesday.

"Prison inmates have been ruled ineligible for the American team," said Rollie Schwartz, who will manage the U.S. Olympic boxing team at Montreal in July. "I feel he should be allowed to try to make our team, but he has been told to stay in prison."

Schwartz said U.S. Olympic Committee officials in New York informed him Cummings would not be eligible because of a special rule adopted by the committee in 1974.

Lions close out 15-13 season with two losses

The St. Viator Lions closed out their season on a discouraging note as they dropped a doubleheader to East Suburban Catholic Conference champion Marist 2-0 and 2-1.

The losses put Viator out of the race for the ESCC title and dropped them into a four-way tie for second with De-Sales, Holy Cross and Notre Dame.

The Lions finished with a 7-5 league mark and an over-all record of 15-13.

Despite a team batting average near .370, the Lions could manage just one run and seven hits in 15 innings of baseball against Marist.

In the first game, Jim Simmerman gave up just three hits, but lost a 2-0 decision. The Lions could put up just two hits, singles by Kevin Mulroy and Mike Maude.

In the second game, Mark Bonnuchi went eight innings, giving up a run in the top of the first and the top of the eighth, to lose 2-1. Viator's only score came in the sixth when Bonnuchi doubled and came home on Jim Thompson's single.

Men's golf

VFW League

Key, Foy and Snelten Insurance retained first place in the **VFW Golf League** Monday night by an impressive 20-4 win over L'Nor Cleaners, while Kolman Plumbing hung onto second place by beating their opponents 17-7. Cake Box is still fighting for last place.

Chilly weather and high winds kept the number of birdies down to only five with Darryl Burkett getting two, on the 10th and 12th holes; Dick Hoppe and Earle Strehlow each getting one on the 3rd hole; and Andy Graczyk on the 14th hole.

Burkett again took low gross honors with a 3-over-par 37 on the back nine holes while Jake Herr fired a 45-15-30 on the front nine holes to take low net leadership.

STANDINGS

Key, Foy & Snelten Insurance 75; Kolman Plumbing 66; Nebel Insurance 62; Loren's Plumbing 61; Premier Electric 51; Douglas Savings 50; L'Nor Cleaners 39; Kehe Motors 39; Smith-Pipenhagen Realtors 36; Open Pantry 35; Fetke Insurance 34; Cake Box 28.

Lions 4th in league track; Kastner wins 880 in 1:56.7

St. Viator captured three individual championships and placed fourth over-all in the rain-delayed ESCC meet at Marist High School Monday night.

The Lions scored 35 points to finish behind Marist, St. Patrick and Carmel. Marist ran away with the conference crown with 92 points, taking eight firsts altogether.

St. Viator senior Steve Kastner strengthened his bid for a state-meet berth when he won the ESCC half-mile in 1:56.7. It was the first time Kastner had run under the 1:58 state-qualifying mark.

Lion sophomore miler Dave Efken ran four seconds ahead of his closest pursuer to take a victory in 4:31.8.

Kastner and Efken will both go up against strong district opposition in their respective events at Prospect Friday night.

Eddie Schwab was the final St. Viator champ with a 20-3¾ effort in the long jump. Teammate Steve Notaro was second in the triple jump and fourth in the long jump.

Other varsity place-winners for the Lions were Jack Gracheck, fourth in the 440-dash (:53.0), Tom Murray, Fifth in the shot put (41-7½); and three relay teams.

The Viator frosh-soph team grabbed a second place in the team standings behind Marist's underclassmen. Leading the Lions was Dan Bobowski, who took impressive victories in the 100-dash (:10.5) and the 220 (:24.1). Mark Pittas added a victory in the mile (4:51.4) and Chris Selvig reached 40-7¾ to win the triple jump.

Bills football signup is Saturday

Junior football sign up for the Buffalo Grove Bills Boys Football League will be held Saturday, May 22 from 9 a.m. to noon at two locations: the Buffalo Grove Mall, located at Dundee & Arlington Hts. Roads; and the Emmerich Park building, 150 Raupp Blvd.

All boys in the 4th through 8th grades who live in Buffalo Grove, Arlington Heights or Wheeling are eligible to sign up. Boys will be assigned to one of the Bills' traveling teams according to their weight and age. In addition, each player will get to keep his game uniform with his name on it at the end of the year. The Bills have also announced that they are planning on a bowl trip to either Florida or Arizona at the end of the season.

Cost per player is $28. A maximum of $40 will be charged per family with more than one boy.

If you are unable to attend or need further information, please call Mr. John Truelsen, 259-2350, or Dave Triplett, 537-6246.

Palatine football signup May 22

Final registration for the Palatine Amateur Football Assoc. will be Saturday, May 22 at Maple Park from 9 a.m. to noon.

Maple Park is located at Anderson and Winston Drive in Palatine. The league is open to all boys who will be in grades fifth through eighth come September. Depending on response, a "Midget" league for fourth and fifth graders is also being planned.

Cost is $40 per boy, which includes insurance and most equipment. There is a $65 maximum fee for families with more than one boy participating.

Further information can be obtained by calling Len Sjostedt at 359-9616 or Dick Geller at 359-6737.

Playoff star

LOS ANGELES (UPI) — Los Angeles running back Lawrence McCutcheon set a National Football League playoff record last December against St. Louis when he rushed for 202 yards in 37 carries in leading the Rams to a 35-28 victory.

Rookie sensation

OAKLAND (UPI) — Rookie center Dennis Maruk of the California Golden Seals set several club records during the 1975-76 hockey season, including most goals by a center (50), most assists by a rookie (32), most points by a first year player (62) and most short-handed goals (5).

Post time

NEW YORK (UPI) — The first formal race course in the United States was laid out in 1666 on Long Island by Richard Nicolls after he became the first governor of the colony of New York.

Surprise . . . a tennis champ

by ART MUGALIAN

When Steve Antrim left St. Viator High School's coaching staff last year for the security and tranquility of Lake Forest College, he knew that his main job would be revitalizing the Foresters' basketball program.

Antrim's rapid rise in the world of coaching had led him from Mendel Catholic to St. Viator to the north shore campus of Lake Forest in a span of four years. The 28-year-old product of Pepperdine's grad school was a standout college basketball player himself.

Steve Antrim

So it came as a surprise to just about everybody concerned when Antrim registered his first solid coaching success on the big-time college scene — in tennis.

Lake Forest's netters, coached by cool and crafty Antrim, stole away with the Midwest Conference tennis crown at Grinnell last Saturday evening.

And nobody was more surprised than Antrim.

"It was just unbelievable," said Steve. "We won every match we needed to win, we took all the close games, and we won the title by a point.

"We don't have a bad team, either," the coach continued. "But we were picked to finish fourth. I didn't realize how good Carleton was. They had won four championships in a row."

Carleton College finished fifth in the Midwest Conference, a friendly group of small, private schools that includes Coe, Lawrence, Ripon, Cornell, Beloit and Monmouth.

And, of course, Lake Forest, a quiet bastion of learning with an enrollment of 1,020.

"Recruiting in tennis is a piece of cake, especially here," said Antrim. "Most all of them come here for the education. Of course, we go out and try to find them."

Antrim's fortunes weren't so rosy during the basketball season. Plagued by injuries and ineligibilities, the Foresters got off to a bad start and never recovered.

Part of the problem was that Antrim didn't get the job until late May, when it was too late to do any effective recruiting.

"We did get (Tony) Dobbins from St. Joseph," said Antrim. "He's a big kid, about 6-foot-8 and he can touch 11-6. He came right in and led us in rebounding, scored about 11 a game, and shot 50 per cent.

"And he made a whole lot of mistakes and fouled out of our first six games," the coach added.

"We just had a really tough year. We lost nine by less than five points and six by less than two. But we had really good players."

One of Antrim's key players was 6-6 sophomore Carl Moss, who was all-conference the year before. Moss led the Foresters to a victory in their opener, then tore up his knee and missed half the season.

"He came back but he was only playing 80 or 85 per cent," Antrim said. "He was just playing about 25 minutes a game."

Next season, Antrim hopes to have a pair of guards who were ineligible this year, plus incoming freshman Tony Ferguson, the sixth man on Morgan Park's IHSA Class AA champions, whom he successfully recruited.

"No, it wasn't a great winter," the coach emphasized.

Antrim, however, got more than he bargained for in tennis.

"To tell the truth, I think tennis helped me get the job here," he said. "At a school this size, you have to be able to coach two sports — a lot of coaches double up here. You have to be able to do that since you're not teaching any courses."

Antrim, who was a top player in college, gladly accepted the tennis reins, as he had at St. Viator.

"This is a great spot," he said. "It's great fun. All I do is coach basketball and tennis. I work out a lot, play a lot of tennis, and have a lot of fun."

The most demanding part of Antrim's job is the basketball recruiting. Lake Forest, with its steep tuition and tough academic standards, isn't exactly a basketball player's haven.

Antrim has no scholarships to dole out, so he has to shoot for the rich kids who can pay their own way or the inner-city players with good grades and a very definite financial need. Students from the middle class are rare at Lake Forest.

But there are plenty of good tennis players — good enough to win a conference title.

Next year, Antrim and his crew will return to try to make it two in a row.

Harth fires 3-hitter in Card win

A Herald Staff Report

Doug Harth survived a fourth inning scare and went on to post his second conference triumph by hurling Arlington past visiting Schaumburg Tuesday, 4-2 in Mid-Suburban League play.

The smooth-throwing sophomore allowed only three hits and didn't walk a batter while whiffing six. Both scores recorded by the Saxons were unearned and Harth has now allowed only one earned run in 21 innings of loop pitching.

The Cardinals, meanwhile, banged out eight hits off a pair of Schaumburg twirlers but wasted a lot of baserunners while upping their Mid-Suburban League log to 9-1. Ten Redbirds were left stranded.

The hosts scored intially on Saxon starter Tim McCue in the second inning. Mike Mayerick beat out an infield hit, stole second and advanced to third on a ground out. Dan Frase then cracked a single to left center, bringing him home.

The rally continued with Matt Splitt reaching on an error and John Vukovich drawing a walk. Bruce Aronson singled up the middle and two more runs came in.

In the bottom of the third John Mertins ripped a leadoff triple and remained there while Mike Mayerick and Brett Frase walked, loading the bases. Harth flied out to short center and Mertins was doubled up trying to score after the tag but Arlington picked up an insurance run anyway when Dan Frase rapped out another single, driving in Mayerick.

Schaumburg snapped back in the fourth, helped along by three Card errors. Russ Zonca reached on a fielder's choice and moved up when Terry Zarbock's popup dropped between three infielders next to the mound for a hit. Both runners toured the bases on subsequent miscues.

SCORE BY INNINGS

Schaumburg	000	200	0—2-3-1
Arlington	031	000	x—4-8-4

PIRATES RALLY, 8-7

Al Knotek drove in Tony Zara with a single in the bottom of the seventh inning as the Palatine Pirates rallied for an 8-7 victory over Conant.

Knotek had doubled to open the sixth inning against Cougar freshman reliefer Bill Schimbke, starting a three-run rally that wiped out a 7-4 Conant lead. A single by Mike Constantino and a triple by Dan McSweeney were the big hits in the inning, and the tying run scored on a sacrifice fly by Bill Meagher.

Conant's hitting star was junior catcher Jeff Johnson with two doubles and a long first-inning home run with a man aboard. In the fifth, Johnson was intentionally walked with Dan Mullin in scoring position and two out, but Scott Schafer came through with an RBI single to right, giving the Cougars a 4-3 lead.

In the bottom of the inning, though, Palatine tied it on singles by McSweeney and Meagher and a double by Bruce Peterson, who head three hits for the Pirates. Knotek and McSweeney also had three hits for Palatine.

Mullin cleared the bases with a long double in the sixth to give Conant a temporary 7-4 lead before Palatine knotted the score again in their half.

Lefty Bob Baues got the win in relief for Palatine.

Conant	201	013	0—7- 9-3
Palatine	111	013	1—8-14-5

West wraps up baseball crown

The Maine West Warriors clinched their first conference championship since 1969 with a come-from-behind 5-3 win over Niles North Tuesday.

West scored three runs in the top of the seventh to go ahead and notch the win for Ron Rausch in relief.

Rausch relieved Buddy Doroskin with two out in the fourth.

The Warriors are now 11-2 in conference play as they finish the season today with a game at Niles East. Over-all, West is 16-4-1 on the season.

The Warriors got their first run in the fourth inning when Rob Earhart tripled and was brought home by Glen Watson's single.

After giving Niles a 2-1 lead in the bottom of the fourth, the Warriors tied it up with another run in the fifth when Bob Zuccarini singled in Wayne Wishnew.

After spotting Niles a 3-2 lead by giving up a run in the fifth, the Warriors took the lead for good with a three-run seventh inning.

With the bases loaded, Earhart brought in a run with a sacrifice fly that scored Wishnew. Then Watson doubled in a pair of runs, but was tagged out trying to stretch his double into a triple and that ended the inning.

On defense, Warriors' centerfielder Tim Platek came up with what coach Al Carstens said was the "best catch I've seen in 20 years."

Platek saved a home run off the bat of Howie Gamer with a catch on the dead run, 400 feet from home plate and back to the infield.

NON-TOURNEY ACTION

Rolling Meadows scored an incredible 50 runs over five innings to defeat hosting Schaumburg in Mid-Suburban League play Monday, 50-13.

The winning Mustangs had super innings of 20 and 15 in their rout. Schaumburg helped out with 18 errors.

Sherry Schultz led Meadows' 19-hit attack with 3-for-7, including 11 RBI! Kelly Hoekstra allowed just four hits in earning the pitching win.

Cooper to send 14 to state track meet

The boys track team from Cooper Junior High School in Buffalo Grove will send 14 athlets to the Illinois Elementary School Assn's. (IESA) state track meet Saturday at Stanford, Ill.

Cooper's trackmen qualified for the state finals at last weekend's sectional meet at Coal City against tough teams from Joliet, Kankakee, Sycamore, and McHenry.

Cooper's qualifiers, who finished either first or second in their event or met qualifying standards, were:

Class A — discus, Frank Stove (132-1); 120-lows, Bill Pfister (15.2); Randy Lahrman (15.4); 440-relay (49.9);

Class B — 440-dash, Clark Poland (63.3); 440-relay (53.5); 880-sprint relay (2:00).

Among the outstanding times at the Coal City sectional were a :10.4 in the 100-dash by a sprinter from Joliet and a 2:09 by Bill Myers of Joliet, the defending class B champ.

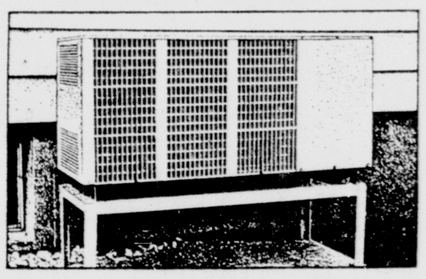
Do you know about the home heating system that pulls energy out of thin air?

Introducing the heat pump.

Scientists have known for centuries that the air around us is a storehouse of heat energy. But it's only been in recent years that they were able to develop an efficient way to tap that abundant resource—the heat pump. Today,



it is the only commercially available heating system that provides an answer to shrinking supplies of other fuels.

How the heat pump works:
Basically, the heat pump moves heat from one place to another. It uses electricity to extract heat from a limitless source—the heat in outdoor air. During winter, enough heat remains in the air—even on the coldest and cloudiest days—to be extracted by the pump and transferred indoors as clean, flameless heat.

And during warm weather, the process automatically reverses, removing excess indoor heat and humidity like an air conditioner.

Better efficiency.
In short, the heat pump does the job of both a furnace and an air conditioner. But there's an important difference. In northern Illinois the heat pump can produce more than 1½ units of heat energy for every unit it consumes. That's better efficiency than any other current heating system. That could mean significant long-term savings on heating costs.

To get the full advantages of the heat pump, it's important to get a quality product, properly installed and reliably serviced. For the name of qualified installers in your area, call G. W. Berkheimer Co. (Westinghouse Distributors), 312-374-4111; General Electric Co., 312-496-6356; Lennox Industries, Inc., 312-593-2820; or Temperature Equipment Corp. (Carrier Distributors), 312-681-6220. If you want additional heat pump information, call your local Commonwealth Edison office and talk to one of our marketing engineers.

Commonwealth Edison
Working for you.

Jim Murray

Don't knock the golfer

Feel guilty because you neglected that big pile of work at the office to slip off to the club and get in 18 holes with the guys? Try not to let anyone see you playing those two fast sets of tennis over a long lunch hour? Trying to break yourself of the habit of sneaking off to the handball court when the market closes?

Relax. You're doing exactly the right thing. Your priorities are in perfect working order.

The other night, at a gathering at the home of our friends, the Arnold Bergs, a lady pulled a faded chain letter from her purse. It had been the property of her late husband, and Mrs. Rosslyn Said-Buete thought it might have been something he should have paid more attention to. It read as follows:

"Some of the world's greatest financiers met in Chicago in 1923. They included:

"President of the world's largest independent steel company.

"President of the largest gas company.

"Greatest wheat speculator in history.

"President of the New York Stock Exchange.

"Member of the President's cabinet.

"Greatest bear-market speculator in Wall Street.

"Head of the world's greatest monopoly.

"President of the Bank of International Settlement.

"They certainly should be considered the world's most successful men. At least, they have found the secret of making money.

"Now . .. some 50 years later, where are these men?

"1. The president of the largest independent steel company, Charles Schwab, died a pauper. The last years of his life, he lived on borrowed money.

"2. The president of the largest gas company, Howard Hopson, went insane.

"3. The greatest wheat speculator, Arthur Cotton, died abroad — broke.

"4. The President of the New York Stock Exchange, Richard Whitney, was released from Sing Sing Prison after serving sentence for embezzlement.

"5. The member of the President's cabinet, Albert Fall, was pardoned, and released to die at home after the Teapot Dome scandal.

"6. The greatest bear on Wall Street, Jesse Livermore, died a suicide.

"7. The head of the world's greatest monopoly, Ivan Kruegar, the Match King, died a suicide.

"8. The president of the Bank of International Settlement shot himself.

"The same year, 1923, the winner of several of the most important golf championships, including the U.S. Open and the PGA, WAS Gene Sarazen. Today, 50 years later, he is still going strong, still playing an excellent game of golf, and is solvent."

The moral of the story? Turn off your phone, take off your tie — and tee it up! No one ever heard of a golfer jumping out of a window. And you can't go to prison for kicking your ball out of the rough.

If all else fails, just tell yourself what the neighbors in Columbus, Ohio, probably said looking out their windows 30 years ago. "There goes that Nicklaus boy again, frittering away his whole life on a golf course — when he should be home helping his father in the drugstore learning a business and making something out of himself."

York takes Maine Relays title

York High School was the big winner at the annual Maine West Relays, capturing the varsity girls' trophy as well as the combined team title.

Proviso West won the frosh-soph boys' title in this seventh annual track and field event Monday night.

Hosting Maine West just missed taking the over-all crown. Combining the second-place girls' finish (41 points) and the second-place boys' showing (43), their 84-point total was just four short of leading York.

In this the first year that varsity girls events were added to the usual lower level boys' meet, York took the girls' title with 54 points. The winners captured the 440 relay (:51.7), the spring medley relay (1:56.5), the high jump (Grefens, 4-10) and the two-mile run (Kriefer, 13:09.4).

Maine West's girls placed second on the winning efforts of the low hurdles relay (1:09.9) and Mary Kay Gerhardt's 15-8¼ in the long jump.

Maine South took the distance medley relay (13:46.4), the shot put (Oprondek, 29-8¼), and the mile relay (4:16.2) to place third with 35 points.

Hersey was fourth with 26 points. Cindy Hennings won the discus with 91-1. Hersey's two-mile relay team also won (10:41.1).

Proviso West's girls were fifth (20) and Conant failed to score.

Proviso West's girls were fifth (20) 61½ compared to runner-up Maine's 43. The winners took the high hurdles (1:12.2), the shot put (Green, 48-1), the high jump (Daniels, 5-10), the discus (DesPinich, 143-0) and the low hurdle relay (60.9).

West was paced by Kevin Martin in the long jump with 19-0. Also winning were the 440 relay (46.7) and the spring medley relay (1:41.7).

Maine South was third with 35 points, winning the mile relay (3:44.4).

York was right behind with 34, taking the sophomore two-mile run (Hoffman, 10:06.1), the distance medley relay (11:24.8), the middle distance medley (3:46.5) and the pole vault (Dowding, 12-3).

Hersey edged out Conant for fifth, 30 to 28½, as the two-mile relay came through (8:47.9). Conant's Ben Appleback took the freshman two-mile run (10:14.7).

The combined (varsity girls and frosh-soph boys) team scores were as follows: York 88, Maine West 84, Proviso West 81½, Maine South 70, Hersey 56 and Conant 28½.

NIMAGA plans May Jamboree

The Northern Illinois Men's Amateur Golf Association (NIMAGA) will hold its second tournament of the year Saturday — the May Jamboree. It will run concurrently at four area courses.

Hoping to defend his Jamboree title of 1975 in the scratch flight will be Palatine's Len Fiocca. He and 54 others will tee it up beginning at about 10:30 at the Village Greens of Woodridge.

Also hoping to defend their '75 titles will be Phil Lutz in the A flight battle at St. Andrews, Jim Catomer in the B flight at Big Run and Jim Minogue in the C flight at White Pines.

Winners of this event will receive 80 ppoints in the race for the golfer of the year honors. The top 20 finishers in each flight will also gain points so much is at stake in this second tournament of the year.

The 298 entries in this event make this the largest field for any event in NIMAGA history.

If the April tournament was any indication, this promises to be an exciting event. Not only did the April Spring Thaw produce an even par round from Cherry Valley's Lloyd McWilliams, but it also was highlighted by Hugh Rankin's ace at the 180-yard 13th at Indian Lakes.

Nobody makes them better.

(Some people just charge more.)

Ask Andy

Prairie dog both pest and helper

Andy sends the Encyclopaedia Britannica's 1976 Yearbook of Science and the Future to Tracy Martinson, 10, of Gilbert, Minn., for her question:

COULD YOU PLEASE TELL ME ABOUT PRAIRIE DOGS?

Life on the prairie is teeming with activity. On any given sunny day, for example, several little prairie dogs might be peacefully gnawing and munching away on some tasty roots or grass. Suddenly, an eagle soars overhead, a flashing spectre from above. The first prairie dog to sight him immediately barks, and a frantic scramble results as each prairie dog dashes to safety into his burrow.

The prairie dog is a strong and sturdy little animal, about one foot long. He has small watchful eyes, pouched cheeks, a short flat tail, and his body is covered with grayish-brown fur that is short and coarse. Eons ago millions of these industrious animals inhabited the prairies. Today, however, the vast, limitless prairies are a thing of the past. Cities and towns have sprouted up over the years, and much of the remaining prairie land has been fenced, plowed, mowed or seeded. The numbers of prairie dogs have diminished enormously.

Long considered a pest by farmers and ranchers, the little prairie dog also has been the victim of poisonous foods and gases. If his burrow is accidentally stepped in by a running horse or grazing animal, a broken leg commonly results. Then, too, he feeds on grasses and roots, valuable food for livestock.

In spite of his unpopularity, the prairie dog deserves our respect. He goes about his business in an orderly way, and allows within his territory only the number of his kind which the land can support. His deep burrows are ingenious underground passageways, serving as bedroom, bathroom and winter hideout. They even contain blind alleys to confuse invaders. At the top of each burrow is a small mound, a protection from flash floods and a platform from which the prairie dog can survey the scenery.

If he senses danger, he utters a short bark, warning all his neighbors. Biologists suspect that the pitch and tone of this cry may describe the approaching predator.

The prairie dog has played an essential role in making the prairie a hospitable place for all other animals living there. His tremendous numbers provided ample food for such predators as the coyote, prairie rattler, badger, eagle and hawk. None of these animals could have survived without his presence. What's more, his constant nibbling away of shoots kept back the forests, and his digging talents kept the soil aerated for new seedlings to grow.

A prairie dog town is huge. To maintain order each town is divided into territories or neighborhoods, consisting of about 12 dogs living in up to eight burrows. Often an acre will have as many as 50 burrows. Members of the same territory are friendly toward one another, often exchanging kisses, nose rubbing and something like a back rub. Strangers, however, are usually driven off with a few well-timed nips and blows.

Andy sends a Student Globe to John Julian, 9, of Arlington Heights, Ill., for his question:

WHAT IS THE DIFFERENCE BETWEEN A YAM AND A SWEET POTATO?

A can labeled "yams" in the supermarket may really contain sweet potatoes. But although they look alike and have similar flavors, the yam and the sweet potato are not the same vegetable. For one thing, the roots of the vines from which they grow belong to distinctly different plant families — the yam to the yam family, and the sweet potato to the morning-glory family. The yam plant needs a very hot, moist tropical climate and is grown mainly in Africa, India and Southeast Asia.

Do-It-Yourself TV

by Ed Landwehr

A TV shop in Montreal is trying a do-it-yourself servicing idea. You pay a moderate fee to fiddle with your own set using the shop's equipment. Parts and tubes are available at the regular cost. If you fluff the job, the technician finishes it at the going rate.

We're watching this new idea at **Landwehr's TV & Appliances** with keen interest and mixed opinion. Especially, we're wondering how many will be actually successful. Meanwhile, remember the phone number **255-0700** gets you prompt service right in your living room. Or you can drop your set off at the shop. And maybe you can tell us what you think about this new idea.

See some of the fine displays of nationally-advertised TVs and stereos we have on the floor at **1000 W. Northwest Hwy., Arlington Heights.** Our service backs up all our sales.

Taking care of your home is easy . . . when you use

Best route for contract

Win at bridge

by Oswald and Jim Jacoby

There are two easy ways to get yourself set at four hearts. The first and simpler method is to cash dummy's ace and king of trumps at tricks two and three. You can ruff one spade, but when you try to get back to dummy, West will get the lead, cash his queen of trumps and leave you one trick short.

The more complicated way is to cash just one trump and dummy's second-high spade. Then you ruff a spade. West will overruff, put his partner in by underleading his ace of clubs and overruff you on the next spade.

A little care will prevent either of these unfortunate things from happening to you. Just lead a club at trick two. The best defense at this point is for the enemy to lead a second club and force dummy. Now you cash one high trump and go after spades. If West overruffs, he can't put his partner in. If he discards, you lead a diamond toward dummy's king and are home with all the marbles.

DAILY CRYPTOQUOTE – Here's how to work it:

A X Y ' D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

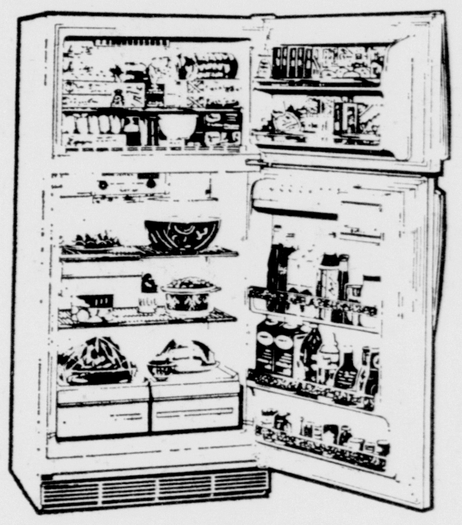
Family Value Days

Whirlpool HOME APPLIANCES

A Value and a Valuable Bonus

Big Capacity, No-Frost Refrigerator With Top-Mount Freezer



$429.95*

Refrigerator/Freezer
EAT 171NK

This 17.1 cu. ft. No-Frost, top-mount model is big on storage and convenience features. The 4.75 cu. ft. zero-degree freezer has the IceMagic® Automatic Ice Maker option. Adjustable cantilever shelves, adjustable meat pan, slide-out crispers and super-storage doors add value to this attractive unit. Power-saving heater control switch lets you save money by adjusting to changes in humidity. Million-Magnet® doors help keep a tight seal to "lock" cold air in and keep warm air out.**

While They Last

Bonus Value at Sensational Savings . . . with the purchase of any Whirlpool major appliance.

Special 12 + 1 Fountainware Ensemble.

ONLY $4.76*

Perfect for your family soda fountain. Includes a dozen pieces of quality glassware and a sturdy ice cream scoop. Just $4.76 with the purchase of any Whirlpool major appliance.*

Plus Family Value Days kites for the kids, just 19¢, no purchase necessary.*

*All prices are distributor's suggested retail prices, optional with dealer.
**Available in decorator colors, cost slightly higher.

"Even if the cigarette tested had 60% more tar than MERIT, a significant majority of all smokers tested reported new 'Enriched Flavor'™ MERIT delivered more taste."

—American Institute of Consumer Opinion

Extensive taste-testing with thousands of smokers shows 'Enriched Flavor'™ MERIT delivers more taste than higher tar brands.

The bottom line was conclusive: In a series of taste tests conducted for MERIT by the American Institute of Consumer Opinion, smokers from all across the country judged MERIT to have more flavor than five leading low tar cigarette brands.*

What's really startling—and of major importance to all smokers—is that MERIT has less tar than these five brands.

Less tar. Yet more taste.

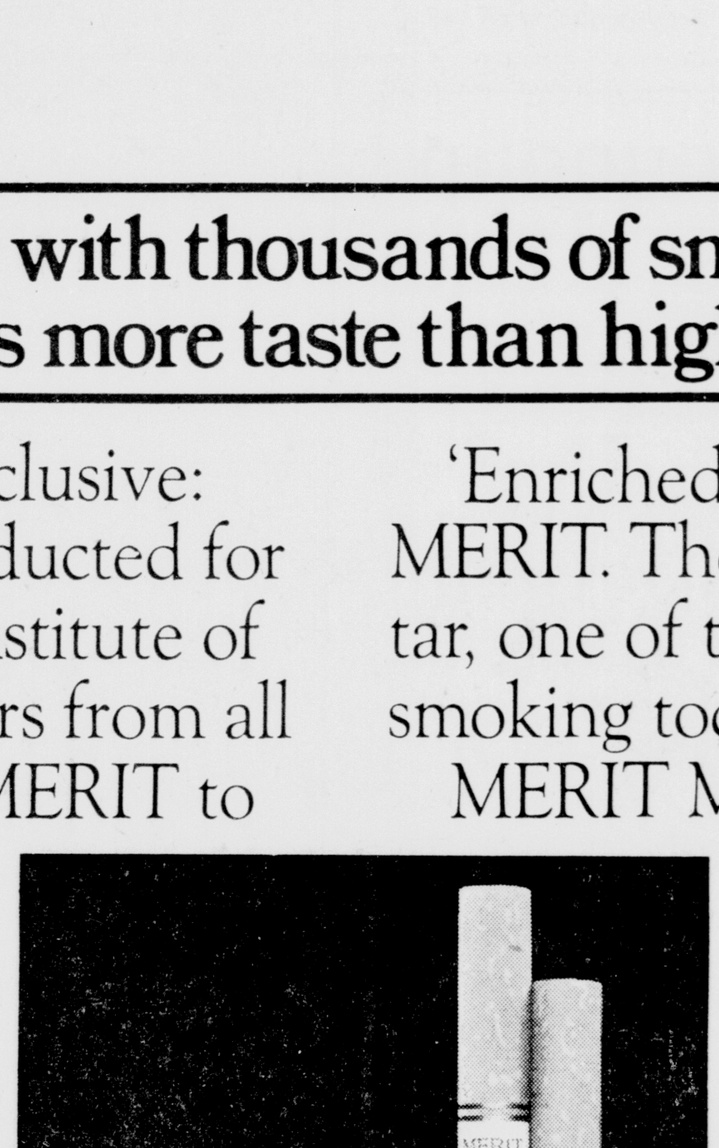
That's the report on a remarkable new taste process called 'Enriched Flavor.' A way to pack tobacco with extra flavor without the usual corresponding increase in tar.

'Enriched Flavor.' It's exclusive to MERIT. The cigarette with only 9 mg. tar, one of the lowest tar levels in smoking today.

MERIT MENTHOL is packed with 'Enriched Flavor' too. And in similar tests, 9 mg. MERIT MENTHOL was reported to deliver as much —*or more*—taste than the 11 mg. to 15 mg. tar menthol brands tested.

You've been smoking "low tar, good taste" claims long enough. Now smoke the cigarette.

MERIT.



MERIT and MERIT MENTHOL
